Goddesses Whores Wives And Slaves Women In Classical Antiquity:

Goddesses, Whores, Wives, and Slaves Sarah B. Pomeroy, 1975 Examines women s public and private lives roles activities and influences and their social economic legal political and literary status in the ancient Greek and Roman worlds from the late Bronze Age to the death of Constantine Goddesses, Whores, Wives, and Slaves Sarah Pomeroy, 2011-05-18 The first general treatment of women in the ancient world to reflect the critical insights of modern feminism Though much debated its position as the basic textbook on women's history in Greece and Rome has hardly been challenged Mary Beard Times Literary Supplement Illustrations Women in the Ancient World John Peradotto, John Patrick Sullivan, 1984-01-01 One of the reasons for the study of the Greek and Roman classics is their perpetual relevance In no area can this position be more clearly defended than in the investigation of the feminine condition for it was here that basic attitudes derogatory to the sex were molded by legal and social systems by philosophers and poets and by the thinking of men long since gone Women in the Ancient World brings together essays that examine philosophy social history literature and art and that extend from the early Greek period through the Roman Empire Their wide range of critical perspectives throws new light on the personal political socio economic and cultural position of women An Examination of the Isis Cult with Preliminary **Exploration Into New Testament Studies** Elizabeth A. McCabe, 2008 This work serves as an investigation of the Isis cult by tracing its development from Egypt into Greco Roman society The origin of the Isis cult is described by using the accounts of Plutarch Apuleius and Diodorus before examining the effects of Isis on Egyptian culture The Isis cult soon overflows into the Greco Roman world While this mysterious religion initially encounters opposition especially since it clashes with Roman patriarchal society it overcomes these limitations The relevance of Isis to New Testament studies is demonstrated by comparing similar Pauline practices to Isiac beliefs and practices The concepts of freedom salvation baptism and resurrection in Pauline Christianity overlap with Isiac beliefs The possibility of the Isis cult as an historical context is explored in the book of 1 Timothy which serves as an example of the intersection between the biblical text and the Egyptian cult of Isis Women Daily Life of Women Colleen Boyett, H. Micheal Tarver, Mildred Diane Gleason, 2020-12-07 in Classical Antiquity ,1999 Indispensable for the student or researcher studying women's history this book draws upon a wide array of cultural settings and time periods in which women displayed agency by carrying out their daily economic familial artistic and religious obligations Since record keeping began history has been written by a relatively few elite men Insights into women s history are left to be gleaned by scholars who undertake careful readings of ancient literature examine archaeological artifacts and study popular culture such as folktales musical traditions and art For some historical periods and geographic regions this is the only way to develop some sense of what daily life might have been like for women in a particular time and place This reference explores the daily life of women across civilizations The work is organized in sections on different civilizations from around the world arranged chronologically Within each society the encyclopedia highlights the roles of women within five

broad thematic categories the arts economics and work family and community life recreation and social customs and religious life Included are numerous sidebars containing additional information document excerpts images and suggestions for further reading The Education of Women in the United States Averil Evans McClelland, 2014-07-16 This is a comprehensive interdisciplinary survey of the education of girls and women in the United States from the Colonial period to the present After identifying historical themes in the education of women beginning in Greece and Rome and later in medieval and Enlightenment Europe this source book discusses the education of women in Colonial and Revolutionary times The book concludes with material on transforming school and college curricula on feminist pedagogy and on research opportunities for the future Each chapter is followed by an annotated bibliography of English language books and articles Voiceless, Invisible, and Countless in Ancient Greece Samuel D. Gartland, David W. Indexes are provided Tandy, 2024 This volume brings together an international group of scholars to explore the experiences of subordinates and the nature of their subordination in ancient Greece The work focusses on improving techniques for witnessing the lives of such groups understanding their common experiences and through these seeing their common humanity Athenian Political Thought and the Reconstitution of American Democracy J. Peter Euben, John R. Wallach, Josiah Ober, 2018-07-05 In the contemporary United States the image and experience of Athenian democracy has been appropriated to justify a profoundly conservative political and educational agenda Such is the conviction expressed in this provocative book which is certain to arouse widespread comment and discussion What does it mean to be a citizen in a democracy Indeed how do we educate for democracy These questions are addressed here by thirteen historians classicists and political theorists who critically examine ancient Greek history and institutions texts and ideas in light of today's political practices and values They do not idealize ancient Greek democracy Rather they use it with all its faults as a basis for measuring the strengths and shortcomings of American democracy In the hands of the authors ancient Greek sources become partners in an educational dialogue about democracy s past one that goads us to think about the limitations of democracy s present and to imagine enriched possibilities for its future The authors are diverse in their opinions and in their political and moral commitments But they share the view that insulating American democracy from radical criticism encourages a dangerous complacency that **Athenian Political Thought and the Reconstruction of American Democracy** Athenian political thought can disrupt J. Peter Euben, John R. Wallach, Josiah Ober, 1994 A collection of essays on Athenian democracy organized in three sections on situating the Athenian democracy in relation to various regimes exploring how discourse in democratic Athens displayed awareness of democracy s limitations and creating direct dialogues between the discourse of Athenian democracy and that of contemporary thought Annotation copyright by Book News Inc Portland OR The Reign of the Phallus Eva C. Keuls, 1993-04-27 At once daring and authoritative this book offers a profusely illustrated history of sexual politics in ancient Athens where the phallus dominated almost every aspect of public life Complementing the text are 345 reproductions of

