Looking Ahead The Papers Of David Sarnoff:

Looking Ahead David Sarnoff,1968 *Looking Ahead* ,1928 *Looking Ahead* ,1967 *Looking Ahead* ,1926

Looking Ahead ,1967 Miscellaneous documents including an excerpt from David Sarnoff's biography correspondence and a pamphlet on national security *Encyclopedia of Radio 3-Volume Set* Christopher H. Sterling,2004-03-01 Produced in association with the Museum of Broadcast Communications in Chicago the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio's technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined *America's First Network TV Censor* Robert Pondillo,2010-04-23 *America's First Network TV Censor* The Work of NBC's Stockton Helffrich is a unique examination of early television censorship centered around the papers of Stockton Helffrich the first manager of the censorship department at NBC Set against the backdrop of postwar America and contextualized by myriad primary sources including original interviews and unpublished material Helffrich's reports illustrate how early censorship of advertising language and depictions of sex violence and race shaped the new medium While other books have cited Helffrich's reports none have considered them as a body of work complemented by the details of Helffrich's life and the era in which he lived *America's First Network TV Censor* explores the ways in which Helffrich's personal history and social class influenced his perception of his role as NBC TV censor and his tendency to ignore certain political and cultural taboos while embracing others Author Robert Pondillo considers Helffrich's life in broadcasting before and after the Second World War and his censorial work in the context of 1950s American culture and emerging network television Pondillo discusses the ways that cultural phenomena including the arrival of the mid twentieth century religious boom McCarthyism the dawn of the Civil Rights era and the social upheaval over sex music and youth contributed to a general sense that the country was morally adrift and ripe for communist takeover Five often censored subjects advertising language and depictions of sex violence and race are explored in detail exposing the surprising complexity and nuance of early media censorship Questions of whether too many sadistic westerns would coarsen America's children how to talk about homosexuality without using the word homosexuality and how best to advertise toilet paper without offending people were on Helffrich's mind his answers to these questions helped shape the broadcast media we know today **Globalization and the American Century** Alfred E. Eckes, Jr,Thomas W. Zeiler,2003-06-30 Revolutionary improvements in technology combined with the leadership elite's enthusiasm for deregulation of markets and free trade to fuel American style globalization The nation rose to economic power after the Spanish American War and won both world wars and the Cold war after which America's power and cultural influence soared as business and financial interests pursued the long term quest for global

markets But the tragic events of September 2001 and the growing volatility of global finance raised questions about whether the era of American led globalization was sustainable or vulnerable to catastrophic collapse **Behind the Tube** Andrew F. Inglis,2023-12-22 Behind the Tube 1990 tells the story of the unseen foundation of modern radio TV and cable the technology that enables programming to reach an audience It charts the evolution of this technology in all its facets technical personal economic and social It captures the efforts strategies achievements and failures of prominent and unheralded figures and companies in the dynamic and competitive broadcast industry Revolutions in Communication Bill Kovarik,2025-09-18 This new and expanded edition of Revolutions in Communication the 3rd edition explores printing imaging electronic and digital media history within a framework of technological change and social impacts Using key figures in history to benchmark the chronology of technical innovation Kovarik s scholarship narrates the story of revolutions in printing electronic communication and digital information while drawing parallels between the past and present This edition builds on the success of the previous two editions as a leading media history textbook The 3rd edition includes Digital media technology impacts and expectations that have changed since 2015 Updated and additional information that has become recently available including declassified histories of super computers the US news media s record on civil rights Gutenberg s printing experiments in the 1440s the role of the 1796 invention of lithography and improving the printing and culture of music A sharper international focus and effort to avoid the impression that Europe is more or less at the center of mass media history **Supreme City** Donald L. Miller,2015-05-19 An award winning historian surveys the astonishing cast of characters who helped turn Manhattan into the world capital of commerce communication and entertainment

