Godsdienst In De Gouden Eeuw:

Onze gouden Eeuw, 1897 *The Miracle of Amsterdam* Charles Caspers, Peter Jan Margry, 2019-05-31 The Miracle of Amsterdam presents a cultural biography of a Dutch devotional manifestation According to tradition on the night of March 15 1345 a Eucharistic host thrown into a burning fireplace was found intact hours later A chapel was erected over the spot and the citizens of Amsterdam became devoted to their Holy Stead From the original Eucharistic processions evolved the custom of individual devotees walking around the chapel while praying in silence and the growing international pilgrimage site contributed to the rise and prosperity of Amsterdam With the arrival of the Reformation the Amsterdam Miracle became a point of contention between Catholics and Protestants and the changing fortunes of this devotion provide us a front row seat to the challenges facing religion in the world today Caspers and Margry trace these transformations and their significance through the centuries from the Catholic medieval period through the Reformation to the present day **Catholic Survival**

in the Dutch Republic Genji Yasuhira, 2025-10-01 Even in adversity Catholics exercised considerable agency in post Reformation Utrecht Through the political practices of repression and toleration Utrecht's magistrates under constant pressure from the Reformed Church attempted to exclude Catholics from the urban public sphere However by mobilizing their social status and networks Catholic Utrechters created room to live as pious Catholics and honourable citizens claiming more rights in the public sphere through their spatial practices and in discourses of self representation This book explores how Catholic priests and laypeople cooperated and managed to survive the Reformed regime by participating in a communal process of delimiting the public continuing to rely on the medieval legacy and adapting to early modern religious diversity Deploying their own understandings of publicness Catholic Utrechters not only enabled their survival in the city and the Catholic revival in the Dutch Republic but also contributed to shaping a multi religious society in the Northern Netherlands

Patrons of the Old Faith Jaap Geraerts, 2018-09-24 Patrons of the Old Faith is the first full length study on the Catholic nobility in the Dutch Republic Based on a detailed prosopographical analysis and through the examination of their marriage strategies interaction with Protestants religiosity and contributions to the Holland Mission Jaap Geraerts shows how the behaviour of the Catholic nobility was highly distinctive and differed from their co religionists and Protestant peers as it was influenced by a specific set of noble and Catholic values Due to the synthesis of their noble and confessional identities the Dutch Catholic nobility in Utrecht and Guelders acted as patrons of their faith and were instrumental for the survival of Catholicism in the Dutch Republic *De godsdienst der oude Noormannen.
