Gods Letter To America:

America's God and Its Founding Fathers Jerry R. Self, 2009-05 Author Jerry R Self examines the writings and teachings of our Founding Fathers and how their Christian values and principles helped birth this great nation Self argues that in order to remain a strong Republic Americans must reestablish the very religious values that built this land into a free and prosperous country Letter of Paul to the Americans Nicholas F. Mazza, 2020-03-31 Paul s message to American Christians and America No one conceived is a mistake You are divinely wanted by God At the time of your conception you were endowed with a unique spirit or soul that no one else could ever possess This unique spirit is a part of the image and likeness of God You share in the life of God Abortion is the preeminent issue in American culture today It can not be placed in the closet of our minds and hearts as though it is someone s else s problem Each gift of life which is complete and personally crafted by the Creator is the ultimate manifestation of divine thought and love Racism today and abortion both degrade the divine will for all human life America is a nation established for a divine mission that can change the face of the earth and the direction for humanity worldwide Mothers the child in your womb has a right to life a right to dream and a right to be free Plain and simple **The Majesty of God's Law: Its Coming to America** , The Majesty of God s Law is a study of the history and development of the only system of law which was revealed by God himself That is why it is called God s Law The Psalmist described the supreme excellence of God s law when he said The law of the Lord is perfect converting the soul the testimony of the Lord is sure making wise the simple The statutes of the Lord are right rejoicing the heart the commandment of the Lord is pure enlightening the eyes Psalms 19 7 8 The entire code of God s law is carefully enunciated in the five chapters of this book Under this judicial system there are only about a hundred statutes required to govern a community state a nation and the world But this is only possible when these laws are in the hands of the wise and virtuous judges In order to make the system work the people must be taught the law and then they must enter into a solemn covenant to honor and sustain the precepts When Moses gave this law to the ancient Israelites he said it could make them most peaceful prosperous and powerful people in the World However it was revealed to Moses that the people of the age would violate its precepts He then learned that it would not be until the latter days that this law would be lived the way it was originally designed The American Founding Fathers picked up on that promise because it appeared to them that it would be in this choice land where this great promise would one day be fulfilled Nevertheless they recognized that the Constitution was the indispensable foundation for such an inspired system of prosperity justice and peace When they saw the Constitution would gradually unravel they knew that this character of liberty would have to be restored in all its pristine power by some future generation And they knew this would have to occur before God s law could be inaugurated Someday God s law is coming to America It could come rapidly after a period of cleansing and reform even in our day And since Moses said it would eventually transpire there needs to be a generation of Americans trained and motivated to put it into effect Dr Skousen has

prepared this present study in hopes that it might be of assistance *America's Vision Vs. God's Standard of Justice* Walt Thrun, 2015-09-28 This book examines God's standard of righteousness and justice as revealed to the nation of Israel and then compares those standards with America's progressive vision. It discusses this nation's three major branches of government: executive, legislative, and judicial, relative to America's perception of national authority and justice. It also considers specific contemporary domestic economic and foreign policy issues to determine if America's priorities compare with God's revealed standards. A major Scripture reference will be Now all these things happened to them Israelites as examples and they were written for our admonition upon whom the ends of the ages have come 1 Corinthians 10:11. A comprehensive chapter on the Middle East entitled The Fertile Crescent Geographic Center of Prophecy presents biblical evidence that this age will end where it all began. The study also offers in this context a unique perspective on the final world kingdom based on both biblical prophecy and Islamic literature. More than five hundred Scripture passages containing more than one thousand verses are referenced and quoted from twenty-six books of the Old Testament and twenty-four books of the New Testament. This book is ideally suited for group Bible studies in addition to enhancing individual understanding of the requirements for national success based on biblical teachings **America's Rise to Greatness Under God's Covenant** Miles Huntley

Hodges, 2020-04-26 This book is part of a three-part series on America as a Covenant Nation. This volume covers from the rise of America's industrial revolution in the late 1800s to America's taking the position in the Cold War 1950s as the leader of the Free World. It is a typical social, political, economic, and military history of America, untypical, however, in how it connects the intellectual, moral, and spiritual character of America with those same social events. It takes the reader through the days of Western imperialism, World War One, the Roaring Twenties, the Great Depression, World War Two, the beginning of the Cold War, and finally the age of Middle America's grand success, the 1950s. It focuses heavily on the leaders, most frequently the country's presidents, and how their own personal spirituality shaped their times and the way the Christian community in particular responded to both the social challenges facing it and the spiritual leadership attempting to inspire and guide it. It seeks to give the Christian reader or Secular reader, if he or she is willing to be challenged, a highly detailed knowledge of the historical path, social and spiritual, that has brought us to today's world and its enormous challenges **American Gods: Shadows #6** Neil Gaiman, P. Craig Russell, 2017-08-16 As Wednesday attempts to rally his fellow gods to fight, Shadow is kidnapped by men in black, Mr. Wood and Mr. Stone, who brutally interrogate and beat him for answers on the coming god war.

