Keep The Men Alive Australian Pow Doctors In Japanese Captivity:

Keep the Men Alive Rosalind Hearder, 2020-07-22 The thing that haunts me most to this day is that blokes were dying and I could do bugger all about it do you look after the bloke who you know is going to die or the bloke who's got a chance Australian ex POW doctor 1999 During World War II 22 000 Australian military personnel became prisoners of war under the Japanese military Over three and a half years 8000 died in captivity in desperate conditions of forced labour disease and starvation Many of those who returned home after the war attributed their survival to the 106 Australian medical officers imprisoned alongside them These doctors varied in age background and experience but they were united in their unfailing dedication to keeping as many of the men alive as possible This is the story of those 106 doctors their compassion bravery and ingenuity and their efforts in bringing back the 14 000 survivors You are unfortunate in being prisoners of a country whose living standards are much lower than yours You will often consider yourselves mistreated while we think of you as being treated well Japanese officer to Australian POWs 1943 **The Changi Book** Lachlan Grant, 2015-08-01 The story of Changi told by those who lived through it In the tradition of *The Anzac Book* comes this fascinating collection of accounts of life in the notorious Changi prison camp Changi is synonymous with suffering hardship and the Australian prisoner of war experience in WWII It is also a story of ingenuity resourcefulness and survival Containing essays cartoons paintings and photographs created by prisoners of war *The Changi Book* provides a unique view of the camp life saving medical innovation machinery and tools created from spare parts and scrap black market dealings sport and gambling theatre productions and the creation of a library and university Seventy years after its planned publication material for *The Changi Book* was rediscovered in the Australian War Memorial archives It appears here for the first time along with insights from the Memorial's experts A moving insiders account of life in Changi Peter FitzSimons A fresh perspective on Changi illuminating stories from the inside Les Carlyon **Unsung Ordinary Men** Sally Dingo, 2010-11-01 After spending over three years in the horrific prisoner of war camps including those along the Thai Burma Railway Sally Dingo's father Max was one of the fortunate ones he came home And yet like most of the 22 000 Australian POWs of the Japanese he would not or could not talk about what happened with those closest to him It is also the story of Max's father Mort who had served in World War I the story of Max's cobbles the perhaps unique community of ex POWs who kept each other going and the story of the mothers wives and children who tried to understand what their men were still going through decades later This is the story of men unsung and ordinary who defended their country and were reluctant to tell the tale *Working in a world of hurt* Carol Acton, Jane Potter, 2015-07-01 *Working in a world of hurt* fills a significant gap in the studies of the psychological trauma wrought by war It focuses not on soldiers but on the men and women who fought to save them in casualty clearing stations hospitals and prison camps The writings by doctors nurses ambulance drivers and other medical personnel reveal the spectrum of their responses that range from breakdown to resilience Through a rich analysis of both published and

