Myths of Babylonia and Assyria Donald A. Mackenzie, 2023-08-22 In *Myths of Babylonia and Assyria* Donald A. Mackenzie embarks on a captivating journey through the rich tapestry of ancient Mesopotamian mythologies. Employing a scholarly yet accessible literary style, Mackenzie intricately weaves together the narratives, themes, and symbols that define the mythic traditions of these ancient civilizations. The book is structured to reflect the historical context of Babylonian and Assyrian cultures, exploring the creation myths, heroic tales, and divine pantheon, all of which serve to illuminate the profound but often overlooked stories that shaped early human consciousness and civilization. Donald A. Mackenzie, an esteemed ethnologist and author dedicated much of his life to studying the folklore and mythology of various cultures, Mackenzie's vast academic background and his profound interest in comparative mythology propelled him to explore the ancient relics of Babylonia and Assyria, unveiling the ways these narratives mirror both the profound spirituality and the cultural zeitgeist of the time. His meticulous research reflects significant insights into how these myths served societal functions and informed individual and collective identities. For readers intrigued by ancient cultures and their mythological underpinnings, *Myths of Babylonia and Assyria* is an essential, illuminating read. Mackenzie's work is not only a repository of ancient stories but also a critical examination of their enduring impact on literature, religion, and our understanding of humanity's shared past. This book is recommended for scholars, students, and anyone with a keen interest in the narratives that have shaped civilizations. Myths of Babylonia and Assyria - With Historical Narrative & Comparative Notes Donald A. Mackenzie, 2015-10-28 This volume deals with the myths and legends of Babylonia and Assyria, and as these reflect the civilization in which they develop, a historical narrative has been provided, beginning with the early Sumerian Age and concluding with the periods of the Persian and Grecian Empires. Over thirty centuries of human progress are thus passed under review. This early work is a fascinating look at the subject and is thoroughly recommended for inclusion on the bookshelf of any historian. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high-quality modern editions, using the original text and artwork.

The Chronicles of Loki: Book One: the Gathering Storm M. Gregory Kendrick, 2021-12-07 The Chronicles of Loki Book One The Gathering Storm is the first book in a trilogy centered on the life of the Norse trickster Loki Essentially this is a reworking of the Norse myths in which the character commonly identified as the god of mischief and wickedness gets to tell the story from his point of view The twist in this book however is that it take what folklorists call an euhemeristic point of view with this mythology i e it treats Loki Odin Frey and company as if they were real human beings who lived ages ago on a lost island continent they called Igdrasil which as in the myths was also divided into nine realms inhabited by distinctly different peoples and cultures Perhaps the most challenging and fun part of this first book has been reimagining Loki s various adventures and misadventures as they might have actually happened without the benefit of magic and sorcery though supernal elements are introduced in the second book The book moves on two time axes One takes place in the present In this timeline Loki his family and allies are setting in motion what will be a war of vengeance against Odin and the Aesir Readers are introduced to the machinations of key characters in the myths Odin of Asgard Frey of Vanaheim Surt High King of the Muspelhim the rulers of the wee folk of the West i e Ivaldi the principal ruler of the Dwarves and Mama Cosi Lokane of Alfheim as well as Loki s children Fenrir aka the Wolf Fafnir ruler of Jormundheim and Hela Queen of Nifleheim The second timeline is a memoir of Loki s life which in the first book encompasses his time as a hostage among the Aesir how he rebuilt the walls of Asgard what really happened with Idunn and her Golden Apples his ascent to the throne of Jotunheim courtship of his wife Angrboda and birth of his first child the aforesaid Fenrir
