Quinn-Judge**

Mao The Real Story:

Mao Alexander V. Pantsov, Steven I. Levine, 2013-10-29 Originally published in a different version in 2007 in Russian by Molodaia Gvardiia as Mao Tzedun Title page verso *Tower of Skulls* Richard B. Frank, 2020-03-03 A sweeping epic Promises to do for the war in the Pacific what Rick Atkinson did for Europe James M Scott author of Rampage In 1937 the swath of the globe east from India to the Pacific Ocean encompassed half the world's population Japan's onslaught into China that year unleashed a tidal wave of events that fundamentally transformed this region and killed about twenty five million people This extraordinary World War II narrative vividly portrays the battles across this entire region and links those struggles on many levels with their profound twenty first century legacies In this first volume of a trilogy award winning historian Richard B Frank draws on rich archival research and recently discovered documentary evidence to tell an epic story that gave birth to the world we live in now *China and Russia* Philip Snow, 2023-03-14 A compelling expansive history of the relationship between China and Russia from the seventeenth century to the present Russia and China the largest and most populous countries in the world respectively have maintained a delicate relationship for four centuries In addition to a four thousand kilometer border they have periodically shared a common outlook on political and economic affairs But they are in essence profoundly different polities and cultures and their intermittent alliances have proven difficult and at times even volatile Philip Snow provides a full account of the relationship between these two global giants Looking at politics religion economics and culture Snow uncovers the deep roots of the two nations alignment We see the shifts in the balance of power from the wealth and strength of early Qing China to the Tsarist and Soviet ascendancies and episodes of intense conflict followed by harmony He looks too at the experiences and opinions of ordinary people which often vastly differed from those of their governments and considers how long the countries current amicable relationship might endure Three Revolutions Simon Hall, 2025-07-01 A salve for our current reactionary times ANDREW HARTMAN The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever From the streets of Petrograd during the heady autumn of 1917 to Mao's stunning victory in October 1949 and Fidel's triumphant arrival in Havana in January 1959 the history of the twentieth century was transformed in dramatic and profound ways by the Russian Chinese and Cuban revolutions In *Three Revolutions* the stories of these epoch defining events are told together for the first time At the heart of each revolution was an epic journey Lenin's 1917 return to Russia from exile in Switzerland Mao's Long March of 1934-35 covering some 6 000 miles across China and Fidel Castro's return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall's masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep *Three Revolutions* raises

fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today **Mao's Third Front** Covell F. Meyskens,2020-05-14 An examination of how economic development and everyday life intersected with the temperature of Cold War geopolitics in Mao's China Quest for Status Deborah Welch Larson,Alexei Shevchenko,2019-01-01 A look at how the desire to improve international status affects Russia's and China's foreign policies Deborah Welch Larson and Alexei Shevchenko argue that the desire for world status plays a key role in shaping the foreign policies of China and Russia Applying social identity theory the idea that individuals derive part of their identity from larger communities to nations they contend that China and Russia have used various modes of emulation competition and creativity to gain recognition from other countries and thus validate their respective identities To make this argument they analyze numerous cases including Catherine the Great's attempts to westernize Russia China's identity crises in the nineteenth century and both countries' responses to the end of the Cold War The authors employ a multifaceted method of measuring status factoring in influence and inclusion in multinational organizations military clout and cultural sway among other considerations Combined with historical precedent this socio-psychological approach helps explain current trends in Russian and Chinese foreign policy **Building Ho's Army** Xiaobing Li,2019-09-10 Built upon a solid foundation of sources memoirs and interviews this study sheds new light on China's efforts in the Vietnam War Utilizing secondary works in Chinese Vietnamese and Western languages and the author's own familiarity as a former member of the Chinese People's Liberation Army this examination expands the knowledge of China's relations with the North Vietnamese Army NVA during the 1950s and 1960s As a communist state bordering Vietnam China actively facilitated the transformation of Ho Chi Minh's army from a small loosely organized poorly equipped guerrilla force in the 1940s into a formidable well-trained professional army capable of defeating first the French 1946 1954 and then the Americans 1963 1973 Even after the signing of the Geneva Peace Agreement China continued to aggressively support Vietnam Between 1955 and 1963 Chinese military aid totaled 106 million and these massive contributions enabled Ho Chi Minh to build up a strong conventional force After 1964 China increased its aid and provided approximately 20 billion more in military and economic aid to Vietnam Western strategists and historians have long speculated about the extent of China's involvement in Vietnam but it was not until recently that newly available archival materials revealed the true extent of China's influence its level of military assistance training strategic advising and monetary means during the war This illuminating study answers questions about China's intention objective strategy and operations of its involvement in the Vietnam Wars To Run the World Sergey Radchenko,2024-05-30 Reveals how perennial insecurities delusions of grandeur and desire for recognition propelled Moscow on a headlong quest for global power **Politics in China** William A. Joseph,2024-07-19 Politics in China is an authoritative introduction to how the world's second most populous nation and rapidly rising global power is governed today Written by leading China scholars each chapter offers an accessible overview of a key topic in Chinese politics The fourth

