Century Dictionary and Cyclopedia: The Century dictionary William Dwight Whitney, Benjamin Eli Smith, 1897 *War, Survival Units, and Citizenship* Lars Kaspersen, 2020-10-15 In this ground breaking book the author proposes a new theory of state formation based upon a rethinking of the nexus war state and citizenship He seeks to move beyond explanations provided by traditional approaches by discussing and presenting alternative state society and state theories arguing that a relational processual understanding of the states has been neglected in existing literature The book begins with a critical discussion of the concept of the state and society in social and political theory The author suggests an alternative theoretical methodological framework based upon German relational theory such as Hegel Clausewitz Carl Schmitt and in particular Norbert Elias Drawing upon the concepts of survival unit and figuration the book provides a political historical and sociological comparative analysis of the relation between war state and citizenship in France England and Germany from the Middle Ages to the mid 17th century with emphasis on the 16th and 17th centuries In addition the book addresses two puzzles in social theory First the author addresses the question why is the world divided into a multiple number of units Will it remain like this or can we expect one unit one world state in the future Second the author looks into why and how this divided world is maintained what makes the demarcation between states and how is this demarcation upheld The issues discussed in the book are central to political and historical sociology and will be of interest to scholars and students working in both these fields as well as to those working in political science and IR social theory and history **The Hanse in Medieval and Early Modern Europe** Justyna Wubs-Mrozewicz, Stuart Jenks, 2012-12-07 The Hanse in Medieval and Early Modern Europe discusses new research on this unique organization of towns and traders and places the findings in the broader context of European economic legal and social history *Library of Congress Subject Headings* Library of Congress.
