God Is Not Religious Nice One Of Us An American A Capitalist:

God Is Not... D. Brent Laytham, 2004-07 Takes on culturally formed misconceptions about who God is by boldly stating who God is not Chosen Nation Braden P. Anderson, 2012-01-05 Christian teaching and modern sensibilities both eschew nationalism as an extreme fanatical form of patriotism an excessive or disordered form of an otherwise healthy and proper national identity But what if the problem of nationalism is something much more fundamental What if nationalism is actually the process leading to national identity in the first place And what happens when this process entails selectively appropriating and reinterpreting the Christian tradition for the sake of the envisioned nation This book takes up these questions within the context of American Christian nationalism Here the process of interweaving the Christian narrative with American history and myth is examined in depth through a thorough engagement with scholarship on nationalism and within a framework shaped by contemporary theopolitical studies and the biblical narrative The study aims to discern how the Christian Scriptures and theological tradition have been used by Christians themselves to further what amounts to an alternative gospel In so doing this book charts a path for the church to evaluate itself honestly in light of Christ's lordship repent and learn to tell its story more truly **Sermons from the National Cathedral** Samuel T. Lloyd III, 2013-04-04 Washington National Cathedral stands in an unparalleled position at the intersection of religious faith and public life in America and has been called the spiritual home for the nation Dean Samuel T Lloyd III occupied its massive Canterbury pulpit as dean during an often turbulent period in the nation and rapid changes in American religious life In *Sermons from the National Cathedral* Dean Lloyd provides a compelling vision of an intellectually alive publicly engaged Christian faith a vision of the Christian life rooted in ancient teaching Readers will find the sermons engaging and appreciate that Dean Lloyd takes seriously the experiences of doubt and searching that are so much a part of the modern religious experience of our time He successfully demonstrates the positive role faith can play in public life and addresses the questions and challenges faith must face in the twenty first century These soundings as Lloyd calls them illumine the full spectrum of Christian belief while also addressing such issues as the difficulty of faith the relationship between science and faith the mystery of suffering the necessity of forgiveness the meaning of the cross the urgency of reconciliation and the call to care for the earth These reflections will appeal to traditional Christians seeking spiritual enrichment and are accessible to those seeking answers to how their faith fits into our modern world *Church, Sacrament, and American Democracy* Adam S. Borneman, 2011-03-07 John Williamson Nevin architect of the nineteenth century movement the Mercersburg Theology has increasingly gained respect as one of the most important theologians of American history and the broader Reformed tradition Accompanied by the great historian Philip Schaff Nevin faced a headwind of American individualism subjectivism and sectarianism but nevertheless forged ahead in articulating a churchly sacramental theology rooted in the Incarnation of Jesus Christ Drawing from the well of German Idealism and Romanticism Nevin proposed a theological hermeneutic that was greatly at odds with

the prevailing methods of his day Nevertheless Nevin persisted in his efforts confident that the concepts of organic unity catholicity and incarnation offered a vital corrective to the tendencies of the American church and society Hence Nevin's theological polemics while often focused on matters of ecclesiology and sacraments also have much to offer in the way of a much broader theology of history mankind and culture In this latest contribution to studies in the Mercersburg Theology Borneman extracts from the Nevin corpus those writings which speak to the predominant social and political trends of the antebellum era trends which have endured to the present day Nevin's efforts toward a liturgically oriented unified prophetic church stood over and against many of these trends Bringing to the fore the implications of Nevin's efforts Borneman joins a chorus of recent scholars and theologians who insist that Nevin has just as much to say to the church of the present as he did to the church of the nineteenth century **Conversations with Barth on Preaching** Bishop William H.

Willimon, 2010-09-01 One of today's greatest preacher theologians engages one of the twentieth century's greatest teacher theologians on the meaning of preaching Readers of William H Willimon's many books have long found there the influence of Karl Barth probably the most significant theologian of the twentieth century In this new book Willimon explores that relationship explicitly by engaging Barth's work on the pitfalls and problems glories and grandeur of preaching the Word of God The Swiss theologian says the author expressed one of the highest theologies of preaching of any of the great theologians of the church Yet too much of Barth's understanding of preaching lies buried in the Church Dogmatics and other sometimes obscure sources Willimon brings this material to light introducing the reader to Barth's thought not just on the meaning but the practice of preaching as well **The Turn to Transcendence** Glenn W. Olsen, 2012-07-30 Phenomenal A must read for us who desire to topple the dictatorship of relativism and culture of death and replace it with the only alternative The Imaginative Conservative Especially concerned with the public nature of religion historian Glenn W Olsen author of Christian Marriage A Historical Study and On the Road to Emmaus The Catholic Dialogue with American and Modernity sets forth an exhaustively researched and persuasive account of how religion has been reshaped in the modern period The Turn to Transcendence traces both the loss of transcendence and attempts to recover it while making its own proposals Neither reactionary nor modernist it questions how under conditions of modern life some form of the sacred and some form of the secular might both flourish at the same time But it also provides a warning that a religion unable to maintain itself with its own overt architecture language and calendars against an enveloping secular culture is destined for oblivion Glenn Olsen's book could hardly be more pivotal or insightful Confronting the growing amnesia regarding culture's religious origin and transcendent purpose Olsen proves both a masterful cartographer of modernity and a visionary of a culture that encourages and enables us to seek beyond ourselves Carl A Anderson Supreme Knight of the Knights of Columbus A brilliant book It rests on an amazing amount of scholarship that is wide ranging in history literature art science music theology and philosophy James Hitchcock professor of history St Louis University **T&T Clark Companion to the**

