Marilyn And John Rendezvous With Destiny:

Marilyn and John. Rendezvous with Destiny Marylene Vincent, 2014-10-22 Marilyn and John Rendezvous with Destiny Fifty years after their untimely deaths why do Marilyn and John still inspire such incredible fascination What magic touches ordinary beings an abandoned little girl and a great grandson of indigent immigrants propelling them to such extraordinary destinies These characters straight out of novels rich famous and beautiful touched glory and lived through hell at the White House and in Hollywood The most powerful President of the twentieth century and the sexiest star in the world amazingly human behind their glossy public images tragically disappeared in the prime of their lives brutal deaths never completely elucidated that elevated them to mythical status The moment they met each perceived the other as in a mirror same origins and similar childhoods deprived of maternal love Masking deep inner wounds both were seductive and both unfaithful Dependent on prescription drugs they were strong and fragile all at once The playboy couldn't take his eyes off her and she smiled coyly as if apologizing for being so pretty He was eloquent she was elegant They both fell under the spell Their liaison known by their entourage intimates or associates the press the FBI the Mafia and even foreign governments was classified top secret in Puritan America A true love story or a passing fancy No matter their names will remain entwined for eternity

Rendezvous with Destiny Craig Shirley, 2014-04-08 A first rate work of insider history A monumental accomplishment National Review The election that changed everything Craig Shirley's masterful account of the 1980 presidential campaign reveals how a race judged too close to call as late as Election Day became a Reagan landslide and altered the course of history To write Rendezvous with Destiny Shirley gained unprecedented access to 1980 campaign files and interviewed more than 150 insiders from Reagan's closest advisers and family members to Jimmy Carter himself His gripping account follows Reagan's unlikely path from his bitter defeat on the floor of the 1976 Republican convention through his underreported wilderness years through grueling primary fights in which he knocked out several Republican heavyweights through an often nasty general election campaign complicated by the presence of a third party candidate not to mention the looming shadow of Ted Kennedy to Reagan's astounding victory on Election Night in 1980 Shirley's years of intensive research have enabled him to relate countless untold stories including at long last the solution to one of the most enduring mysteries in politics just how Reagan's campaign got hold of Carter's debate briefing books

Henri IV et les femmes. De l'amour à la mort VINCENT Marylène, 2015-04-01 Connaissez vous la mère d Henri IV Sa sœur ses pouses Ses conquêtes des plus ordinaires aux plus bourrifiantes On croit les connaître mais on en sait si peu de choses Ce livre en dévoile l'essentiel travers huit portraits de femmes toutes plus importantes les unes que les autres qui l'ont guidé inspiré influencé trahi entre amour haine et violence sa mère Jeanne très influente et désireuse pour son fils de la plus haute marche du pouvoir sa sœur Catherine maltraitée et humiliée Margot sa pouse infidèle qui lève une armée contre son mari Corisande son premier amour transformé en conseiller politique Gabrielle ou l'amour passion Henriette la comploteuse qui manigancera un assassinat Marie l'Italienne querelleuse

Charlotte l'impossible passion pour qui il va déclencher la guerre et bien d'autres. L'une d'entre elles a même armé le bras de Ravallac. Toutes ces femmes se croisent et leurs petites histoires vont permettre de mieux comprendre la grande histoire de France. Un ouvrage pédagogique pour vivre au plus près des personnages et des expressions d'époque. Un livre réaliste afin de s'immerger dans l'intimité du bon roi gaillard et paillard.

Le Clan Clovis VINCENT Marylène, 2017-01-16 En quoi l'épisode du vase de Soissons a-t-il modifié le cours de l'histoire ? Pourquoi les Barbares ont-ils envahi l'Empire romain ? Comment vivaient réellement nos ancêtres les Francs ? Quelle a-t-elle été l'influence des pouses et concubines auprès de ces valeureux guerriers ? Entre les V^e et VII^e siècles le clan Clovis a largement contribué aux profonds bouleversements de la société. Le digne successeur de Mérovée devenu premier roi barbare catholique du nouveau royaume franc va se battre toute sa vie pour agrandir un petit territoire et construire les frontières de la future France. Ses enfants et petits-enfants ne vont cesser quant à eux de se déchirer pour s'attacher à l'héritage paternel entre complots, empoisonnements ou meurtres, l'arme blanche, la fameuse francisque. Le peuple imite les puissants. La morale n'a plus cours. Les Francs se débattent des valeurs capitales pour quelques sous, prêtres ferrailleur pour le bien de la bourse. La violence se vit en tous lieux et dans tous les milieux. Sous forme d'abécédaire, vingt deux thématiques, lisez comme des nouvelles, nous dévoilent les aventures d'hommes et de femmes qui associées aux événements historiques nous permettent de mieux comprendre l'Histoire de France.

2017 La folle élection VINCENT Marylène, 2018-04-11 2017, une leçon présidentielle incroyable mais vraie. Vaudeville ou tragédie ? Assurément un scénario au suspense garanti, inconnu sous la V^e République. Rien que pour vous, peuple de France, cette édition unique rassemble le fossé creusé entre politiques et citoyens, excès d'un médiocrisme invraisemblable de mensonges, trahisons, magogies, manipulations, tricheries et paranoïa. Trois mois de campagne, treize à moins de vingt-cinq événements, abracadabrantesques douze semaines se pincer pour y croire, quatre-vingt quatre jours de concertation, le monde entier, voici de grands moments d'histoire condensés dans une revue de presse, l'humour noir, léger, caustique ou jovial. Divertissement assuré. Et pour tayer cette actualité au quotidien, des citations de personnages illustres en appellent au bon sens, aux valeurs universelles, autant de parallèles édifiants et d'enseignements bienfaisants. Ce livre est dédié aux hommes politiques qui se sont moqués de nous, notre tour de nous moquer d'eux dans la dérision et la bonne humeur.

