Have You Seen My Country Lately Americas Wake Up Call:

Have You Seen My Country Lately? Jerry Doyle, 2010-04-03 I've seen my country lately Frankly I don't like what I see Nevertheless it's not too late to restore the great and unique wonder that is the United States We are the beacon of hope for the world and we will remain so as long as we stand up for our principles In keeping with his no holds barred on air style conservative radio talk show host Jerry Doyle has the guts to ask the tough questions about the state of our nation today In this informative entertaining and challenging narrative he urges Americans to take back the things that make our country great and delivers his hard hitting and oftentimes humorous spin on ECONOMIC FASCISM the rapid government domination that began with the egregious takedown of GM BAILOUTS the missteps wrong moves and rules of salary caps bank buy ins and bonuses that changed from day to day EDUCATION how our everybody wins obsession is destroying teaching and fostering an obnoxious self entitlement trend THE OBAMA PRESIDENCY will American capitalism survive this administration and much more If you like your politics straight up with a commonsense chaser and a shot of dry wit you'll be galvanized and enlightened by Jerry Doyle the man his story and his insights into America today

Tough Sell Tom Basile, 2017 Like the War on Terror the Media War rages on More than ever America's ability to fight and win against ISIS requires that we understand how best to communicate about war in the digital age Tom Basile takes readers behind the scenes during his time as a civilian advisor in Iraq during the Iraq War describing his mission and the struggle to communicate about the war as it became more deadly and less popular at home The U.S. led coalition wasn't merely engaged in a fight to build a more tolerant participatory society against incredible odds It was also in a constant clash with forces that influenced public perception about the mission During those difficult years it became clear that warfare was now more than ever a blend of policy politics and the business of journalism Basile critiques the media's reporting and assesses the Bush administration's home front communications strategy to argue that if policymakers fail to effectively articulate their strategy manage their message and counter misinformation they will find themselves unable to execute that policy That Basile argues places the United States at great risk Tough Sell blends Basile's personal story with lessons from the media war in Iraq that can improve our ability to communicate about and prosecute the War on Terror
