The Kempo Codex Tai Kaningamu, 2015-12-16 The Kempo Codex Law of the Fist is Cmdr Tai Kaningamu's fascinating Kempo Jitsu 10th Degree Black Belt Promotion Thesis about his Law of the Fist known as the Ancient Way of the Earth which exposes for the first time many of the tenets contained in his philosophy of White Eagle Kempo Jujitsu. He learned and developed both his philosophy and Law of the Fist first while living with nature's order as a boy in Southeast Alaska using both day in and day out as he confronted nature in a life and death struggle for survival and therefore applying both within his two professions within the U S Government the U S Army and U S Marshals Service **Kempo Codex Ty**

Cunningham, 2018-06-26 Cmdr Ty Cunningham's fascinating Kempo Jitsu 10th Degree Black Belt Promotion Thesis about his Law of the Fist known as the Ancient Way of the Earth which exposes for the first time many of the tenets contained in his philosophy of White Eagle Kempo Jujitsu. He learned and developed both his philosophy and Law of the Fist first while living with nature's order as a boy in Southeast Alaska using both day in and day out as he confronted nature in a life and death struggle for survival and therefore applying both within his two professions within the U S Government the U S Army and U S Marshals Service. He delivers herein the antithesis to military police and martial art group therapy contained in the dogma of the greater world's approach to seeking resolution of death's door by addressing the moment that battle is joined on death ground as the time to use the proverbially inappropriate square peg for the round hole. Its theme is one that projects personal responsibility and isolation for conditioning to each individual based on nature's order at death's door instead of transferring authority to others: police, parents, husband, etc. Should any living soul transfer responsibility to another, they are transferring also their will to live. Authorities of the world would tell you to follow man's law to address the moment of extinction, to follow policy in man's order for use of force application when facing deadly force and to therefore only use that force which is necessary and no more. But this is man's order, not nature's order. Life and death falls within nature's order alone and cannot be transferred to any other authority, path, way, or construction. So if everyone individually is responsible alone for this moment, then everyone is also individually responsible for conditioning alone according to nature's order, not man's order. To dominate any threat and survive can only be addressed by nature's order contained in the new science proffered herein by Cmdr Ty Cunningham in his Battle Output to Input Paradigm and by employing his Battle Matrix Algorithm. This is White Eagle Kempo Jujitsu. *Ty Cunningham's Kempo Codex* Ty Cunningham, 2016-04-16 Cmdr Ty Cunningham's fascinating Kempo Jitsu 10th Degree Black Belt Promotion Thesis about his Law of the Fist known as the Ancient Way of the Earth which exposes for the first time many of the tenets contained in his philosophy of White Eagle Kempo Jujitsu. In 1960, Senior Grandmaster Ed Parker Sr. first book entitled *Kenpo Karate Law of the Fist and the Empty Hand* was completed and published. Mr. Parker introduced the reading public to the art of Kenpo Karate, a formidable system of logical and practical self-defense. He believed that Kenpo could do much to deter juvenile delinquency, steering young people away from stealing, street fighting, and other vices. Through studying Kenpo, young people could gain self-confidence and self-respect as well as developing humility and self-restraint. Kenpo was presented as a self-defense system to combat unethical fighting methods prevalent on the streets. Through a series of anatomical illustrations drawn by Mr. Parker himself, natural body weapons and targets that could be struck with a devastating effect were identified. Mr. Parker's reasoning for including an anatomical study was simply that knowledge of our own points of weakness as well as those of our opponent can determine our own victory or defeat. It was clear that with a thorough knowledge of the location of the major nerve centers and critical areas, Kenpoists would be able to defend their own vital areas as well as deliver blows to vital points on an opponent. Vital areas, pressure points sensitive to various methods of attack along with individual natural weapons were all clearly presented and illustrated on simple-to-read charts. It is interesting to note that many of the self-defense techniques presented in this pioneering publication show embryonic movement patterns that would establish the foundation for subsequent techniques that would be prefixed, suffixed, altered, adjusted, expanded, and refined by Sr. Grandmaster Ed Parker Sr. over time. **Ultimate Kempo** Jeff Driscoll, 2015-04-07.
