Keep Me A Hero Novella:

Keep Me Leighton Del Mia, 2014-02-26 I will disappoint you I will hurt you If I could be different I would But I don't think I can *Keep Me* is a follow up novella for Hero readers who want a glimpse of life after breakfast It is optional and not essential to the original plot It is only intended to be read after Hero and is not a standalone Declarations and sacrifices have been made After three years a better life is finally on the horizon But when the past leaves marks that are both painful and permanent is there ever such a thing as starting over Can memories be replaced or forgotten and should they be 21 000 words Time Loves a Hero Allen Steele, 2015-05-19 Earth's past and future are altered by twenty fourth century time travelers in this significant work of science fiction from the author of Arkwright Rocky Mountain News Chrononaut Franc Lu has come a long long way from the twenty fourth century in fact to be in New Jersey on the evening of May 6 1937 Traveling four hundred years into the past he and his partner have been sent by the Chronospace Research Centre to observe the infamous explosion of the zeppelin Hindenburg But when the German airship touches down safely on the airfield in Lakehurst Lu realizes that something has gone terribly wrong or rather horribly right His presence at the landing has set in motion an alternate historical timeline and now everything will be different though not necessarily in a good way The consequences of Lu's mistake could prove catastrophic for every living soul on Earth now and forever unless the past and the future are somehow repaired and that is a burden destined to fall on the shoulders of visionary NASA scientist and wannabe science fiction author Dr David Zachary Murphy An expansion of his Hugo Award winning novella *Where Angels Fear to Tread* Allen Steele's *Time Loves a Hero* is at once thrilling surprising startling and thoughtful a mind blowing masterwork of speculative fiction that radically reimagines time travel alien contact alternate history and a host of other well worn science fiction tropes
