WPA Guide to Delaware Federal Writers' Project,2013-10-31 During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to

document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little known authors, many of whom would later become celebrated literary figures, were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The WPA Guide to Delaware takes the reader on a journey through the coastal beauty of the state from the Twelve Mile Circle to the Nanticoke River. Although Delaware is the second smallest state in terms of area, the guide offers 27 driving tours accompanied by engaging photographs and pen and ink drawings. Published in 1938, this guide to the First State also details Delaware's rich history.

Delaware; a Guide to the First State, Best Books on, 1938, compiled and written by the Federal Writers' Project of the Works Progress Administration for the state of Delaware. *Lectures on Painting and Design ...: Origin of the art. Julian S. Corbett, 2004-09-01. The respected naval historian emphasizes precise definitions of terminology and ideas as the antidote to purposeless discussion and the direct path to the fundamental data on which all are agreed.