unpublished personal from the First World War in the early twentieth century to Iraq in the early twenty first Acton and Potter put centre stage the letters diaries memoirs and weblogs that have chronicled physical and emotional suffering many for the first time Wide ranging in scope interdisciplinary in method and written in a scholarly yet accessible style Working in a world of hurt is essential reading for lecturers and students as well as the general reader *Beyond Surrender* Joan Beaumont, Lachlan Grant, Aaron Pegram, 2015-06-01 Over the twentieth century 35 000 Australians suffered as prisoners of war in conflicts ranging from World War I to Korea What was the reality of their captivity Beyond Surrender presents for the first time the diversity of the Australian behind the wire experience dissecting fact from fiction and myth from reality Beyond Surrender examines the impact that different types of camps commandants and locations had on surrender survival prison life and the prospects of escape It considers the attitudes of Australian governments to those who had surrendered the work of relief agencies and the agony of families waiting at home for their husbands brothers and fathers to be freed Covering several conflicts and diverse sites of captivity Beyond Surrender showcases new research from Kate Ariotti Joan Beaumont Lachlan Grant Jeffrey Grey Karl James Jennifer Lawless Peter Monteath Melanie Oppenheimer Aaron Pegram Lucy Robertson Seumas Spark and Christina Twomey **Writing Australian History On-screen** Jo Parnell, Julie Anne Taddeo, 2023-02-15 Writing Australian History On screen Television and Film Period Dramas Down Under reveals the depths of Australian history from convict times to the present day The essays in this book are thematically driven and take a rounded historical cultural sociological psychological approach in analyzing the various selected productions In their analyses and interpretations of the topic the contributors interrogate the intricacies in Australian history as represented in Australian filmic period drama taken from an Australian perspective Individually and together as a body of authors they highlight past issues that despite the society s changing attitudes over time still have relevance for the Australia of today In speaking to the subject the contributing writers show a keen awareness that addressing new areas arising from the humanities is key to learning and hence to developing an understanding of the Australian culture the society and sense of the ever unfurling flag of an Australian something that is not yet a national identity **Surviving the Great War** Aaron Pegram, 2020 Surviving the Great War is the first detailed analysis of Australians in German captivity in WW1 By placing the hardships of prisoners of war in a broader social and military content this book adds a new dimension to the national wartime experience and challenges popular representations of Australia s involvement in the First World War **Sport, War and Society in Australia and New Zealand** Martin Crotty, Robert Hess, 2018-02-02 Sport and war have been closely linked in Australian and New Zealand society since the nineteenth century Sport has variously been advocated as appropriate training for war lambasted as a distraction from the war effort and resorted to as an escape from wartime trials and tribulations War has limited the fortunes of some sporting codes and some individuals while others have blossomed in the changed circumstances The chapters in this book range widely over the broad subject of Australian and New Zealand sport and their relation to the

cataclysmic world wars of the first half of the twentieth century They examine the mythology of the links between sport and war sporting codes groups of sporting individuals and individual sportspeople Revealing complex and often unpredictable effects of total wars upon individuals and social groups which as always created chaos and the sporting field offered no exception This book was originally published as a special issue of the International Journal of the History of Sport

Historical Dictionary of Australia Norman Abjorensen, James C. Docherty, 2014-12-05 Australia's development from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large scale immigration Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by contributing troops to the war in Vietnam and by being part of the coalition of the willing in the U S invasion of Iraq in 2003 and in operations in Afghanistan In recent years it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors This fourth edition of Historical Dictionary of Australia covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Australia

Histories of Post-Mortem Contagion Christos Lynteris, Nicholas H A Evans, 2017-12-13 This edited volume draws historians and anthropologists together to explore the contested worlds of epidemic corpses and their disposal Why are burials so frequently at the center of disagreement recrimination and protest during epidemics Why are the human corpses produced in the course of infectious disease outbreaks seen as dangerous not just to the living but also to the continued existence of society and civilization Examining cases from the Black Death to Ebola contributors challenge the predominant idea that a single universal framework of contagion can explain the political social and cultural importance and impact of the epidemic corpse

Psychological Trauma and the Legacies of the First World War Jason Crouthamel, Peter Leese, 2016-11-17 This transnational interdisciplinary study of traumatic neurosis moves beyond the existing histories of medical theory welfare and symptomatology The essays explore the personal traumas of soldiers and civilians in the wake of the First World War they also discuss how memory and representations of trauma are transmitted between patients doctors and families across generations The book argues that so far the traumatic effects of the war have been substantially underestimated Trauma was shaped by gender politics and personality To uncover the varied forms of trauma ignored by medical and political authorities this volume draws on diverse sources such as family archives and narratives by children of traumatized men documents from film and photography memoirs by soldiers and civilians This innovative study challenges us to re examine our approach to the complex psychological effects of the First World War

Healing in Hell Ken Adams, 2011-12-13 Ken Adams as a trained medic was sent out to the Far East and immediately saw action on the Malay Peninsula Captured at Singapore he initially worked at Changi Hospital Many moves and much worse capos in Thailand were

to follow He describes his life work and the terrible conditions endured at the hands of the Japanese and Korea guards and worst of all the Kempetai secret police Illnesses such as dysentery malaria avitaminosis cholera and smallpox had to be treated with minimal or no medicines Starvation was a fact of life The author was frequently moved around and in 1945 took part in a march of many hundreds of miles which inevitably proved fatal to many of his fellow POWs Liberation and repatriation are movingly described as most significantly is the whole process of settling back into normal life after so long in captivity of the worst kind Healing in Hell is an exceptional account that demands reading

