Revolutionizing Business Operations Tony Saldanha, Filippo Passerini, 2023-09-12

Don't risk the dire consequences of your work processes becoming obsolete

discover a powerful model for constant ongoing enterprise wide process evolution and optimization

If you have a great product but don't have the operations in place to efficiently and effectively support it production manufacturing sales finance human resources etc you won't succeed

Product innovation is seen as flashier and so gets far more attention but you can create an enduring competitive advantage by revolutionizing business operations

The problem is most attempts to improve business operations are reactive sporadic and siloed

Tony Saldanha and Filippo Passerini's Dynamic Process Transformation model provides a living model for constant ongoing process evolution and optimization

The authors focus on maximizing three drivers of change

First open market rules each business process must be run as a separate business instead of via monolithic mandates coming down from on high

Second there must be unified accountability outcomes must be clear and consistent across the company instead of being siloed within departments

And third there needs to be a dynamic operating engine a methodology to convert the constantly changing business process goals into tactical day to day employee actions

With numerous examples from leading companies this book shows how to proactively keep business processes across the company from becoming obsolete and take advantage of a neglected key to success

Global Innovation Management J. Christopher Westland, 2017-09-16

This is an exciting new edition of a core textbook that explores innovation management from a global perspective

Innovation management is increasingly significant both as an academic discipline and as an integral part of the way businesses seek to change and grow

However the key factors behind successful innovation and

the process by which innovation is turned into profit in the global arena remain largely undefined The new edition provides a unique answer to these questions and offers a step by step guide to innovation strategy development taking into account the global context in which businesses today operate Written by a highly experienced instructor this is an ideal companion for undergraduate students of innovation as well as postgraduate and MBA students taking modules with an innovation component New to this Edition Completely rewritten and restructured to explore in more depth how innovative ideas are identified and strategized in an increasingly globalized world Fully updated and extended case studies on world leading companies Increased attention to commercialized innovation including factors such as intellectual property laws technology acceleration and the competition for venture capital and finance Coverage of new topics such as open innovation and service innovation Expanded coverage of the tools and methods needed to understand financial gain and risk

The Growing Season Sarah Frey, 2021-10-05 A gutsy success story The New York Times Book Review about one tenacious woman's journey to escape rural poverty and create a billion dollar farming business without ever leaving the land she loves The youngest of her parents combined twenty one children Sarah Frey grew up on a struggling farm in southern Illinois often having to grow catch or hunt her own dinner alongside her brothers She spent much of her early childhood dreaming of running away to the big city or really anywhere with central heating At fifteen she moved out of her family home and started her own fresh produce delivery business with nothing more than an old pickup truck Two years later when the family farm faced inevitable foreclosure Frey gave up on her dreams of escape took over the farm and created her own produce company Refusing to play by traditional rules at seventeen she began talking her way into suit filled boardrooms making deals with the nation's largest retailers Her early negotiations became so legendary that Harvard Business School published some of her deals as case studies which have turned out to be favorites among its students Today her family operated company Frey Farms has become one of America's largest fresh produce growers and shippers with farmland spread across seven states Thanks to the millions of melons and pumpkins she sells annually Frey has been dubbed America's Pumpkin Queen by the national press The Growing Season tells the inspiring story of how a scrappy rural childhood gave Frey the grit and resiliency to take risks that paid off in unexpected ways Rather than leaving her community she found adventure and opportunity in one of the most forgotten parts of our country With fearlessness and creativity she literally dug her destiny out of the dirt
