

MAPPING JEWISH IDENTITIES

EDITED BY LAURENCE J. SILBERSTEIN

Mapping Jewish Identities New Perspectives On Jewish Studies 2000 07 01

Laura Levitt

Mapping Jewish Identities New Perspectives On Jewish Studies 2000 07 01:

Mapping Jewish Identities Laurence J. Silberstein, 2000-07 Is Jewish identity flourishing or in decline Community leaders and scholarly researchers continually seek to determine the attitudes beliefs and activities that best measure Jewish identity At issue according to these studies is the very survival of the Jewish community itself But such studies rarely ask what actually is being examined when we attempt to assess Jewish identity or any identity Most tend to assume that identity is a preexisting relatively fixed frame of reference reflecting shared cultural and historical experiences Drawing on recent work in such fields as cultural studies poststructuralist theory postmodern philosophy and feminist theory *Mapping Jewish Identities* challenges this premise Contesting conventional approaches to Jewish identity contributors argue that Jewish identity should be conceptualized as an ongoing dynamic process of becoming in response to changing cultural and social conditions rather than as a stable defining body of traits Contributors including Daniel Boyarin Laura Levitt Adi Ophir and Gordon Bearn examine such topics as American Jews desires to connect with a lost immigrant past through photography the complicated function of the Holocaust in the identity formation of contemporary Jews the impact of the struggle with the Palestinians on Israeli group identity construction and the ways in which repressed voices such as those of women Mizrahim and Israeli Arabs have changed our ways of thinking about Jewish and Israeli identity

The Routledge Handbook of Contemporary Jewish Cultures Nadia Valman, Laurence Roth, 2017-07-14 The Routledge Handbook to Contemporary Jewish Cultures explores the diversity of Jewish cultures and ways of investigating them presenting the different methodologies arguments and challenges within the discipline Divided into themed sections this book considers in turn How the individual terms Jewish and culture are defined looking at perspectives from Anthropology Music Literary Studies Sociology Religious Studies History Art History and Film Television and New Media Studies How Jewish cultures are theorized looking at key themes regarding power textuality religion secularity memory bodies space and place and networks Case studies in contemporary Jewish cultures With essays by leading scholars in Jewish culture this book offers a clear overview of the field and offers exciting new directions for the future

American Book Publishing Record, 2006 *Jewish Identity and Palestinian Rights* David Landy, 2012-09-13 Diaspora Jews are increasingly likely to criticise Israel and support Palestinian rights In the USA Europe and elsewhere Jewish organisations have sprung up to oppose Israel s treatment of Palestinians facing harsh criticism from fellow Jews for their actions Why and how has this movement come about What does it mean for Palestinians and for diaspora Jews *Jewish Identity and Palestinian Rights* is a groundbreaking study of this vital and growing worldwide social movement examining in depth how it challenges traditional diasporic Jewish representations of itself It looks at why people join this movement and how they relate to the Palestinians and their struggle asking searching questions about transnational solidarity movements This book makes an important contribution to Israel Palestine and Jewish studies and responds to urgent questions in social movement theory

American Jewish Loss After the Holocaust Laura

Levitt,2007-11 Many of us belong to communities that have been scarred by terrible calamities And many of us come from families that have suffered grievous losses How we reflect on these legacies of loss and the ways they inform each other are the questions Laura Levitt takes up in this provocative and passionate book An American Jew whose family was not directly affected by the Holocaust Levitt grapples with the challenges of contending with ordinary Jewish loss She suggests that although the memory of the Holocaust may seem to overshadow all other kinds of loss for American Jews it can also open up possibilities for engaging these more personal and everyday legacies Weaving in discussions of her own family stories and writing in a manner that is both deeply personal and erudite Levitt shows what happens when public and private losses are seen next to each other and what happens when difficult works of art or commemoration such as museum exhibits or films are seen alongside ordinary family stories about more intimate losses In so doing she illuminates how through these ordinary stories we may create an alternative model for confronting Holocaust memory in Jewish culture **Index to Jewish**

