Lord Heal Our Land A Call To Prayer For America:

Lord, Heal Our Land David O. Dykes, 2015-10-27 Are you worried about our nation's future? What happened to America's spiritual heritage? The good news is that we are only a prayer away from experiencing spiritual renewal in our country. The call is going out across America for Christians to lead the way and pray for God to heal our land. Are we willing to ask Him to break our pride and apathy so that America can become a great and God-fearing nation again? Lord Heal Our Land takes a hard but hopeful look at our country where we've been, where we are now, and where we're going, and shines a light on the way forward.

God's Last Call to America Grace Mwiruki, 2016-05-03 HOW PRAYER CAN SAVE OUR NATION Mass murders, Moral decay, Terrorism. All you have to do is watch the news to know that we need the Lord's intervention now more than ever. Scripture states that the effective, fervent prayer of a righteous man avails much (James 5:16) and author Grace Mwiruki not only knows that verse, she lives it. A powerhouse intercessor, Grace has seen God move mightily in her native Tanzania and here at home. In God's Last Call To America, you will learn how to pray effectively according to God's will as found in His Word. You'll also discover why our prayers may be hindered, how the early Church experienced God's miracles, and how present-day Christians can regain that power. Why we should continue to pray for America despite spiritual warfare and opposition. What we can learn from the Israelites' disobedience to God and more. This essential guide to prayer challenges Christians to pray effectively so God can not only heal our land, but He can heal us too.

Godless Nation Patriot for God, 2025-07-02 America once stood as a nation that honored God, built upon biblical truth and moral clarity. But today, confusion reigns, life is cheap, truth is silenced, and sin is celebrated. *Godless Nation* traces the nation's fall from reverence to rebellion and issues a powerful call to repentance, revival, and restoration. Covering topics like abortion, secularism, gender ideology, and the silence of the pulpits, this book challenges believers to stand boldly in faith and reclaim the foundations that made America strong. More than a critique, it is a roadmap back to righteousness. Because a nation that returns to God can still be healed.

Healing America: Calling Hearts Back To God Jeff Hovsepian, 2025-04-25 America was founded and grew upon faith in God and was blessed for it with great abundance and influence in the world. But America has since turned away from God. And God, in response, has given America over to life outside His blessings, evidenced by the turmoil we see in culture today: discord and division, anger and hostility, wickedness, depravity, and sin of all kind. It is a pattern that played out many times in Biblical history when the people of Israel forgot God and His goodness toward them, turned away from Him, and worshipped idols. And God, after repeated attempts to call them back, removed His blessings and gave them over into the hands of their enemies. Yet, by way of His great faithfulness, love, and mercy, God offers a way back, which is the call of this book. In *Healing America*, Jeff discusses the foundations of faith in America, its turn away from God, the consequences of turning away from God, the influences of Satan and his dark forces, and offers three specific things we can do today to heal America and return to God's blessings.

Brooks, 2021-05-03 Why This Book Was Written As a young child I remember when our churches had one night a week to have prayer meetings Sadly today our churches have decided that family nights with activities are more important than having prayer meetings Today our churches have become program driven more programs the bigger the church A few years ago I came across this story and just recently I felt God telling me to bring prayer back to his house Here is that story Several years ago a pastor was asking God to return prayer to our schools After several months of praying he asked God why he would not answer his prayer of returning prayer to the schools God answered him this way Why don't you pray for prayer to return to my churches Today churches can have the best programs and great outreaches but it will lack being an impact in their communities until they understand and realize prayer must be brought back to our churches and used the way God has given us to use it This book was written to not only bring back our churches to the forefront but also to teach why prayer must be one of the pillars our churches need to have It is to show how to build a prayer ministry and a better understanding of the power of prayer Our churches must once again become a house of prayer to win the lost and be that light on the hill We must get our church back on her knees and let prayer in This book will teach you the art of praying and why we need to pray It is my conviction for you to change your prayer life or to start a prayer life This book holds back no punches and is blunt and straightforward *The Whole Duty of Man* Richard Allestree, 1717

DUTY.,1711 **America! Walk in My - Our Shoes** James Winchester,2022-01-12 This book is about racial reconciliation We are all Americans irrespective of our race religion sexual preference or national origin Whenever members of any race conduct themselves as being superior to another race that's racism If we truly care about this beautiful country of ours we must deal with this horrible cancer of racism It's not that complicated but someone has to start that ongoing conversation Americans have always been resourceful We lead the world in science and technology When our backs are against the wall we rise to the occasion This year we were hit with the COVID 19 pandemic and our scientists have now discovered a viable vaccine Remember in school when the teacher paired you with a stranger to complete a two week assignment Maybe that person was Black and lived across the tracks Because of the amount of racial tension in the world today you might have felt uncomfortable and reluctant to accept that task However after working with that person your inhibitions slowly faded away and by the end of the assignment you became quite friendly toward one another There was nothing magical about it The more time spent on the assignment the more you learned about one another The author wrote this book to make known the journey the Black people traveled in America Moreover the author wanted to personalize it by adding my journey as well As with the example of the two people mentioned in their assignment the author is hoping the more my white brothers and sisters know our journeys the more likelihood of them understanding us Something happened this year that proved the author's point After the George Floyd murder the author saw people of all races stop what they were doing to focus their attention on that video The fact they were witnessing the actual murder of an unarmed human being triggered something inside of them Whatever it was they felt compelled to do something about it During this time period the words Black Lives Matter wrongly had negative connotations by some white people However white people proudly marched under that Black Lives Matter banner with their Black brothers and sisters America has never seen those kind of protest marches Not only did those marches occur all over America the Black Lives Matter banner and protests were seen in numerous foreign countries Those marches lasted nonstop for over a solid month Those white brothers and sisters put their lives on the line They were shot with rubber bullets clubbed knocked to the ground pepper sprayed and tear gassed by law enforcement officials They realized the systemic killing of Black men women and children was real and it had to stop They inspired the author to think about what he could do to help the cause He decided to write this book He thought if his white brothers and sisters can react to George Floyd's killing how

beneficial it would be to them if they learned more about the Black people s journey in America The author is optimistic about a coming together of all Americans one day We must learn from this new generation of Americans They are leading the way and he thanks God for strength courage and color blindness Stay woke **The Whole duty of Man, with Private Devotions** Richard Allestree, 2025-07-28 Reprint of the original first published in 1841 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