Christian Preaching Michael Pasquarello III, 2011-06-28 Michael Pasquarello has written a must read book articulating a Trinitarian vision for preaching His compelling argument is richly informed by traditional biblical hermeneutics creedal history understood as storied attestation of the witness of Scripture and liturgical theology and practice considered as embodied performance of the Bible s divine narrative Here is a clear summons to the church to abandon all lesser homiletic aims and to prayerfully and faithfully proclaim the holy gospel to the glory of God Charles L Bartow Princeton Theological Seminary Like all of Michael Pasquarello s work his newest book not only upholds the classical Christian tradition but also breathes new vitality into it In an era in which preaching is reduced to persuasive communication Pasquarello reminds us that the Christian message has a content that originates in and gives expression to the Father Son and Holy Spirit Richard Lischer Duke Divinity School One of the refreshing things about this fine book by Michael Pasquarello is that when he thinks about the ministry of preaching he is not afraid to measure the breadth historically or plumb the depths theologically Pasquarello has written this book like a good sermon faithfully thoughtfully prayerfully and with a profound word to speak We are in his debt Thomas G Long Candler School of Theology Boldly challenging homiletical accommodation to American culture Pasquarello seeks to change the subject of preaching from method and marketing to the Triune God who is the source and goal of our speech A welcome theological vision of preaching Charles L Campbell Columbia Theological Seminary Christian Preaching brings together two

disciplines that have sadly grown apart such that they almost developed irreconcilable differences preaching and theology Pasquarello offers a brilliant critique of theology as technique and draws on the theology and sermons of Irenaeus Augustine Luther Wesley and others convincingly demonstrating that effective pragmatic preaching requires substantive theological engagement and vice versa This book accomplishes its purpose so well that it should be used not only in preaching courses but also in basic theology courses No preacher should be let loose on a congregation without passing through Pasquarello's Christian Preaching D Stephen Long Marquette University Mike Pasquarello III PhD University of North Carolina Chapel Hill is Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary He is the author of Sacred Rhetoric Preaching as a Theological and Pastoral Practice of the Church

Who Do You Say I Am? George Kalantzis, David B. Capes, Ty Kieser, 2020-03-06 Human existence is a bodily existence A first principle of historic Christianity has been that Jesus assumed our humanity and everything essential to it in order that God may redeem all of our existence Christ is the revelation of God and the revelation of true humanity As we seek to understand our embodied experiences of the world and one another we do so in light of the embodied life of Jesus Christ Jesus's humanity shows us what it means to live an embodied human life rightly and how we as embodied human beings can relate to the world around us In this book we invite readers to explore with us why the humanity of Jesus is central to the Christian understanding of community society salvation and life with God Over the span of these ten chapters this book draws from biblical historic and cultural discussions as it enters into the breadth of the significance of the humanity of Jesus and explores how the reality of the Incarnation challenges and redeems our broken social structures racial and ethnic divisions economic systems and sexuality

Disloyalty and Destruction Rob Barrett, 2010-04-01 The goal of the work is a heuristic reading strategy for a modern reader to engage with YHWH's threats against Israel in Deuteronomy This goal is accomplished in three steps First the biblical text is considered through close reading to discern the logic of YHWH's threats what motivates the threats what form the threats take and what effect the threats expect to produce Second a modern analogy is sought that most helpfully matches the structure and logic observed in the biblical text A number of common modern analogies for the divine human relationship e.g. parent child master slave husband wife are deemed unhelpful because they cannot support the features of the biblical pattern However the threats of the modern state against those who threaten it are found to bear significant resemblance Finally this analogy is developed for each of several significant passages of Deuteronomy In order to justify and substantiate the analogy this book examines the religious and political background surrounding both Deuteronomy and the modern state through historical reflection Since there are significant differences between the religious political situations sociological perspectives are used to provide patterns that can be applied within both the ancient and modern contexts Finally although the focus of the work is on establishing an analogy between YHWH's threats and those of the modern state the book dedicates one chapter to discussing dissimilar features to avoid overemphasizing the similarity between the two

The Poetics of Grace: Christian Ethics as Theodicy Jeph Holloway,2013-04-09 What is God doing about a world marked by conflict and division What about a world in which our technologies promise great good but also threaten our existence What is God doing in a world where the demands for accumulation and acquisition create division and despair Can Christians hope to be of positive influence in a world that does not always support reflect or even understand Christian commitments Christian ethics often raises such questions as these and the possible answers vary widely Paul s Letter to the Ephesians is a tremendous resource for exploring a faithful response to perhaps the toughest question of all what is God doing about evil The role of Christian ethics is to take seriously the challenge that whatever God is doing God calls us to participate in a distinctive task that embraces our own commitments and labors within the divine purpose Ephesians says that God has taken the initiative to pursue that purpose and remarkably offers that we ourselves are part of the answer to the question what is God doing about evil