Periodicals ,2001 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests **Beyond Post-Zionism** Eran Kaplan,2015-01-08 Comprehensive and critical analysis of the post Zionist debates and their impact on various aspects of Israeli culture Post Zionism emerged as an intellectual and cultural movement in the late 1980s when a growing number of people inside and outside academia felt that Zionism as a political ideology had outlived its usefulness The post Zionist critique attempted to expose the core tenets of Zionist ideology and the way this ideology was used to justify a series of violent or unjust actions by the Zionist movement making the ideology of Zionism obsolete In Beyond Post Zionism Eran Kaplan explores how this critique emerged from the important social and economic changes Israel had undergone in previous decades primarily the transition from collectivism to individualism and from socialism to the free market Kaplan looks critically at some of the key post Zionist arguments the orientalist and colonial nature of Zionism and analyzes the impact of post Zionist thought on various aspects literary cinematic of Israeli culture He also explores what might emerge after the political and social turmoil of the last decade as an alternative to post Zionism and as a definition of Israeli and Zionist political thought in the twenty first century A Taytsh Manifesto Saul Noam Zaritt,2024-10-01 A Taytsh Manifesto calls for a translational paradigm for Yiddish studies and for the study of modern Jewish culture Saul Noam Zaritt calls for a shift in vocabulary from Yiddish to taytsh in order to promote reading strategies that account for the ways texts named as Jewish move between languages and cultures Yiddish a moniker that became dominant only in the early twentieth century means Jewish and thus marks the language with a single identity of and for a Jewish collective In contrast this book calls attention to an earlier and at one time more common name for the language taytsh which initially means German By using the term taytsh speakers indicated that they were indeed speaking a Germanic language a language that was not entirely their own In time when the word shifted to a verb taytshn it came to mean the act of translation To write or speak in Yiddish is thus to render into taytsh and inhabit the gap between languages A Taytsh

Manifesto highlights the cultural porousness that inheres in taytsh and deploys the term as a paradigm that can be applied to a host of modern Jewish cultural formations The book reads three corpora in modern Yiddish culture through the lens of translation Yiddish pulp fiction also known as shund trash the genre of the Yiddish monologue as authored by Sholem Aleichem and other prominent Yiddish writers and the persistence of Yiddish as a language of vulgarity in contemporary U S culture Together these examples help revise current histories of Yiddish while demonstrating the need for new vocabularies to account for the multidirectionality of Jewish culture A Taytsh Manifesto develops a model for identifying in Yiddish and beyond how cultures intertwine how they become implicated in world systems and empire and how they might escape such limiting and oppressive structures *Ethnocracy* Oren Yiftachel,2006-07-25 An important book which adds the often neglected angle of political geography to the growing body of critical research on the Israeli state and society and on the Jewish Arab conflict Baruch Kimmerling The Hebrew University of Jerusalem *Understanding the Middle East Peace Process* Asima Ghazi-Bouillon,2009-01-30 Asima Ghazi Bouillon examines the Middle East peace process since Oslo and how Israel s sense of national identity has changed and been interpreted In particular the book analyzes the highly contentious academic debates between the New Historians post Zionists and neo Zionists Place and Ideology in Contemporary Hebrew Literature Karen Grumberg,2012-01-05 John Brinckerhoff Jackson theorized the vernacular landscape as one that reflects a way of life guided by tradition and custom distanced from the larger world of politics and law This quotidian space is shaped by the everyday culture of its inhabitants In *Place and Ideology in Contemporary Hebrew Literature* Grumberg sets anchor in this and other contemporary theories of space and place then embarks on subtle close readings of recent Israeli fiction that demonstrate how literature in practice can complicate those discourses Literature in Israel over the past twenty five years tends to be set in ordinary spaces rather than in explicitly ideologically charged locations such as contested borders and debated territories Rarely taking place in settings of war and political violence it depicts characters encounters with everyday places such as buses and caf s as central to their self conception Yet in academic discussions the imaginative representations of these sites tend to be neglected in favor of spaces more overtly relevant to religious and political debates To fill this gap Grumberg proposes a new understanding of how Israeli identity is mapped onto the spaces it inhabits She demonstrates that in the writing of many Israeli novelists even mundane sites often have significant ideological implications Exploring a wide range of authors from Amos Oz to Orly Castel Bloom Grumberg argues that literary depictions of vernacular places play a profound and often unidentified role in serving or resisting ideology *New Perspectives on the Indian Diaspora* Ruben Gowricharn,2021-07-22 This book critically examines new perspectives on the transformations in the Indian diaspora It studies the changing perspectives on the historical background of the diaspora and analyses fresh and emerging views in response to new configurations in diaspora relations The volume highlights the transformation of the old Indian diaspora into a new ensemble in which economic ideological and cultural forces predominate and interact closely It looks at