Protecting the Presidential Candidates Mel Ayton, 2021-11-24 Protecting the Presidential Candidates is the first book of its kind to examine how presidents and presidential candidates were protected during the presidential election cycles from JFK to Biden It is also the first book of its kind to tell the story of the role of state troopers and private bodyguards in protecting presidential candidates Protection for candidates changed and evolved from the free wheeling style of the 1950s and early 1960s which afforded presidential candidates little or no protection to the growth of bodyguard personnel increased intelligence facilities and state of the art technology employed today to keep the candidates safe Presidential candidates relish connecting with the public and it has given greater visibility to the bodyguards who are willing to place themselves between a presidential candidate and a would be attacker In the milieu in which the Secret Service operates bodyguards have witnessed the terrors of election campaigns when presidential candidates have waded into crowds to shake hands with their supporters rode in open top cars and made sudden but risky changes to their schedules oblivious to the fact that in every campaign there have been people stalking candidates with ill intent Many stories revealed in Protecting the Presidential Candidates have remained largely hidden from the public some buried in newspaper archives and others in oral histories presidential libraries or official government documents The author draws on numerous sources including FBI files presidential biographies vice presidential biographies civilian bodyguard memoirs Secret Service agent memoirs White House staff memoirs and more so that these stories can now be told The book also allows readers to gain an insight into the personal as well as professional relationships between the candidate and the bodyguards who protected them Some candidates were so trusting of their bodyguards they embraced them as part of an inner circle of advisers Bodyguards have also witnessed embarrassing moments in a candidate s campaign and how intrusive they have been at the most delicate of moments The president s day is your day one agent said Nobody sees the president the way an agent does

Snow and Steel Peter

Caddick-Adams,2014-10-31 Between December 16 1944 and January 15 1945 American forces found themselves entrenched in the heavily forested Ardennes region of Belgium France and Luxembourg defending against an advancing German army amid freezing temperatures deep snow and dense fog Operation Herbstnebel Autumn Mist was a massive German counter offensive that stunned the Allies in its scope and intensity In the end the 40 day long Battle of the Bulge as it has come to be called was the bloodiest battle fought by U S forces in World War II and indeed the largest land battle in American history Before effectively halting the German advance some 89 000 of the 610 000 American servicemen committed to the campaign had become casualties including 19 000 killed The engagement saw the taking of thousands of Americans as prisoners of war some of whom were massacred by the SS but it also witnessed the storied stand by U S forces at Bastogne as German forces besieged the region and culminated in a decisive if costly American victory Ordered and directed by Hitler himself against the advice of his generals the Ardennes offensive was the last major German offensive on the Western Front In the wake of the defeat many experienced German units were left severely depleted of men and equipment Its last reserve squandered these irreplaceable losses would hasten the end of the war In Snow and Steel Peter Caddick Adams draws on interviews with over 100 participants of the campaign as well as archival material from both German and US sources to offer an engagingly written and thorough reassessment of the historic battle Exploring the failings of intelligence that were rife on both sides the effects of weather and the influence of terrain on the battle s outcome Caddick Adams deftly details the differences in weaponry and doctrine between the US and German forces while offering new insights into the origins of the battle the characters of those involved on both the American and German sides from the general staff to the foot soldiers the preparedness of troops and the decisions and tactics that precipitated the German retreat and the American victory Re examining the SS and German infantry units in the Bulge he shows that far from being deadly military units they were nearly all under strength short on equipment and poorly trained kept in the dark about the attack until the last minute they fought in total ignorance of their opponents or the terrain Ultimately Caddick Adams concludes that the German assault was doomed to failure from the start Aided by an intimate knowledge of the battlefield itself and over twenty years of personal battlefield experience Caddick Adams has produced the most compelling and complete account of the Bulge yet written

Wisconsin Votes Robert Booth Fowler,2008 In Wisconsin Votes Robert Booth Fowler tells the story of voting in elections across the years and investigates electoral trends and patterns over the course of Wisconsin s history My Fellow Americans James C. Humes,1992-03-23 The presidency in Theodore Roosevelt s famous words is a Bully Pulpit No one has studied the presidency from this vantage point This book in a sense is a study of American political history seen through the prism of selected presidential addresses It reveals how presidents used major addresses to create a theme for their administrations to introduce history making legislation or programs or to rally successfully a majority of the nation behind their policies No other book has examined the major presidential addresses their construction and their impact as history No

other book examines in such detail the background of the speechwriters who drafted the addresses James C Humes a former White House speechwriter has a unique understanding of the process of presidential speech drafting A single speech can be a defining point in American history such as the Kennedy inaugural Ask not what your country can do for you ask what you can do for your country or a rallying cry such as Franklin Roosevelt s inaugural The only thing we have to fear is fear itself It can become an American creed as did the Gettysburg Address or a prophecy like the Reagan address to the Houses of Parliament in 1982 Washington s Farewell Address would prescribe our conduct in foreign policy for a century as did the Monroe Doctrine in 1823 Sometimes the message is a declaration for war such as Wilson s speech in 1917 or a war against an economic elite like Jackson s Bank veto in 1832 or Cleveland s Tariff message in 1887 This book is of great interest not only to historians and political scientists but also to students of the presidency and government
