Forgotten Marlene Goldman, 2017-11-07 Since the 1860s long before scientists put a name to Alzheimer's disease Canadian authors have been writing about age related dementia Originally most of these stories were elegies designed to offer readers consolation Over time they evolved into narratives of gothic horror in which the illness is presented not as a normal consequence of aging but as an apocalyptic transformation Weaving together scientific cultural and aesthetic depictions of dementia and Alzheimer's disease *Forgotten* asserts that the only crisis associated with Canada's aging population is one of misunderstanding Revealing that turning illness into something monstrous can have dangerous consequences Marlene Goldman seeks to identify the political and social influences that have led to the gothic disease model and its effects on society Examining the works of authors such as Alice Munro Michael Ignatieff Jane Rule and Caroline Adderson alongside news stories and medical and historical discussions of Alzheimer's disease Goldman provides an alternative person centred perspective to the experiences of aging and age related dementia Deconstructing the myths that have transformed cognitive decline into a corrosive fantasy *Forgotten* establishes the pivotal role that fictional and non fictional narratives play in cultural interpretations of disease

Sketches from an Unquiet Country Dominic Hardy, Annie Gérin, Lora Senechal Carney, 2018-06-08 Canadian readers have enjoyed their own graphic satire since colonial times and Canadian artists have thrived as they took aim at the central issues and figures of their age Graphic satire a combination of humorous drawing and text that usually involves caricature is a way of taking an ethical stand about contemporary politics and society First appearing in short lived illustrated weeklies in Montreal Quebec City and Toronto in the 1840s usually as unsigned copies of engravings from European magazines the genre spread quickly as skilled local illustrators engravers painters and sculptors joined the teams of publishers and writers who sought to

shape public opinion and public policy A detailed account of Canadian graphic satire *Sketches from an Unquiet Country* looks at a century bookended by the aftermath of the 1837-38 Rebellions and Canada's entry into the Second World War As fully fledged artist commentators Canadian cartoonists were sometimes gently ironic but they were just as often caustic and violent in the pursuit of a point of view This volume shows a country where conflicts crop up between linguistic and religious communities a country often resistant to social and political change for women and open to the cross currents of anti-Semitism xenophobia and fascism that flared across Europe and North America in the early twentieth century Drawing on new scholarship by researchers working in art history material culture and communication studies *Sketches from an Unquiet Country* follows the fortunes of some of the artists and satiric themes that were prevalent in the centres of Canadian publishing