various themes including Indian indentured emigration to sugar colonies comparisons between labour migration from India and China the Girmitya diaspora the Indian diaspora in Africa and the rise of racial nationalism India's soft power in the Gulf region and the repurposing of the Hindutva idea of India for Western societies as undertaken by diaspora communities Lucid and topical this book will be useful for scholars and researchers of diaspora studies migration studies political studies international relations globalisation political sociology sociology and South Asia studies

The Changing World Religion Map

Map Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind's eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

From Occupation to Occupy Sina Arnold, 2022-09-06 The recent rise of antisemitism in the United States has been well documented and linked to groups and ideologies associated with the far right In *From Occupation to Occupy* Sina Arnold argues that antisemitism can also be found as an invisible prejudice on the left Based on participation in left wing events and demonstrations interviews with activists and analysis of left wing social movement literature Arnold argues that a pattern for enabling antisemitism exists Although open antisemitism on the left is very rare there are recurring instances of antisemitic trivialization in which antisemitism is not perceived as a relevant issue in its own right leading to a lack of empathy for Jewish concerns and grievances Arnold's research also reveals a pervasive defensiveness against accusations of antisemitism in left wing politics with activists fiercely dismissing the possibility of prejudice against Jews within their movements and invariably shifting discussions to critiques of Israel or other forms of

racism From Occupation to Occupy offers potential remedies for this situation and suggests that a progressive political movement that takes antisemitism seriously can be a powerful force for change in the United States

Jews and Their Foodways Anat Helman, 2015 Bringing together contributions from a diverse group of scholars Volume XXVIII of Studies in Contemporary Jewry presents a multifaceted view of the subtle and intricate relations between Jews and their foodways The symposium covers Europe the Middle East Africa and North America from the 20th century to the 21st

Between Exile and Exodus Sebastian Klor, 2017-11-06 A primary source analysis of the migration of Jews from Argentina to Israel Between Exile and Exodus Argentinian Jewish Immigration to Israel 1948 1967 examines the case of the 16 500 Argentine Jewish immigrants who arrived in Israel during the first two decades of its existence 1948 1967 Based on a thorough investigation of various archives in Argentina and Israel author Sebastian Klor presents a sociohistoric analysis of that immigration with a comparative perspective Although many studies have explored Jewish immigration to the State of Israel few have dealt with the immigrants themselves Between Exile and Exodus offers fascinating insights into this migration its social and economic profiles and the motivation for the relocation of many of these people It contributes to different areas of study Argentina and its Jews Jewish immigration to Israel and immigration in general This book s integration of a computerized database comprising the personal data of more than 10 000 Argentinian Jewish immigrants has allowed the author to uncover their stories in a direct intimate manner Because immigration is an individual experience rather than a collective one the author aims to address the individual s perspective in order to fully comprehend the process In the area of Argentinian Jewry it brings a new approach to the study of Zionism and the relations of the community with Israel pointing out the importance of family as a basis for mutual interactions Klor s work clarifies the centrality of marginal groups in the case of Jewish immigration to Israel and demystifies the idea that Aliya from Argentina was solely ideological In the area of Israeli studies the book takes a critical view of the catastrophic concept as a cause for Jewish immigration to Israel analyzing the gap between the decision makers in Israel and in Argentina and the real circumstances of the individual immigrants It also contributes to migration studies showing how an atypical case such as the Argentine Jewish immigrants to Israel is shaped by similar patterns that characterize classical mass migrations such as the impact of chain migrations and the immigration of marginal groups This book s importance its contribution to the historical investigation of the immigration phenomenon in general and specifically immigration to the State of Israel lies in uncovering and examining individual viewpoints alongside the official bureaucratic immigration narrative Scholars in various fields and disciplines including history Latin American studies and migration studies will find the methodology utilized in this monograph original and illuminating