The Hugo, Bram Stoker, Locus, World Fantasy, and Nebula Award-winning novel and upcoming Starz television series by Neil Gaiman is adapted as a comic series for the first time. Callister, 2023-07-10 America s Destiny sets forth compelling evidence of America s divine origin and destiny that it was a nation founded upon divine providence not coincidence as testified repeatedly by the Founding Fathers respected historians and statesmen This revised edition also adds numerous scriptures and statements from prophets of God attesting to this truth With that perspective America s Destiny asks the question that should be on all of our minds What is the greatest challenge facing our nation today and how should we confront it in a way that pleases God The economy national security immigration gun control poverty racism crime national pandemics climate change While each of these is a valid concern and deserves attention none of them strikes at the heart of our greatest challenge namely finding a way to build stronger homes and bring about a return to family God and moral values To put our prime focus on challenges other than these is to strike at the leaves not the root of the problem It is now our choice and America s choice to place our trust in the wisdom of God or the wisdom of the world to be a nation under God or without God If we become a nation under God then we become eligible to receive the promise Blessed is the nation whose God is the Lord Psalm 33 12 *America's God* Mark A. Noll, 2002-10-03 Religious life in early America is often equated with fire and brimstone Puritanism yet by the nineteenth century Americans had moved away from the severe European traditions of which Puritanism was the most influential In its place arose a singularly American set of beliefs marked by heightened spiritual inwardness a new confidence in individual reason and an attentiveness to the economic and market realities of Western life In America s God Mark Noll has given us the definitive

history of Christian theology in America from the time of Jonathan Edwards to the presidency of Abraham Lincoln One Nation Under God: The Virtues That Made America Jerry M. Roper PhD, 2024-05-10 Virtues are the foundation of Western civilization They are ancient Their value and significance cannot be overstated Virtues afford incredible beauty to the lives of all who practice them and the society that honors respects and teaches virtue to each generation is a society that flourishes Sadly in our rush into 21st Century modernism America has overlaid our foundation of sturdy virtues with high sounding principles seemingly noble but empty values and an anemic Christianity These are flimsy substitutes for wisdom courage hope love and all the other virtues that are the true foundation of America In *One Nation Under God The Virtues That Made America* we will meet virtuous men and women and hear how their stories contributed to the making of America Certainly we will meet some of America s Founding Fathers but we will also hear the stories of common everyday folks whose virtue is the mortar that binds together the nation s foundation It s time for a new generation of Americans to hear these true stories and know that the virtues made America **American State Papers** United States. A. Bouma, 2018-12-04 The separation of Church and State The authentic Christian faith Never more at risk Ex Ranger turned professor Silas Grey is at an all time low His career is in jeopardy the woman he cares about is in the hospital and there s a presidential election upending the status quo a three way race between a Catholic Democrat a Mormon Republican and an Evangelical Independent So when a former classmate shows up with a mysterious medallion with ancient markings of conflicting origin he knows trouble is on the horizon He also knows exactly whom to call the ancient religious Order of Thaddeus protector of the Christian faith stretching back two millennia But when the election takes a remarkably dramatic turn it becomes apparent that a conspiracy threatens not only America but also the Church And the mystery medallion is revealed to be rooted in a more explosive origin stretching back to the early decades of America s founding and the founding of the Church of Jesus Christ of Latter day Saints Silas and the Order s SEPIO operatives embark on a timely mission ripped from the headlines to protect the integrity of the authentic Church Not only that whether they succeed or fail will have national stakes as the country straddles the knife edge separation of Church and State In a race against the election clock will they succeed before that separation is breached and religious confusion floods the nation Once again emerging author J A Bouma weaves a tale that leverages the familiar elements of Dan Brown s religious conspiracy and James Rollin s special ops suspense informed by Steve Berry s historical insights delivering an explosively gripping political
