learning the ropes or an experienced trader looking to get in early on tomorrow's up and coming corporations you'll find that others just like you are already involved in the smallest stocks. Of course the rules for penny stocks are a little different from other investment types. There are certain risks and pitfalls that could cost you. Thankfully most of these are easily avoidable especially if you've read *Invest in Penny Stocks* in its entirety. You can protect yourself even more by performing Leeds Analysis on any penny stock you're interested in and by applying the same research to that company's competitors for comparison purposes. Hopefully the tactics detailed in this book will get you over the penny stock phobia from which most investors suffer. Involved in small stocks because they bought the wrong stocks at the wrong times and for the wrong reasons. In contrast to this while dumb decisions and phobias keep some investors out of the penny stock arena there are many who've been playing the game right. They're the ones investing in the right stocks at the right times and for the right reasons. They're the ones using Leeds Analysis to research their options. They're the ones making fortunes by trading penny stocks. The good news is that you can get started easily. If you've read through this entire book then you've been introduced to all the concepts needed to become a successful penny stock investor. From paper trading to getting a good broker from the best markets to due diligence you've covered it all. Most importantly you've been introduced to Leeds Analysis. By applying it to investments that you may be interested in you'll be significantly ahead of other investors. You'll avoid those common pitfalls that take some traders out of the game and profit from tremendous. Delving into a company from a fundamental analysis perspective tells even more. First there's the financials which reveal the health and momentum of a corporation from both past and present perspectives. Then you can get even more granular and review the financial ratios which allow very valuable comparisons to other companies of all sizes and produce many very telling results. Yet fundamental analysis goes even deeper. From reading press releases to reviewing legal battles from researching the share structure to looking into insider trading you can learn almost everything there is to know about a company.

What is Penny stocks? Penny Stocks square measure those that trade at terribly low value and features a low capitalisation whereas there's no straightforward definition penny stocks in Bharat typically trade at Rs zero 05 to Rs ten per share people invest in these penny stocks and lose cash as their share value is very unsteady. Pennystocking that's what you're all here for right therefore what's pennystocking? Well pennystocking is that the game of commercialism penny stocks or stocks commercialism underneath 5 greenbacks a share in pursuit of profits. Forget price investment wherever you purchase positions in robust corporations and hold them for the semipermanent. Pennystocking is all concerning riding the waves of unlisted stock value moments the higher you learn to surf these waves the higher your profits are. Read this paragraph over and once more this is often important. This isn't investing this could be a game and you've got to appear at it sort of a game. How does one learn the game? In my expertise the 64000 reason why most traders lose cash and ninetieth of all traders can eventually lose cash is that they don't contemplate all the variables. You can't afford to create that mistake you've got to know however Wall Street
