Marguerite Duras a construit les structures de la conscience le protagoniste les instances sociales l'Histoire Cette construction romanesque et cet écartement des codes cette remise en question des fondements traditionnels ouvrent la voie à une nouvelle écriture et à un nouveau littéraire En même temps cette écriture subversive qui bouleverse l'ordre du roman traditionnel fait face aux bouleversements et aux troubles de la guerre vécus dans La Douleur La désorganisation du roman reproduit le désordre de notre siècle Duras se sert de sa propre construction de son propre langage pour servir sa création littéraire elle puise dans la psychologie pour évoquer ce que la littérature d'après guerre n'a pu dévoiler la construction de l'Histoire et l'indicible Une étude passionnante tant au niveau historique que littéraire qui met admirablement en exergue un aspect peu connu de la littérature de Marguerite Duras En se penchant sur La Douleur Jean François Laguian parle de littérature et donc de passion mais également de la guerre et des camps et donc de l'homme de ses vices et de ses courages comme Duras l'avait fait Un travail rigoureux et intelligent qui rend un bel hommage à une œuvre méconnue parce que dure et étrangère réaliste ainsi que l'immensecrivaine qu'était Marguerite Duras **Image/texte** Dylan Brie Ducey, 1989

Lyotard, Beckett, Duras, and the Postmodern Sublime Andrew Slade, 2007 Original Scholarly Monograph *Trauma Culture* E. Ann Kaplan, 2005-07-11 E Ann Kaplan explores the relationship between the impact of trauma on individuals and on entire cultures and nations Arguing that humans possess a need to draw meaning from personal experience and to communicate what happens to others she examines the forms that are used to bridge the experience *Refiguring Les Années Noires* Kathy Comfort, 2018-11-16 Through a close reading of seven literary memoirs of the Nazi Occupation of France *Refiguring Les Années Noires* Literary Representations of the Nazi Occupation shows how the memory of the period has been shaped by political and social factors An interdisciplinary study incorporating trauma theory history and folklore studies this book examines representations of the Occupation by a diverse group of writers ranging from a female Resistance fighter to one of the first French Roma novelists The methodological diversity of the volume brings to the fore each author's unique perspective and demonstrates that their works are at once historically and artistically significant Above all this book gives voice to groups whose experiences in occupied France have largely been forgotten **The Documentary**

Imagination in Twentieth-Century French Literature Alison James, 2020-09-03 The Documentary Imagination in Twentieth Century French Literature identifies a documentary impulse in French literature that emerges at the end of the nineteenth century and culminates in a proliferation of factual writings in the twenty first Focusing on the period bookended by these two moments it highlights the enduring concern with factual reference in texts that engage either with current events or the historical archive Specifically it considers a set of ideas and practices centered on the conceptualization and use of documents In doing so it contests the widespread narrative that twentieth century French literature abandons the realist enterprise and argues that writers instead renegotiate the realist legacy outside or at the margins of the fictional space of the novel Analyzing works by authors including Gide Breton Aragon Yourcenar Duras and Modiano the book defines

a specific documentary mode of literary representation that records assembles and investigates material traces of reality The document is a textual visual or material piece of evidence repurposed through its visual insertion textual transcription or description within a literary work It is a fact but it also becomes a figure standing for literature's confrontation with the real The documentary imagination involves a fantasy of direct access to a reality that speaks for itself At the same time it gives rise to concrete textual practices that open up new directions for literature by interrogating the construction and interpretation of facts

The Memory of Pain Camila Loew, 2011 In this book Camila Loew analyzes four women's testimonial literary writings on the Holocaust to examine and question some of the tenets of the fields of Holocaust studies gender studies and testimony Through a close reading of the works of Charlotte Delbo Margarete Buber Neumann Ruth Kluger and Marguerite Duras Loew foregrounds these authors' search for a written form to engage with their experiences of the extreme Although each chapter contains its individual focus and features the book possesses a unity in intention concerns and consequences In the theoretical introduction that unites the four chapters Loew eschews essentialism and revises the emergence of the field of Women and Holocaust studies from the early 1980s on and signals some of its shortcomings In response and in accordance with a recent turn in various disciplines of the Humanities Loew highlights the ethical dimension of testimony and its responsible commitment to the other In dealing with the texts as literary testimonies a complex genre between literature and history testimony is freed from the obligation to respond to the requirements of factual truth and becomes a privileged form to voice the traumatic event and to symbolically explore the role of excess

La douleur, pièce de Marguerite Duras, 2008 Pour une histoire de « la douleur » de Marguerite Duras Andrea Manara, 2011 Lorsqu'elle présente son livre *La douleur* Marguerite Duras ne parle pas comme un auteur de romans elle avoue avoir perdu toute conscience relative à l'écriture de ce texte et sa position par rapport à son livre est paradoxalement celle d'une lectrice L'image de deux cahiers retrouvés condense en quelques mots toute la dialectique de la vérité et de la fiction de la mémoire et de l'oubli en ce qui concerne notamment le débat portant encore aujourd'hui sur la question fondamentale du témoignage en littérature Par ses glissements et les contradictions dynamiques entre lecture et écriture désormais indissociables le prologue de *La douleur* touche en effet une expérience qui s'inscrit sous le signe des grandes formes d'expérimentation littéraire du XX^e siècle La lecture des cahiers dont le prologue annonce la découverte leur existence même tiendra ainsi entièrement dans le redoublement de cette expérience et dans l'engagement notamment d'une analyse retrouvant ce fragment de littérature confondu l'ensemble anonyme et indistinct de tous les textes littéraires composant avec les caractères les images les figures des notes pour une histoire de *La douleur* de Marguerite Duras s'activant l'intérieur de notre modernité littéraire

Écrire la frontière Nathalie Martinière, Sophie Le Ménahèze, 2003 La 4^e de couverture indique que la frontière consiste d'abord représenter une zone souvent quivoque car elle est la fois séparation et contact mais c'est aussi circonscrire l'œuvre et simultanément s'interroger sur la pertinence des limites génériques et des normes poétiques Des spécialistes de littérature mais aussi d

histoire et d'art contemporain proposent un parcours diachronique explorant le déploiement du concept travers des œuvres variées qui malgré leurs dissemblances apparentes semblent souvent se répandre. Toutes confirment une même constitution de l'identité des sujets représentés des auteurs de l'œuvre elle-même en tant qu'objet autour de cette idée de frontière que celle-ci soit revendiquée ou rejetée comme si l'individuation mais aussi l'inscription dans une communauté ou la sortie de cette communauté dépendait avant tout de repères spatiaux qu'il importe de pouvoir tracer. Espace pour servir surveiller et simultanément appel irrésistible au franchissement la frontière pose des limites et invite leur brouillage. Créer la frontière n'est-ce pas finalement dessiner un ternel palimpseste qui s'enrichit au fil de lectures croisées et de déchiffrements singuliers traçant la carte d'identités souvent conflictuelles mais qui toutes se font chose.
