Hamm,Ramón Spaaij,2017-05-09 The lethality of lone wolf terrorism has reached an all time high in the United States Isolated individuals using firearms with high capacity magazines are committing brutally efficient killings with the aim of terrorizing others yet there is little consensus on what connects these crimes and the motivations behind them In *The Age of Lone Wolf Terrorism* terrorism experts Mark S Hamm and Ram n Spaaij combine criminological theory with empirical and ethnographic research to map the pathways of lone wolf radicalization helping with the identification of suspected behaviors and recognizing patterns of indoctrination Reviewing comprehensive data on these actors including more than two hundred terrorist incidents Hamm and Spaaij find that a combination of personal and political grievances lead lone wolves to befriend online sympathizers whether jihadists white supremacists or other antigovernment extremists and then announce their intent to commit terror when triggered Hamm and Spaaij carefully distinguish between lone wolves and individuals radicalized within a group dynamic This important

difference is what makes this book such a significant manual for professionals seeking richer insight into the transformation of alienated individuals into armed warriors Hamm and Spaaij conclude with an analysis of recent FBI sting operations designed to prevent lone wolf terrorism in the United States describing who gets targeted strategies for luring suspects and the ethics of arresting and prosecuting citizens      **Dark Wolf (Shapestepper Series Book 1)** Rebecca Scharpf,2021-02-19 All he wants is to be left alone All they want is a leader to hold them together For decades a pack of wild wolves has stood between the small village of Millhall and outside threats What the villagers don't know is that the howling entities protecting them are actually their next door neighbors Well except for Fang who would rather spend his time in wolf form than human After all why mingle with people when you can run alone four paws solidly on the ground It really is a shame the other Changers chose him as their leader foiling his plan to spend the rest of his years in happy isolation But when a village youth is injured and Fang stumbles into the heart of one of the Shaqui tribes living in the surrounding woods he realizes his plan to live alone may need to be put on hold at least long enough to stop an impending war As the Changers try to untangle what exactly is behind the rising tension between Millhall's villagers and the Shaqui tribes Fang's past explodes in his face in a way he'd never in his wildest dreams anticipated Should he run again Or should he trust the team he's worked so hard to keep at bay a team that doesn't care much for him either Check out the other books in the Shapestepper Series 1 Dark Wolf 2 Gray Blizzard 3 Lost Pup      Psychological Assessment and Interventions for Individuals Linked to Radicalization and Lone Wolf Terrorism Carlo Lazzari,2021-09-02 In recent times the phenomenon of lone wolf terrorism has been observed with the social assumption that a radicalized individual is only guided by personal social and ethnic reasons to commit an extremist act Nevertheless there is still much to understand about this phenomenon and improve the methods of investigation or psychiatric interventions This handbook attempts to cover gaps in understanding the psychiatric aspects of radicalization and the phenomenon of lone wolf terrorism Edited by expert clinical psychologists the contributors have taken both a qualitative and theoretical route to analyze the phenomenon prompted by their clinical experience with mental health professionals being in contact with radicalized people living in local towns and prisons Key Features Addresses the topic of lone wolf terrorism from multiple angles including psychological aspects social aspects philosophical aspects and prevention Provides insights into forensic psychiatric methods used to study terrorism Includes contributions from several mental health experts Explains information in a concise easy to comprehend manner Includes references for further research Psychological Assessment and Interventions for Individuals Linked to Radicalization and Lone Wolf Terrorism serves as a practical handbook for psychologists psychiatrists criminologists social workers allied professionals such as law enforcement officers and students in criminology social science or psychology programs for example who want to learn about the causes and prevention of terrorism with a focus on radicalization processes and lone wolf agents      **School Library Journal** ,2010
