HPI: Supernatural Special Ops Paul Dale Roberts & Deanna Jaxine Stinson, 2019-02-17 This book is dedicated to our Corky 1 2 Cocker Spaniel 1 2 Yorkshire Terrier named Hi Pee. Revelations of the Watchers Timothy Wyllie, 2021-07-27 Explains how the new Atlantis was rebuilt using ancient Lemurian construction techniques and how Poseidon was put in charge by nefarious Prince Caligastia. Explores the rise of shamanism, the hidden history of Akhenaten, and the privileged role of the Yazidi people in the spiritual evolution of the planet. Exposes how our planet is one of the worlds on which the rebel angels have been accorded the privilege of a mortal incarnation. During the angelic rebellion 203 000 years ago, which led to the quarantine of Earth and 36 other planets from the Multiverse, Georgia, an angel of Seraphic status, aligned herself with Lucifer and the rebel angels. After the rebellion, Georgia was permitted to remain on this planet and become a Watcher. Writing together with Timothy Wyllie in this book, Georgia provides her personal account of Earth during the second rise of Atlantis. Georgia explains how the new Atlantis was home to the few surviving Lemurians and was rebuilt using ancient Lemurian construction techniques. She reveals how Prince Caligastia put Poseidon in charge of the new Atlantis in order to keep him from interfering with the Prince's imposition of monotheism in southern Palestine. She explores the rise of shamanism through the entheogenic use of power plants, first on the Islands of Mu, then in the Nile Valley, and later among the Aborigines of Australia. She also looks at the hidden history of Pharaoh Akhenaten and the privileged role of the Yazidi people in the spiritual evolution of the planet, and how even today the attempts to extinguish their culture is the work of Caligastia's agents. Interwoven with Georgia's narrative of Earth's ancient history are her observations of Timothy Wyllie's current and previous lives, including his involvement with the Process Church, his struggle to leave it, and his spiritual activities after he left. Through her revelations, Georgia exposes the supreme significance of Earth in the larger Multiverse and how our planet is one of the worlds on which the rebel angels have been accorded the privilege of a mortal incarnation. Georgia shares her words in part to awaken the 100 million rebel angels currently living their human lives. She reveals how a

mortal incarnation for a rebel angel is an opportunity to redeem their past and help prepare for the imminent transformation of consciousness as the rebel held planets including Earth are welcomed back into the Multiverse

Real Vampires, Night Stalkers and Creatures from the Darkside Brad Steiger, 2009-09-01. A chilling chronicle of the often ignored history of vampirism as it has surfaced repeatedly in news articles, historical accounts, and first person interviews, this shocking account of occultist rituals and the inhuman forces that influence them shines a light on the horrifying truth. Revealing that real vampires are not immortal, do not have fangs or sleep in coffins, and have no fear of sunlight or crucifixes, the examination dispels many myths but also confirms the truth behind several traits of real vampires, such as the insatiable thirst for blood and the dream of an eternal soul. Complete with 30 spine-tingling tales of the hideous wraiths and creatures that lurk in shadow, this fascinating collection includes the stories of the Mexican prostitute who mesmerized an entire village, convincing them she was an Incan goddess who required human sacrifice for her magic; the three teenagers who left a trail across the South as they conducted blood-drinking rituals with animals; and the mysterious Lady in Black who draws psychic energy from men who dare approach her as she wanders through city streets and parks.

The Protectors and the Motorcyclists John Mansfield,2022-04-19 All of Jack s life he had experienced many close calls with serious injury or death They began when he was very young and continued throughout his life He always believed he was just lucky but at the age of about twenty he came to realize God and his angels indeed were protecting him All of the supernatural events that happened to Jack through the years are real Even as a teenager he had a premonition of his younger brother s death For obvious reasons he only told a few people just bits and pieces of the strange things that had happened to him He didn t want people to think he was crazy In fact for his entire life he never even told his parents about these experiences Jack became a very passionate motorcyclist as a means to try to balance the extreme anxiety he often felt as a result of his otherworldly experiences The many motorcycle trips he took were therapeutic for him in so many ways Over time he developed a rather unique theory about the direction mankind was taking and the shape of things to come More than anything else this is the story about the ups and downs most people face in life and how having complete trust in God can get you through even the most difficult situations