Athenian vase paintings depicting the phallus Women Through Time: Re-evaluating Ancient, Traditional, Modern, and Contemporary Feminine Ideals KHRITISH SWARGIARY, 2024-10-01 The subject of women s roles throughout history has been extensively debated with each era bringing forth its own interpretation of what it means to be a woman This book Women Through Time Re evaluating Ancient Traditional Modern and Contemporary Feminine Ideals dares to question the prevailing assumption that the most recent forms of womanhood are necessarily the most liberating or empowered Instead this work examines the evolution of women s roles across four major historical periods ancient traditional modern and contemporary and challenges the reader to consider which era truly offered women the greatest sense of fulfillment purpose and societal value The inspiration for this book arose from a growing dissatisfaction with mainstream narratives that often dismiss traditional and ancient forms of womanhood as merely repressive or regressive Modern discussions of gender equality and empowerment tend to overlook the nuanced ways women have historically wielded power influenced culture and shaped their communities My goal with this book is not to diminish the achievements of modern women s rights movements but to reframe the conversation around what it means to live as a successful woman in society Through detailed analysis this work aims to give fair consideration to each form of womanhood be it as an ancient priestess a traditional homemaker a modern feminist or a contemporary activist Women and Spirituality Ursula King, 1993-07-21 Taking a critical look at feminism and exploring its explicit and implicit spiritual dimensions this revised and updated new edition of Women and Spirituality engages in a reflective dialogue with contemporary women s voices It asks to what extent patriarchal oppression and androcentric thinking are inherent not only in Christianity but in all religious beliefs practices and institutions This is the only book which provides a comprehensive survey of current discussions in feminist theology and spirituality and offers a wide ranging account of women and world religions and raising thought provoking questions about the spiritual dimensions of human life Reading the Letter to Titus in Light of Crete Michael Robertson, 2023-11-20 This volume argues that Titus s invocation of Crete affected the ways early readers developed their identities Using archaeological data classical writings and early Christian documents he describes multiple traditions that circulated on Crete and throughout the Roman Empire concerning Cretan Zeus Cretan social structure and Cretan Judaism He then uses these traditions to interpret Titus and explain how the letter would intersect with and affect readers identities Because readers had differing conceptions of Crete based on their location and access to and evaluation of Cretan traditions readers would have developed their identities in multiple conflictual even contradictory ways **Slavery in Early Christianity** Jennifer A. Glancy, 2002-03-14 Slavery was widespread throughout the Mediterranean lands where Christianity was born and developed Though Christians were both slaves and slaveholders there has been surprisingly little study of what early Christians thought about the realities of slavery How did they reconcile slavery with the Gospel teachings of brotherhood and charity Slaves were considered the sexual property of their owners what was the status within the Church of enslaved women and young male slaves who were their

