Togay Koralturk, 2017-06-20 TEST AND REINFORCE YOUR KNOWLEDGE WHILE IDENTIFYING WEAK SPOTS The LEED AP BD C V4 Exam Practice Tests is designed to provide the reader with a real exam simulation presented through 3 full length practice exams designed to assess and reinforce knowledge while simultaneously identifying weak spots The exams have been prepared in the same scope and format as the actual LEED AP BD C V4 exam and the questions are based on the most important concepts to capture all the critical information encountered during the actual exam The answers and discussions about the answer choices are carefully written to ensure that the test taker avoids repeating the same mistakes while learning much more than just the correct answer The

book provides complete coverage of all the test topics and assesses whether the test taker's knowledge is up to the challenge. Regardless of how well the test taker knows the content being exposed to, the actual exam format should make a significant positive impact on the actual exam score. With the completion of the practice tests, the test taker will know the most important information needed for the exam. This book is strongly recommended for all who want to reinforce their knowledge, identify their weak spots, and become familiar with the LEED AP BD C V4 exam scope and format. Increase your test score and ensure a first-time success on the exam. Test and reinforce your knowledge while identifying weak spots. Learn the most important information that you need for the exam. Familiarize yourself with the actual exam scope and format. Fill in the missing knowledge.

LEED v4 Green Associate Exam Guide (LEED GA) GangChen, 2014-08-01

Pass the LEED Green Associate Exam. Get Your Building LEED Certified. Fight Global Warming and Save Money. The USGBC released LEED v4 at the GreenBuild International Conference and Expo in November 2013. The GBCI started to include the new LEED v4 content for all LEED exams in late Spring 2014. We have incorporated the new LEED v4 content in this book. Starting on December 1, 2011, GBCI began to draw LEED Green Associate Exam questions from the second edition of Green Building and LEED Core Concepts Guide. We have incorporated this information in our book. LEED Leadership in Energy and Environmental Design is one of the most important trends of development and is revolutionizing the construction industry. It has gained tremendous momentum and has a profound impact on our environment. From this book, you will learn how to do the following:

1. Pass the LEED Green Associate Exam
2. Use LEED exam preparation strategies, study methods, tips, suggestions, mnemonics, and exam tactics to improve your exam performance
3. Effectively understand, digest, and retain your LEED knowledge
4. Understand the process of registering and certifying a building for LEED
5. Understand the scope, main intent, core concepts, and strategies as well as identify the regulations, recognition, and incentives for each major LEED category
6. Identify the strategies for case studies
7. Identify the synergy in case studies
8. Implement the most important LEED-related codes and building standards
9. Get points for categories not yet clearly defined by the USGBC

This book fills in the blanks and demystifies LEED. It uncovers the secrets, codes, and jargon for LEED as well as the true meaning of going green. It provides a solid foundation and fundamental framework for LEED. It covers every major aspect of LEED in plain and concise language and introduces it to ordinary people. This guide is small and easy to carry around. You can read it whenever you have a few extra minutes. It is an indispensable book for ordinary people, developers, brokers, contractors, administrators, architects, landscape architects, civil, structural, mechanical, electrical, and plumbing engineers, interns, drafters, designers, and other design professionals.

What others are saying about LEED Green Associate Exam Guide Part I: Finally, a comprehensive study tool for LEED GA Prep I took the one-day Green LEED Green Associate course and walked away with a power point binder printed in very small print which was missing MUCH of the required information although I didn't know it at the time. I studied my little heart out and took the test only to fail it by 1 point. Turns out I did NOT study all the material I needed to in

order to pass the test I found this book read it marked it up retok the test and passed it with a 95% Look we all know the LEED Green Associate Exam is new and the resources for study are VERY limited This one s the VERY best out there right now I highly recommend it Consultant VA Complete overview for the LEED Green Associate exam I studied this book for about three days and passed the exam if you are truly interested in learning about the LEED system and green building design this is a great place to start K A Evans See all our books at GreenExamEducation.com Check out FREE tips on the easiest way to pass the LEED Green Associate Exam and info for all LEED Exams and ARE Exams at GeeForums.com you can post your questions for other users review
