The Method Acting Exercises Handbook Lola Cohen, 2016-12-08
The Method Acting Exercises Handbook is a concise and practical guide to the acting exercises originally devised by Lee Strasberg, one of the Method's foremost practitioners. The Method trains the imagination, concentration, senses, and emotions to re-create, not imitate, logical, believable, and truthful behavior on stage and in film. Building on nearly 30 years of teaching internationally and at the Lee Strasberg Theatre and Film Institute in New York and Los Angeles, Lola Cohen details a series of specific exercises in order to provide clear instruction and guidance to this preeminent form of actor training. By integrating Strasberg's voice with her own tried and tested style of teaching, Cohen demonstrates what can be gained from the exercises, how they can inform and inspire your learning, and how they might be applied to your acting and directing practice. As a companion to *The Lee Strasberg Notes* (Routledge, 2010), a transcription of Strasberg's own teaching, *The Method Acting Exercises Handbook* offers an unparalleled and updated guide to this world-renowned technique.

The Quick Theory

Reference Guide Karin Jordan, 2007 Since the beginning of the concepts of family therapy mental health professionals have known that the family the system is a powerful source of support for change or a powerful force for resistance to change Some professionals work with individuals some with families and some with groups However all work with the context of the systems family group community country etc Students especially beginning students are overwhelmed and confused at the variety of approaches to working with clients Many programs introduce students to individual as well as systems concepts in the course of training Students need assistance in learning this variety of theories They need to be able to compare and contrast theories and techniques to determine when and where to utilise the best skills in order to facilitate client change Dr Karin Jordan has compiled a comprehensive text that enables the students to discover each theory as it is presented in its purist form The text is accessible yet the content provides comprehensive knowledge of each theory Dr Jordan has brought together the master educators and clinicians in our fields to write about their particular expertise