edition of Politics in China has been thoroughly updated and includes a new chapter on the rise and rule of Xi Jinping It is essential reading not only for students studying the PRC but also for any reader interested in learning how China has evolved in recent times how its political system works and about the most important challenges it faces in years ahead The Titans of the Twentieth Century Michael Mandelbaum,2024 In The Titans of the Twentieth Century the eminent scholar Michael Mandelbaum provides a group portrait of the most influential political figures of the twentieth century Woodrow Wilson Lenin Hitler Churchill FDR Ghandi David Ben Gurion and Mao Mandelbaum s selective principle is a combination of novelty political power geopolitical importance and long term influence For better or worse these are the men who did more than anyone else to shape the world that we live in today Through their lives this book provides a unique window into the political forces that shaped the twentieth century and laid the groundwork for the twenty first China and the New Maoists Kerry Brown,Simone van Nieuwenhuizen,2016-08-15 Forty years after his death Mao remains a totemic if divisive figure in contemporary China Though he retains an immense symbolic importance within China s national mythology the rise of a capitalist economy has seen the ruling class become increasingly ambivalent towards him And while he continues to be a highly visible and contentious presence in Chinese public life Mao s enduring influence has been little understood in the West In China and the New Maoists Kerry Brown and Simone van Nieuwenhuizen look at the increasingly vocal elements who claim to be the true ideological heirs to Mao ranging from academics to cyberactivists as well as at the state s efforts to draw on Mao s image as a source of legitimacy This is a fascinating portrait of a country undergoing dramatic upheavals while still struggling to come to terms with its past **Guerrilla Warfare** Peter Polack,2020-01-10 This concise history of guerilla warfare presents profiles in combat courage from George Washington to Sim n Bol var Mao Zedong and beyond The concept of guerrilla warfare is centuries old with Sun Tzu s writing on the subject dating back to the sixth century BC One of the earliest recorded examples of guerrilla tactics deployed by a military leader was the campaign of Roman general Fabius Maximus who took a course of evasion and harassment against Hannibal s columns Guerilla Warfare is a compendium of prominent guerrilla leaders across the globe from thirteenth century Scotland s William Wallace to modern day Sri Lanka s Velupillai Prabhakaran It profiles each leader to analyze their personal history military tactics and political strategy All are home grown leaders of extended guerrilla campaigns Many became the first leaders of their liberated countries Both victories and defeats are included here in an analysis of effective guerrilla tactics as well as counterinsurgency strategies Today the labels of insurgent freedom fighter and jihadi are fast replacing guerrilla The old notion of the guerrilla associated with fights for independence and the end of colonialization has dimmed with modern and far reaching religious insurgencies taking their place This concise history gives a fascinating overview of a once history altering form of warfare

Bureaucracies at War Tyler Jost,2024-06-27 Rethinks how bureaucracy shapes foreign policy miscalculation is less likely when political leaders can extract quality information from the bureaucracy **Grand Strategy in Theory and Practice**

William C. Martel, 2015-01-12 This book explores fundamental questions about grand strategy as it has evolved across generations and countries. It provides an overview of the ancient era of grand strategy and a detailed discussion of its philosophical, military, and economic foundations in the modern era. The author investigates these aspects through the lenses of four approaches: those of historians, social scientists, practitioners, and military strategists. The main goal is to provide contemporary policy makers and scholars with a historic and analytic framework in which to evaluate and conduct grand strategy. By providing greater analytical clarity about grand strategy and describing its nature and its utility for the state, this book presents a comprehensive theory on the practice of grand strategy in order to articulate the United States' past, present, and future purpose and position on the world stage.

The Cambridge History of Communism: Volume 2, The Socialist Camp and World Power 1941-1960s Norman Naimark, Silvio Pons, Sophie Quinn-Judge, 2017-09-21 The second volume of The Cambridge History of Communism explores the rise of Communist states and movements after World War II. Leading experts analyze archival sources from formerly Communist states to re-examine the limits to Moscow's control of its satellites, the de-Stalinization of 1956, Communist reform movements, the rise and fall of the Sino-Soviet alliance, the growth of Communism in Asia, Africa, and Latin America, and the effects of the Sino-Soviet split on world Communism. Chapters explore the cultures of Communism in the United States, Western Europe, and China, and the conflicts engendered by nationalism and the continued need for support from Moscow. With the danger of a new Cold War developing between former and current Communist states and the West, this account of the roots, development, and dissolution of the socialist bloc is essential reading.

