Baxter III, 2022-05-04 In *You Must Be Born Again* Phillis Wheatley as Prophetic Poet the author argues that Phillis Wheatley is the mother of liberation theology The author uses Wheatley's poetry and life experiences to create a portrait of Wheatley beyond that of a poet Wheatley is described as both poet and visionary who wrestles with God during the creative process The lyrical expressions of Wheatley's poetry unlock the spiritual impressions on her heart The author sets up the racial dynamics of Wheatley's time and her engagement with those politics As a preacher Wheatley combats the immoral undercurrent that erodes the community's social economic and spiritual foundation as well as its political systems The author positions Wheatley as one uniquely qualified to address the hypocrisy within her world and by implication present day society by calling for immersion into a radical understanding of love and justice resulting in a renewed hope for equality and a pathway toward equity *Civic Passions* Tichi, 2010-07-13 A gripping and inspiring book *Civic Passions* examines innovative leadership in periods of crisis in American history Starting from the late nineteenth century when respected voices warned that America was on the brink of collapse Cecelia Tichi explores the wisdom of practical visionaries who were confronted with a series of social political

C. De Prosopo, 2016-01-21 The Latest Early American Literature according to readers

for the University of Delaware Press is a collection of polemics and manifestoes In it R C De Prosopo bids to follow in the footsteps of the two rare early Americanist dissenters whom Philip F Gura once distinguished as prophets without honor in the field William Spengemann and Michael Colacurcio The book contends that a supposedly retired nationalist modernist telos continues to reign in most of the latest scholarship and even more influentially in all of the current literary histories and anthologies no matter how expansive in gender ethnic racial and hemispheric inclusiveness they profess to be Old teloi in particular that old American exceptionalist one can be cunning Updating and expanding upon essays written over the past thirty years De Prosopo proposes not only negatively to critique how the latest scholarly receptions of early American literature differ insignificantly from the earlier ones but positively to propose how a transnationalist concession that as a neocolonial culture America s lags behind that of Europe might advance post modern historiography by radically repositioning the past as no longer the present s diachronic predecessor but to quote Lyotard s semiotics its synchronic differend Closer to earth De Prosopo tries at the same time to remain mindful of the pedagogical imperative that ultimately to save the texts of early American literature will require making them legible to average non specialist never to become specialist undergraduate general education students To facilitate this he introduces in the concluding section of *The Latest Early American Literature* what will probably be taken as its most radical intervention the redefinition of Edgar Allan Poe as an early American writer

cannibals of Nukahiva in the Marquesas seeing those islands in a relatively untouched state before they were irrevocably changed by French annexation in 1842. Rebellious against duty on another ship he was held as a prisoner in a native calaboose in Tahiti. He prowled South American ports while on liberty, hunted giant tortoises in the Galapagos Islands and explored the islands of Eimeo, Moorea and Maui. He also saw the Society and Sandwich Hawaiian Islands when the Western missionary presence was at its height. Heflin combed the logbooks of any ship at sea at the time of Melville's voyages and examined nineteenth century newspaper items especially the marine intelligence columns for mention of Melville's vessels. He also studied British consular records pertaining to the mutiny aboard the Australian whaler Lucy Ann, an insurrection in which Melville participated and which inspired his second novel *Omoo*. Distilling the life's work of a leading Melville expert into book form for the first time, this scrupulously edited volume is the most in depth account ever published of Melville's years on whaleships and how those singular experiences influenced his writing.

**The Hospitable Canon** Virgil Nemoianu, Robert Royal, 1991-06-21. The papers in this book respond to the public debate over literary canons in the United States and elsewhere by placing the political ideological aspects of the conflict inside perspectives derived from comparative literature. Canons are seen by most of the contributors as based on democratic and communal intentions or choices inevitable filtered through and colored by historical experiences and social biases. An examination of the canonical process over many centuries reveals both the impressive durability of its elements and the amazing flexibility of its outlines. The careful individual analyses as well as the thought provoking general contributions in this volume agree that the democracy of play is one of the strongest bonds uniting the human race. Canons or canons the contributors argue are based on it and reflect the intimate interdependence of cultural and intellectual matters with the workings of society as a whole.
