There is also exhaustive coverage of the soundtrack and hit collections that every home should have Like all collections there are records you listen to constantly albums you ve forgotten albums you hardly play albums you love guiltily and albums you thought you were alone in treasuring proving The MOJO Collection to be an essential purchase for those who love and live music **Diary Volume 1: The Beatles Years** Barry Miles, 2009-10-27 An intimate day by day history of all four Beatles from childhood to the break up of the group All the concerts film TV and radio appearances interviews hushed up scandals the sex and the drugs the triumphs and guarrels and all the Beatles related births marriages and deaths Essential reading for anyone interested in rock s most influential phenomenon of all time The Rockin' 60s: The People Who Made the Music Brock Helander, 2001-01-01 The Rockin 60s is a comprehensive guide through the decade that produced the greatest music of all time The Beatles The Rolling Stones Bob Dylan Jimi Hendrix Led Zeppelin Phil Spector The Beach Boys Aretha Frankin and hundreds more emerged from this era Delve into a narrative history of each group and examine the people behind the music along with an analysis of key recordings discography and archival photos throughout **Why Marianne Faithfull Matters** Tanya Pearson, 2021-07 Marianne Faithfull has been an actress and model as well as a musician who has released more than a dozen albums over five decades She first entered the public sphere in 1964 with the song As Tears Go By which also was recorded by the Rolling Stones and she is still best known to some people as Mick Jagger's girlfriend of the late 60s As her autobiographies attest Faithfull was involved with the Stones for years as both muse and co writer of songs like Sister

Morphine and lived a rock n roll life for a long time Her punk influenced album of 1979 Broken English was widely praised but by the late 1980s she had re invented herself as a chanteuse She managed to kick her heroin addiction by the mid 80s and has continued to make music and act in films and has been the subject of numerous tributes and recipient of several lifetime achievement awards Tanya Pearson s manuscript looks at Faithfull s life and art which resonates with her on multiple levels as an avid fan a recovered addict a feminist a musician a gay perpetually single woman and a professional historian The narrative is mostly chronological divided into three parts with short sketches devoted to specific experiences or songs Part one covers Faithfull's rise to It Girl of the Swinging 60s the infamous drug bust at Keith Richards's house her breakup with Mick Jagger and subsequent fall after the inevitable slut shaming Part two focuses on the depths of her heroin addiction and eventual resurrection with Broken English Part three brings us up to the present with MF as survivor and icon sober and sui generis For the author this is Faithfull's most interesting period and the era that produced her greatest work Throughout the book Pearson inserts herself as a sort of narrator one who has walked some similar roads and been inspired by MF even when their literal circumstances were very different She s not so much equating herself and her subject but using her own experience as a way to understand Faithfull's life and work So for instance when discussing Faithfull's first record after getting sober Pearson talks about how difficult it is to plumb one s emotional depths in the early stages of recovery which made it impossible for Pearson herself to write songs This leads into the story of Faithfull's Strange Weather which is composed of covers and songs written for her by other people The book concludes with a discography and list of The Beatles and McLuhan Thomas MacFarlane, 2013 In the 1960s The Beatles would address like no other musical films act a radical shift in the cultural mindset of the late twentieth century Through tools of electric technology this shift encompassed the decline of visual modes of perception and the emergence of a way of knowing based increasingly on sound In this respect the musical works of The Beatles would come to resonate with and ultimately reflect Marshall McLuhan s ideas on the transition into a culture of all at once ness a simultaneous world in which immersion in vibrant global community increasingly trumps the fixed viewpoint of the individual By engaging with recording technologies in a way that no popular act had before The Beatles opened up for exploration the acoustical space precipitated by this shift In The Beatles and McLuhan Understanding the Electric Age scholar and musician Thomas MacFarlane examines how the incorporation of electric technology in The Beatles art would enhance their musical impact MacFarlane surveys the relationship between McLuhan's ideas on the nature and effects of electric technology and The Beatles own engagement of that technology offers analyses of key works from The Beatles studio years with particular attention paid to the presence of cultural metaphors embedded in the medium of multi track recording and collates these data to offer stunning conclusions about The Beatles creative process in the recording studio and its cultural implications This work also features the first published transcriptions ever of the complete filmed conversation between John Lennon and Marshall McLuhan on their respective ideas as well as an

interview between MacFarlane and McLuhan's son and executor Michael McLuhan on his father's and the Beatles legacy The Beatles and McLuhan will interest scholars and students of music and music history recording technology media studies communications and popular culture Rolling Stoned Andrew Loog Oldham, 2014-08-25 Andrew Loog Oldham was the original manager of the Rolling Stones created their image and made Mick Jagger and Keith Richards into songwriters Without Andrew Loog Oldham the Rolling Stones would not have become The Greatest Rock and Roll Band in the World This Patti Smith Victor Bockris, Roberta Bayley, 1999 Patti Smith came to New York at the age of nineteen determined to become someone And she did with a vengeance Patti s intensely dramatic style her sensuality and her outrageous acts set her apart from other performers of the 1970s She was an astonishingly bold and powerful artist In Patti Smith Victor Bockris the much respected biographer of Lou Reed and Keith Richards and Roberta Bayley present the first full length biography of one of the most revered female rock artists of all time as well as a fascinating portrait of the frenzied New York scene in which she rocketed to fame From her roots in New Jersey to her reemergence after the death of her husband in the 1990s this remarkable biography documents Patti Smith's life within the larger context of the ebullient artistic climate of the 1970s and examines her influence on the generation of women artists who followed Bockris and Bayley explore Patti s complicated and intriguing relationships with Robert Mapplethorpe and Sam Shepard and her friendships with Bob Dylan John Cale Lou Reed and many other avant garde musicians and artists placing her at the heart of the New York art scene But as guickly as she rose to acclaim she did the unexpected She dropped out of sight and moved to Detroit to marry and raise a family Filled with little known stories and anecdotes about some of rock s most famous names Bockris and Bayley's stunning profile of this cultural icon confirms what ingrid Sischy wrote in an article in Interview magazine Smith gives us something that music and words are supposed to but in fact rarely deliver the power to transport ourselves

Rolling Stones - Uncensored On the Record , Rolling Stones FAQ Gary J. Jucha, 2019-11-22 Cleverly marketed by their original manager as the bad boys of rock the Rolling Stones have survived dalliances with the devil drug busts and the death of founding member Brian Jones to become the world's longest running rock and roll band Led by partners in crime Mick Jagger and Keith Richards the Rolling Stones have had No 1 hits released classic albums broken box office records and literally changed the world All too often however books on the Rolling Stones glimmer with gossip instead of shimmering with facts about the band's music The Rolling Stones FAQ presents these musical facts in a fast moving fan friendly read The five incarnations of the Rolling Stones are highlighted with in depth explorations of the band's hit records albums films and tours The band's story is told not only through the biographies of the eight men to each be called a Rolling Stone but also through the stories of session men producers managers artists girlfriends and wives who have contributed to the enduring yet controversial success of the Rolling Stones
