aka the stability and balance of your body's systems Note the plentiful scientific terms and evidence peppered throughout While Dr Marcy B says that my most profound experiences of spiritual knowledge served as a reminder to trust myself to always trust myself her engagement with a solid factual foundation allows us to trust her too Additionally she writes in an extremely accessible style presenting lessons that are easily understood but speak volumes Like a gentle therapist therapy is something she sincerely encourages by the way she offers kind empathetic advice backed by years of study I'm sure you've heard that people are onions Dr Marcy B takes that metaphor and runs with it describing our journey as peeling back four layers through the application of FEATs The first layer contains tools of mindfulness breath and meditation and a breakdown of each She even provides a soothing meditation script In layer two when we explore we start getting to the sources of fear based messages and false and limiting beliefs She again introduces tools one being journaling To those of you who sit and exasperatedly stare at a blank notebook page never fear our author gives directions to optimize the experience and make the most of this potentially powerful tool Layer three Acceptance is a tricky one After all the author herself had a plan for her perfect life that she had to relinquish Naturally a little perspective shift and some incorporation of gratitude didn't hurt but she has still more tips and tricks up her sleeve The final layer Transform utilizes imagery and visualizations to narrow in on that inner Conqueress Dr Marcy B details her own unfolding and assures us that we too now have the Tools to transform your life The outcome will exceed your wildest dreams Trust the Conqueress to know how to achieve them Closing The Conqueress the reader indeed has plenty to work with and work towards the journey is led by a sincerely gifted guide in Dr Marcy Buehler BookTrib 2021 **New York**, 1990 **Nautilus** Michael D.
