POLARIZED PLUG

This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to modify the plug in any way.

SHORT POWER CORD

The Breadmaker's power cord is short to reduce your risk of becoming entangled in or tripping over a long cord. You can obtain a longer, detachable power-supply cord or extension cord, but be careful when using breadmaker equipped with extra cord length.

If you are using a longer detachable power-supply cord or extension cord, (1) the marked electrical rating of the extension cord should be at least as great as the electrical rating of the appliance, and (2) arrange the longer cord so that it will not drape over the counter top or table top where it can be pulled on by children or tripped over unintentionally.
