Demons, the Devil, and Fallen Angels Marie D. Jones, Larry Flaxman, 2017-09-01 Illuminating the Dark Side's Spirits, Fiends, Devils, and Demons. Throughout human history, we have been obsessed with the dark opposites of God and angels: light and mercy. Whether it is our religious and sacred texts, folklore, and myths of old legends, fairy tales, novels, or the movies and television shows of today, the dark entities enthrall us, terrify us, and remind us of the dualities of life. But where did they originate? Are they real? Does every religion or region of the world include them? Exploring over two dozen religious traditions, myths, folkloric, and spiritual traditions, the world of the supernatural, and the demons, the Devil, and fallen angels in today's pop culture, *Demons, the Devil, and Fallen Angels* is a comprehensive resource of the many faces of the devil, his minions, ominous deities, and the darker side of nature and ourselves. From ancient demon worship to modern Satanism, the bloody era of the Inquisitions and later witch burnings to the Satanic Panic of the late twentieth century, and secret occult societies to Hitler's involvement with demonology, this book covers it all. You'll learn about the key figures in history associated with demons and the Devil, the worshiping of the dark forces, and the lives of Aleister Crowley, John Dee, and Anton LaVey, as well as well-known figures who were alleged Satanists, some of whom may surprise you. Also featured are dozens of examples of links between demons, fallen angels, and aliens, cryptids, apparitions, and poltergeists, and IDEs (interdimensional entities). Were the demons of the Bible possibly ancient alien visitors? Are alien abductions and poltergeists really demons in disguise? Is Slender Man a modern-day demonic entity or totally fake? This fascinating look at Satan, evil spirits, and their 10,000-year history has 120 photographs, drawings, and illustrations to bring the portraits of over 200 demons and fallen angels to shivering life. *Demons, the Devil, and Fallen Angels* also includes a helpful bibliography and an extensive index, adding to its usefulness. It is a comprehensive, clear, and objective look at a subject that fills most people with fear and dread. Yet the presence of dark angels continues to remain a part of our human experience, our popular culture, and our spiritual understandings. Come and explore the shadowy side of existence and its integral part of our nature.
