Mortgage Loan Processing Training Manual Heather Hegle, 2018-01-28 Have you thought about getting into Real Estate or Mortgage Lending but don't know where to start? If you want to start at the beginning where a borrower begins the qualification process, this easy-to-read loan processing training manual is for you. If you want to get your feet wet and learn all the basics of a loan processor, this loan processing training manual will help jump start your career. You will learn what a debt ratio means, how to prorate real estate taxes, and how to read a credit report. This is a step-by-step guide on how to set up a loan file from opening the escrow to submitting to the lender and getting the loan approved and closed in an efficient manner. Sample checklists and sample disclosures are available in this manual. We also will show you how to get a job in loan processing once you have completed the manual. This manual can also help out your Realtor so they understand what goes into the process to qualify their buyers. As a bonus, there are quizzes and other information such as useful websites and how to repair your own credit throughout this manual. Happy processing.

The Loan Officer's Practical Guide to Residential Finance Thomas A. Morgan, 2003 Published since 1992 and updated annually, this 148-page textbook was written as an answer to the sink or swim training methods of many mortgage firms. The format is designed to give the newly initiated loan officer, agent, lender, processor, or other initiate the practical information they need to do the loan officer's job. The reader learns how to understand rate and point quotes, how to use a financial calculator, how to make basic computations customers require, how to understand loan programs and compare product features. The student progresses through understanding loan specifications: Conventional, Conforming, Jumbo, FHA, VA, and Sub Prime program guidelines to a practical understanding of ratios, income, assets, and closing costs, debts, and credit history. This is then placed in the context of the loan application, how to collect all the required documents and disclosures, and supervise a loan from application to closing. Beyond the basics, students learn how to finance various property types: condos, PUDs, new construction, and investment property. A detailed chapter on refinancing addresses the issues which most often confront the loan officer in a period of heavy refinancing. 10 reasons to refinance. Finally, understanding how loans are made in the secondary market and the basics of interest rate quoting and behavior are covered.