The Heritage of War Martin Gegner, Bart Ziino, 2011-08-16 The Heritage of War is an interdisciplinary study of the ways in which heritage is mobilized in remembering war and in reconstructing landscapes political systems and identities after conflict It examines the deeply contested nature of war heritage in a series of places and contexts highlighting the modes by which governments communities and individuals claim validity for their own experiences of war and the meanings they attach to them From colonizing violence in South America to the United States Civil War the Second World War on three continents genocide in Rwanda and continuing divisions in Europe and the Middle East these studies bring us closer to the very processes of heritage production The Heritage of War uncovers the histories of heritage it charts the constant social and political construction of heritage sites over time by a series of different agents and explores the continuous reworking of meaning into the present What are the forces of contingency agency and political power that produce define and sustain the heritage of war How do particular versions of the past and particular identities gain legitimacy while others are marginalised In this book contributors explore the active work by which heritage is produced and reproduced in a series of case studies of memorialization battlefield preservation tourism development private remembering and urban reconstruction These are the acts of making sense of war they are acts that continue long after violent conflict itself has ended

Captive Anzacs Kate Ariotti, 2018-05-11 During the First World War 198 Australians became prisoners of the Ottomans Overshadowed by the grief and hardship that characterised the post war period and by the enduring myth of the fighting Anzac these POWs have long been neglected in the national memory of the war Captive Anzacs explores how the prisoners felt about their capture and how they dealt with the physical and psychological strain of imprisonment as well as the legacy of their time as POWs More broadly it explores public perceptions of the prisoners the effects of their captivity on their families and how military government and charitable organisations responded to the POWs both during and after the War Intertwining rich detail from letters diaries and other personal papers with official records Kate Ariotti offers a comprehensive nuanced account of this aspect of Australian war history

Hellships Down Michael Sturma, 2021-03-18 On 12 September 1944 a wolfpack of U S submarines attacked the Japanese convoy HI 72 in the South China Sea Among the ships sunk were two carrying Allied prisoners of war Men who had already endured the trials of Japanese captivity faced a renewed struggle for survival at sea This book tells the broader story of the HI 72 convoy through the stories of two survivors Arthur Bancroft who was rescued

by an American submarine and Charles Rowley Richards who was rescued by the Japanese. The story of these men represents the thousands of Allied POWs who suffered not only the atrocious conditions of these Japanese hellships but also the terror of friendly fire from their own side's submarines. For the first time the personal political and legal aftermath of these men's experiences is fully detailed. At its heart this is a story of survival. Charting the survivors' fates from rescue to their attempts at retribution, this book reveals the trauma that continued long after the war was over. **POW 921** Mike Holt, 2010-01-01 This amazing story is about the horrendous experiences thousands of Australian POWs endured at the hands of the cruel Japanese after their capture in Singapore in 1942. These POWs were imprisoned at a camp just outside the infamous Changi jail where they became slaves carrying supplies to Japanese troops or building a road through the center of the island. A year later many endured a grueling train trip north to Thailand where they were forced to work on the Burma Railway. The tortures, the hunger and the constant terror they experienced are graphically described. This book is not for the faint hearted. From Thailand they were shipped to Japan to work in the coal mines at Omuta just across the bay from Nagasaki. One of the prisoners describes what he saw and felt on that fateful day when the atomic bomb was dropped and what happened afterwards. Readers will wonder how these brave Australian men could survive the many terrible tortures and deprivations imposed on them. This book will have you gasping at the cruel treatment the prisoners endured. You will also learn how the leaders of the Japanese and Allied armies acted and why so many men lost their lives defending a lost cause. **Barbed Wire and Bamboo** Hugh V. Clarke, Colin Burgess, 1992 A collection of stories of capture, imprisonment and escape in World War I and II. Covering experiences in Europe and in South East Asia, the book presents contrasting POW experiences of daring escapes from Colditz Castle and of endurance and slow suffering in Japanese camps.
