

A Sports Logic Puzzle

Four children are great friends. Use the clues below to find out which sport each child plays.

	Basketball	Baseball	Volleyball	Soccer
Brad				
Jenny				
Frank				
Susan				

1. Brad plays a sport that begins with the same letter as his name.
2. Jenny has to kick the ball in the sport she plays.
3. Frank hit two home-runs this season.

Logic Problems Year 3

Wilfred Payne

Logic Problems Year 3:

Year 3, Ages 7-9 Math, Reading, Writing Practice Workbook - HomeSchool Ready +3000 Questions Teresa Marek, Andrew Marek, KewlActiveMinds TM Workbooks and Practice Worksheets are immersive self study tools that encourage and stimulate your child s mind while at the same time letting them have fun learning Each section is devoted to a specific task with a structured format to avoid distractions and short enough problems to hold attention Very easy to use and understand to teach your child with simple clear lessons and easy to follow exercises presented in an interactive way A fun and challenging approach to plant the seeds of eagerness to learn and to keep your child s mind sharp Use daily a page or two to keep your child engaged not taking too long so children don t get bored while building a child s capabilities and confidence The Books a great addition to regular learning routines and a good method for parents to cope with distance learning

BENEFITS Through completing questions we hope to enhance your child s comprehension active use and development of **REASONING PROBLEM SOLVING COMMUNICATION CONFIDENCE MOTIVATION EASY TO USE ADDITIONAL RESOURCES** The books are designed to be easy to use with sequentially numbered Questions and Answer Keys at the end of each Part to allow you to flip back and forth quickly QR Codes for your smartphone take you to Parent Resources that provide additional support **BONUS CONTENT** 1 Success Tracking Sheets Recording sheets are included to help track a child s progress through the Book and for individual sections to show how they progress over time 2 Parts Quizzes Mixed question quizzes are included at the end of every Part to show how well your child has grasped the concepts throughout the material 3 Downloadable Resources You can use clear overlay sheets to preserve the practice worksheets and download additional Tracking Sheets as a means of cost effective use of learning resources

Math from Three to Seven Aleksandr Kalmanovich Zvonkin, 2011 This book is a captivating account of a professional mathematician s experiences conducting a math circle for preschoolers in his apartment in Moscow in the 1980s As anyone who has taught or raised young children knows mathematical education for little kids is a real mystery What are they capable of What should they learn first How hard should they work Should they even work at all Should we push them or just let them be There are no correct answers to these questions and the author deals with them in classic math circle style he doesn t ask and then answer a question but shows us a problem be it mathematical or pedagogical and describes to us what happened His book is a narrative about what he did what he tried what worked what failed but most important what the kids experienced This book does not purport to show you how to create precocious high achievers It is just one person s story about things he tried with a half dozen young children Mathematicians psychologists educators parents and everybody interested in the intellectual development in young children will find this book to be an invaluable inspiring resource In the interest of fostering a greater awareness and appreciation of mathematics and its connections to other disciplines and everyday life MSRI and the AMS are publishing books in the Mathematical Circles Library series as a service to young people their parents and teachers and the

mathematics profession Titles in this series are co published with the Mathematical Sciences Research Institute MSRI