The Oxford History of Modern China Jeffrey N. Wasserstrom, 2022-01-27 excellent LSE Review of Books China is the world's most populous country and newest superpower whose place on the international stage can only be understood through the lens of its modern history. The Oxford History of Modern China is essential reading for anyone who wants to understand this rising power in what promises to be the Chinese century. Covering the period of dramatic shifts and surprising transformations which comprise China's modern history, the book spans from the founding of the Qing Dynasty (1644-1912) to the present day. It introduces readers to important but often overlooked events in China's past such as the bloody Taiping Civil War (1850-1864) and also sheds new light on more familiar landmarks in Chinese history such as the Opium War (1839-1842), the Boxer Uprising of 1900, the rise to power of the Chinese Communist Party in 1949, the Tiananmen protests, and the Beijing Massacre of 1989, and China's rise to economic superpower status in the 21st century. A new chapter for this edition brings the story into the era of Xi Jinping.

China's War in Korea Xiaobing Li, 2019-11-05 This book re-visits the history of the Korean War of 1950-1953 from a Chinese perspective, examining Chinese strategy and exploring why China sent three million troops to Korea in Mao's words to defend the homeland and safeguard the country, giving rise to what became the war's common name in China. It also looks into the relatively neglected historical factors which have redefined China's security concerns and strategic culture. Using newly available sources from China and the former Soviet Union, the

book considers how interactive the parameters of defense changes were in a foreign war against Western powers how flexible Chinese strategy was in the context of its intervention and how expansive its strategic cultural repertoire was at the crucial moment to defend the country Providing a re examination of China s military decisions and strategy evolution this text narrates the story of successive generations of Chinese leaders and provides a key insight into security issues in China and Northeast Asia today

Historical Dictionary of Chinese Foreign Affairs Lawrence R. Sullivan,2018-09-18 In an act of totally unnecessary and wanton destruction British forces in China during the Second Opium War 1856 1860 looted and destroyed much of the Old Imperial Summer Palace Yuanmingyuan including three imperial gardens and hundreds of halls pavilions and temples stock full of ancient artwork antiquities and literary works More than a hundred years later President Xi Jinping 2013 of the People s Republic of China PRC proclaimed the rejuvenation of the Chinese nation with the economic and especially military power to prevent any such recurrence of national humiliation Though not yet a superpower equal in global stature to the United States the PRC is undoubtedly poised to become the equal if not the superior power in the Asia Pacific region expanding its territorial claims in the South China Sea and asserting undisputed economic dominance With government business and academic leaders debating how regional and global powers should respond to a rising China

Historical Dictionary of Chinese Foreign Affairs contains a chronology an introduction a glossary appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on major events national institutions foreign nations and personages impacting Chinese foreign affairs along with the many institutions of the post World War II international order that the PRC has engaged especially since the 1970s This book is an excellent resource for students researchers and anyone wanting to know more about Chinese foreign affairs

Forgotten Ally Rana Mitter,2013-09-10 A history of the Chinese experience in WWII named a Book of the Year by both the Economist and the Financial Times Superb The New York Times Book Review In 1937 two years before Hitler invaded Poland Chinese troops clashed with Japanese occupiers in the first battle of World War II Joining with the United States the Soviet Union and Great Britain China became the fourth great ally in a devastating struggle for its very survival In this book prize winning historian Rana Mitter unfurls China s drama of invasion resistance slaughter and political intrigue as never before Based on groundbreaking research this gripping narrative focuses on a handful of unforgettable characters including Chiang Kai shek Mao Zedong and Chiang s American chief of staff Vinegar Joe Stilwell and also recounts the sacrifice and resilience of everyday Chinese people through the horrors of bombings famines and the infamous Rape of Nanking More than any other twentieth century event World War II was crucial in shaping China s worldview making **Forgotten Ally** both a definitive work of history and an indispensable guide to today s China and its relationship with the West

The Oxford Illustrated History of Modern China Jeffrey N. Wasserstrom,2016-06-16 This lavishly illustrated volume explores the history of China during a period of dramatic shifts and surprising transformations from the founding of the Qing Dynasty 1644 1912 through to the present day The Oxford

Illustrated History of Modern China promises to be essential reading for anyone who wants to understand this rising superpower on the verge of what promises to be the Chinese century introducing readers to important but often overlooked events in China's past such as the bloody Taiping Civil War 1850-1864 which had a death toll far higher than the roughly contemporaneous American Civil War. It also helps readers see more familiar landmarks in Chinese history in new ways such as the Opium War 1839-1842, the Boxer Uprising of 1900, the rise to power of the Chinese Communist Party in 1949 and the Tiananmen protests and Beijing Massacre of 1989. This is one of the first major efforts and in many ways the most ambitious to date to come to terms with the broad sweep of modern Chinese history taking readers from the origins of modern China right up through the dramatic events of the last few years: the Beijing Games, the financial crisis and China's rise to global economic pre-eminence which have so fundamentally altered Western views of China and China's place in the world.
