Hartnett, Kevin Hughes, 2004 Long Beach Island stretches for eighteen miles alongside the southern New Jersey mainland A barrier island it has a vivid history that includes wild game and bountiful fish early whalers and tragic shipwrecks paddle wheel steamboats and grand hotels With its rare and previously unpublished images Long Beach Island portrays the unforgettable place that today is known for its white sandy beaches fresh seafood and bright red and white lighthouse Shown are islanders engaged in pound fishing and salt hay harvesting and later visitors crossing Barnegat Bay to the island resorts called Barnegat City and Beach Haven *Hopi Runners* Matthew Sakiestewa Gilbert, 2018-10-10 In the summer of 1912 Hopi runner Louis Tewanima won silver in the 10 000 meter race at the Stockholm Olympics In that same year Tewanima and another champion Hopi runner Philip Zeyouma were soundly defeated by two Hopi elders in a race hosted by members of the tribe Long before Hopis won trophy cups or received acclaim in American newspapers Hopi clan runners competed against each other on and below their mesas and when they won footraces they received rain Hopi Runners provides a window into this venerable tradition at a time of great consequence for Hopi culture The book places Hopi long distance runners within the larger context of American sport and identity from the early 1880s to

the 1930s a time when Hopis competed simultaneously for their tribal communities Indian schools city athletic clubs the nation and themselves Author Matthew Sakiestewa Gilbert brings a Hopi perspective to this history His book calls attention to Hopi philosophies of running that connected the runners to their villages at the same time it explores the internal and external forces that strengthened and strained these cultural ties when Hopis competed in US marathons Between 1908 and 1936 Hopi marathon runners such as Tewanima Zeyouma Franklin Suhu and Harry Chaca navigated among tribal dynamics school loyalties and a country that closely associated sport with US nationalism The cultural identity of these runners Sakiestewa Gilbert contends challenged white American perceptions of modernity and did so in a way that had national and international dimensions This broad perspective linked Hopi runners to athletes from around the world including runners from Japan Ireland and Mexico and thus Hopi Runners suggests caused non Natives to reevaluate their understandings of sport nationhood and the cultures of American Indian people