The Jewish Encounter with Hinduism Alon Goshen-Gottstein, 2017-08-01 Hinduism has become a vital other for Judaism over the past decades The book surveys the history of the relationship from historical to contemporary times from travellers to religious leadership It explores the potential enrichment for Jewish theology and spirituality as well as the challenges for Jewish

identity Displaced at Home Rhoda Ann Kanaaneh, Isis Nusair, 2010-10-01 Most media coverage and research on the experience of Palestinians focuses on those living in the West Bank or the Gaza Strip while the sizable minority of Palestinians living within Israel rarely garners significant academic or media attention Offering a rich and multidimensional portrait of the lived realities of Palestinians within the state of Israel *Palestinians in Israel Revisited* gathers a group of Palestinian women scholars who present unflinching critiques of the complexities and challenges inherent in the lives of this understudied but important minority within Israel The essays here engage topics ranging from internal refugees and historical memory to women's sexuality and the resistant possibilities of hip hop culture among young Palestinians Unique in the collection is sustained attention to gender concerns which have tended to be subordinated to questions of nationalism statehood and citizenship The first collection of its kind in English *Palestinians in Israel Revisited* presents on the ground examples of the changing political social and economic conditions of Palestinians in Israel and examines how global national and local concerns intersect and shape their daily lives American Jewish Year Book 2015 Arnold Dashefsky, Ira M. Sheskin, 2016-02-03 This Year Book now in its 115th year provides insight into major trends in the North American Jewish communities and is the Annual Record of the North American Jewish Communities The first two chapters of Part I examine Jewish immigrant groups to the US and Jewish life on campus Chapters on National Affairs and Jewish Communal Affairs analyze the year's events Three chapters analyze the demography and geography of the US Canada and world Jewish populations Part II provides Jewish Federations Jewish Community Centers social service agencies national organizations overnight camps museums and Israeli consulates The final chapters present national and local Jewish periodicals and broadcast media academic resources including Jewish Studies Programs books articles websites and research libraries and lists of major events in the past year Jewish honorees and obituaries For those interested in the North American Jewish community scholars service providers volunteers this volume undoubtedly provides the single best source of information on the structure dynamics and ongoing religious political and social challenges confronting the community It should be on the bookshelf of everyone interested in monitoring the dynamics of change in the Jewish communities of North America Sidney Goldstein Founder and Director Population Studies and Training Center Brown University and Alice Goldstein Population Studies and Training Center Brown University The American Jewish Year Book is a unique and valuable resource for Jewish community professionals It is part almanac directory encyclopedia and all together a volume to have within easy reach It is the best concise diary of trends events and personalities of interest for the past year We should all welcome the Year Book's publication as a sign of vitality for the Jewish community Brenda Gevertz Executive Director JPRO Network the Jewish Professional Resource Organization *Jewish Women* Katharina Galor, 2023-12-15 *Jewish Women Between Conformity and Agency* examines the concepts of gender and sexuality through the primary lens of visual and material culture from antiquity through to the present day The backbone of this transhistorical and transcontextual study is the question of Jewish women's

agency in four different geographical chronological and methodological contexts beginning with women's dress codes in Roman Byzantine Syro Palestine continuing with rituals of purity in medieval Ashkenaz worship in papal Avignon and the Comtat Venaissin and ending with marriage and divorce in Israeli film Each of these explorations is interested in creating a dialogue between the patriarchal legacy of the traditional texts and the chronologically corresponding visual and material culture The author challenges traditional approaches to the study of Jewish culture by employing tools from art history archaeology and film and media studies In each of these different contexts there is ample evidence that women despite persistent overall structural discrimination have found ways to challenge male constructs of gender norms Ultimately these examples from past and present times highlight women's eminence in shaping Jewish history and culture Bringing a new interdisciplinary lens to the study of the history of gender and sexuality the book will be of interest to students and researchers of Jewish history and culture art history archaeology and film studies