owners sexual playthings Is there any reason to believe that Christians shied away from the use of corporal punishments so common among ancient slave owners Jennifer A Glancy brings a multilayered approach to these and many other issues offering a comprehensive re examination of the evidence pertaining to slavery in early Christianity Drawing on a wide variety of sources Glancy situates early Christian slavery in its broader cultural setting She argues that scholars have consistently underestimated the pervasive impact of slavery on the institutional structures ideologies and practices of the early churches and of individual Christians The churches she shows grew to maturity with the assumption that slaveholding was the norm and welcomed both slaves and slaveholders as members Glancy draws attention to the importance of the body in the thought and practice of ancient slavery To be a slave was to be a body subject to coercion and violation with no rights to corporeal integrity or privacy Even early Christians who held that true slavery was spiritual in nature relied ultimately on bodily metaphors to express this Slavery Glancy demonstrates was an essential feature of both the physical and metaphysical worlds of early Christianity The first book devoted to the early Christian ideology and practice of slavery this work sheds new light on the world of the ancient Mediterranean and on the development of the early Church Nemesis David Stuttard, 2018-04-16 Alcibiades was one of the most dazzling figures of Athens Golden Age A friend of Socrates he was spectacularly rich bewitchingly handsome and charismatic a skilled general and a ruthless politician He was also a serial traitor David Stuttard tells a spellbinding story of Alcibiades life and the turbulent world he set out to conquer Oxford Handbook of Ancient Greek Religion Esther Eidinow, Julia Kindt, 2015-10-01 This handbook offers both students and teachers of ancient Greek religion a comprehensive overview of the current state of scholarship in the subject from the Archaic to the Hellenistic periods It not only presents key information but also explores the ways in which such information is gathered and the different approaches that have shaped the area In doing so the volume provides a crucial research and orientation tool for students of the ancient world and also makes a vital contribution to the key debates surrounding the conceptualization of ancient Greek religion The handbook's initial chapters lay out the key dimensions of ancient Greek religion approaches to evidence and the representations of myths The following chapters discuss the continuities and differences between religious practices in different cultures including Egypt the Near East the Black Sea and Bactria and India The range of contributions emphasizes the diversity of relationships between mortals and the supernatural in all their manifestations across between and beyond ancient Greek cultures and draws attention to religious activities as dynamic highlighting how they changed over time place and context A Companion to the Archaeology of Religion in the Ancient World Rubina Raja, Jörg Rüpke, 2020-01-09 A Companion to the Archaeology of Religion in the Ancient World presents a comprehensive overview of a wide range of topics relating to the practices expressions and interactions of religion in antiquity primarily in the Greco Roman world Features readings that focus on religious experience and expression in the ancient world rather than solely on religious belief Places a strong emphasis on domestic and individual religious practice

Represents the first time that the concept of lived religion is applied to the ancient history of religion and archaeology of religion Includes cutting edge data taken from top contemporary researchers and theorists in the field Examines a large variety of themes and religious traditions across a wide geographical area and chronological span Written to appeal equally to archaeologists and historians of religion The Oxford Encyclopedia of the Bible and Gender Studies Julia M. O'Brien, 2014 As the first major encyclopedia of its kind The Oxford Encyclopedia of the Bible and Gender Studies OEBGS is the go to source for scholars and students undertaking original research in the field Extending the work of nineteenth and twentieth century feminist scholarship and more recent gueer studies the Encyclopedia seeks to advance the scholarly conversation by systematically exploring the ways in which gender is constructed in the diverse texts cultures and readers that constitute the world of the Bible With contributions from leading scholars in gender and biblical studies as well as contemporary gender theorists classicists archaeologists and ancient historians this comprehensive reference work reflects the diverse and interdisciplinary nature of the field and traces both historical and modern conceptions of gender and sexuality in the Bible The two volume Encyclopedia contains more than 160 entries ranging in length from 1 000 to 10 000 words Each entry includes bibliographic references and suggestions for further reading as well as a topical outline and index to aid in research The OEBGS builds upon the pioneering work of biblically focused gender theorists to help guide and encourage further gendered discussions of the Bible **Encyclopedia of Motherhood** Andrea O'Reilly, 2010-04-06 In the last decade the topic of motherhood has emerged as a distinct and established field of scholarly inquiry A cursory review of motherhood research reveals that hundreds of scholarly articles have been published on almost every motherhood theme imaginable The first ever on the topic this Encyclopedia of Motherhood helps to both demarcate motherhood as a scholarly field and an academic discipline and to direct its future development With more than 700 entries these three volumes provide information on the central terms concepts topics issues themes debates theories and texts of this new discipline Further the encyclopedia examines the topic of motherhood in various contexts such as history and geography and by academic discipline Key Features Provides an overview of the topic of motherhood in many and diverse disciplines such as anthropology sociology psychology and philosophy Examines the meaning and experience of motherhood in many time periods from classic civilizations to present day Includes an entry for all the influential theorists of maternal scholarship from the pioneering theories to the more recent writings Covers issues and events of our current times including entries on the mommy blog the motherhood memoir terrorism reproductive technologies HIV AIDS and LGBT families Explores geographical cultural and ethnic diversity with an entry for almost every country in the world as well as entries on lesbian immigrant adoptive single nonresidential young poor mothers and mothers with disabilities Key Themes History of Motherhood Issues in Motherhood Motherhood and Family Motherhood and Health Motherhood and Society Motherhood Around the World Motherhood in the United States Motherhood Studies Prominent Mothers In human society few institutions are as important as motherhood and

this unique encyclopedia captures the interdisciplinary foundation of the subject in one convenient reference The scope of the Encyclopedia of Motherhood is focused on providing a comprehensive resource to understanding the complexities of motherhood for academic and public libraries written by scholars and institutional experts in the social and behavioral sciences

The Top Books of the Year Goddesses Whores Wives And Slaves Women In Classical Antiquity The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. Goddesses Whores Wives And Slaves Women In Classical Antiquity: Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best: Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Goddesses Whores Wives And Slaves Women In Classical Antiquity: Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
