Miniature Poodle Ilya Sid, 2021-06-25 Miniature Poodles are larger than their Toy Poodle counterparts but smaller than the Standard Poodle. Over the years they have remained a popular choice as both companions and family pets in the USA and elsewhere in the world thanks to their charming looks and kind, loyal natures. They don't shed which is another bonus of sharing a home with a Miniature Poodle although their coats do need quite a lot of attention when it comes to keeping them looking good and in top condition which adds to the cost of owning one of these delightful little dogs. They form extremely strong bonds with their owners and families never liking to be left on their own for any length of time which can lead to separation anxiety and why Miniature Poodles are better suited to people who work from home or to households where one person stays around when everyone else is out. Find out more about this wonderful breed in my book.