Refiguring Mass Communication Peter Simonson,2010 This book is a unique inquiry into the history and the ongoing moral significance of mass communication as an idea and social form *Allegories of Communication* John Fullerton,Jan Olsson,2004 No further information has been provided for this title *The Irony of Regulatory Reform* Robert Britt Horwitz,1989 This study examines the history of telecommunications both telephone and broadcast with particular reference to attempts to regulate these media in the USA Arturo Toscanini Mortimer H. Frank,2002 A detailed volume on Toscanini s heroic 17 years conducting the NBC Symphony Orchestra which he started at age 70 Includes archival broadcast recordings repertoire lists videography and a discography 34 photos Space, Place and Inclusive Learning Judy Hemingway,Felicity Armstrong,2016-04-08 This collection explores ways in which theories of space and place can be used in understanding processes of exclusion and inclusion in education The contributions foreground how the spatial turn and geographical knowledges can inform debates on the relationships between learning space and place understandings of the ways in which space and place affect education and learning familiar research agendas through the application of conceptual perspectives from different disciplines The ten chapters which make up this book are by contributors from Australia Italy and the United Kingdom who draw in very different ways on spatial theory as a means of exploring processes of inclusion and

exclusion in education Each one of the authors not only seeks to challenge growing orthodoxies in their respective field but is interested in cross disciplinarity and spatial theory in education This book provides key readings for experienced and beginning teachers studying for bachelors masters and research degrees or professional qualifications It will be particularly useful to equality and diversity post holders lecturers researchers and policy makers working in all education establishments which take issues of inclusion seriously The international content of the diverse papers in Space Place and Inclusive Learning will be of interest not only to those practising in the United Kingdom but to educationists working in other countries who seek to understand how space and place modulate opportunities for inclusion This book was originally published as a special issue of the International Journal of Inclusive Education

Dawn of the Electronic Age Frederik Nebeker, 2009-05-06 A comprehensive and fascinating account of electrical and electronics history Much of the infrastructure of today s industrialized world arose in the period from the outbreak of World War I to the conclusion of World War II It was during these years that the capabilities of traditional electrical engineering generators power transmission motors electric lighting and heating home appliances and so on became ubiquitous Even more importantly it was during this time that a new type of electrical engineering electronics emerged Because of its applications in communications both wire based and wireless entertainment notably radio the phonograph and sound movies industry science and medicine and the military the electronics industry became a major part of the economy Dawn of the Electronic Age explores how this engineering knowledge and its main applications developed in various scientific economic and social contexts and explains how each was profoundly affected by electrical technologies It takes an international perspective and a narrative approach unfolding the story chronologically Though a scholarly study with sources of information given in endnotes for engineers and historians of science and technology the book is intended for the general public Ultimately it tells the story of the development of a new realm of engineering and its widespread applications during the remarkable and tragic period of two world wars and the decades in between

Jews, God, and Videotape Jeffrey Shandler, 2009-04-01 A pioneering examination of the impact of new communications technologies and media practices on the religious life of American Jewry Engaging media has been an ongoing issue for American Jews as it has been for other religious communities in the United States for several generations Shandler s examples range from early recordings of cantorial music to Hasidic outreach on the Internet In between he explores mid twentieth century ecumenical radio and television broadcasting video documentation of life cycle rituals museum displays and tourist practices as means for engaging the Holocaust as a moral touchstone and the role of mass produced material culture in Jews responses to the American celebration of Christmas Shandler argues that the impact of these and other media on American Judaism is varied and extensive they have challenged the role of clergy and transformed the nature of ritual facilitated innovations in religious practice and scholarship as well as efforts to maintain traditional observance and teachings created venues for outreach both to enhance relationships with non Jewish neighbors and to

promote greater religiosity among Jews even redefined the notion of what might constitute a Jewish religious community or spiritual experience As Jews God and Videotape demonstrates American Jews experiences are emblematic of how religious communities engagements with new media have become central to defining religiosity in the modern age

Entrepreneurship in the Global Economy Henry Kressel, Thomas V. Lento, 2012-07-19 State controlled economies such as China are building robust industries at stunning speed and siphoning off jobs from the West This book addresses the crucial issue of state planning vs free enterprise and examines specific problems surrounding entrepreneurship in the global economy through nine case histories of entrepreneurial companies Empire of the Air Tom Lewis, 2021-09-15 Empire of the Air tells the story of three American visionaries Lee de Forest Edwin Howard Armstrong and David Sarnoff whose imagination and dreams turned a hobbyist s toy into radio launching the modern communications age Tom Lewis weaves the story of these men and their achievements into a richly detailed and moving narrative that spans the first half of the twentieth century a time when the American romance with science and technology was at its peak Empire of the Air is a tale of pioneers on the frontier of a new technology of American entrepreneurial spirit and of the tragic collision between inventor and corporation
