Lone Star Rising Vol 1 Lyndon Johnson And His Times 1908 196:

Lone Star Rising Robert Dallek, 1991-08-15 From the antiwar movement to Robert Caro's recent book LBJ has been denounced as the self-serving villain of American politics. But the truth as Bancroft prize winner Robert Dallek writes in this unequalled account of Johnson's life was far more complex and far more interesting. Based on seven years of research in over 450 manuscript collections and oral histories as well as numerous personal interviews, this first book in a monumental two-volume biography portrays the full richness of this fascinating, contradictory, larger-than-life personality: an unrivalled master of ruthless backroom politics who pushed a whole new range of civil rights and social welfare legislation through Congress. Far from whitewashing LBJ's actions, Dallek provides new material on his manipulations as well as a new understanding of his obsession with being on top, even as he shows how Johnson was both the product of a thoroughly corrupt political environment and truly concerned throughout his career for the poor and underprivileged. Ranging from LBJ's childhood through his brilliant reign as Senate majority leader, this book offers an unrivalled look at the man de Gaulle called America's real face.

The Sixteen-Trillion-Dollar Mistake Bruce S. Jansson, 2002-09-04 Choices about budget priorities are arguably the most important made by the federal government, profoundly affecting the well-being of citizens. Bruce Jansson documents how presidents from FDR to Clinton have made ill-advised choices that wasted trillions of dollars. Going beyond charges of corruption or bureaucratic waste, the book is an eye-opening exposé revealing innumerable useless projects, military as well as civilian, unnecessary tax concessions, and the use of interest payments to cover deficit spending among other costly mistakes. Using Office of Management and Budget projections through 2004, Jansson shows how the madness continues and how an informed electorate can put an end to it.

American Maelstrom Michael A. Cohen, 2016 *American Maelstrom* captures the full drama of the 1968 watershed election, taking us to the source of the politics of division.

The Fate of Cities Roger Biles, 2011 The first major comprehensive treatment of urban revitalization in 35 years. Examines the federal government's relationship with urban America from the Truman through the Clinton administrations. Provides a telling critique of how in the long run government turned a blind eye to the fate of cities.
