**Waterstone's Guide to Books** Waterstone & Co., Ltd, 1989 **Cuba and the United States** Louis A. Pérez, 2011-03-15 The Times Literary Supplement calls Louis A. Pérez Jr the foremost historian of Cuba writing in English In this new edition of his acclaimed 1990 volume he brings his expertise to bear on the history and direction of relations between Cuba and the United States Of all the peoples in Latin America the author argues none have been more familiar to the United States than Cubans who in turn have come to know their northern neighbors equally well Focusing on what President McKinley called the ties of singular intimacy linking the destinies of the two societies Pérez examines the points at which they have made contact politically culturally economically and explores the dilemmas that proximity to the United States has posed to Cubans in their quest for national identity This edition has been updated to cover such developments of recent years as the renewed debate over American trade sanctions against Cuba the Elián González controversy and increased cultural exchanges between the two countries Also included are a new preface and an updated bibliographical essay

**Exploring the Use and Impact of Travel Guidebooks** Victoria Peel, Anders Sørensen, 2016-02-04 This volume provides the first comprehensive examination of travel guidebooks and their conceptualisation use and impact Guidebooks have been key tourism paraphernalia for almost two centuries and although researched in some areas academic knowledge on guidebooks in tourism has not been expansively communicated The uncritical unreflective and largely pejorative approach to

guidebooks in the public sphere and to some degree also present in academia is reassessed in this book This challenges the current limited tourism research approaches to the topic including the routinely held assumption that the internet has all but destroyed the printed guidebook This book will be a useful resource for postgraduate students and researchers in tourism and tourism communications and consumption

Going with the Grain Susan Seligson, 2013-12-17 My lifelong love affair with bread has less to do with crust crumb and the vagaries of sourdough cultures and more to do with bread as a reflection of people's varied beliefs, daily lives and blood memories. Bread tells the most essential human stories. So begins Susan Seligson's personal and often humorous journey to discover the secrets of the baker's trade and the place bread has in the lives of those who consume it. Part travelogue, part cultural history with a handful of recipes thrown in for good measure, it is an exploration of the customs, traditions and rituals around the creating and eating of this most basic and enduring form of sustenance. Bread is the stuff of life. Governments have been overthrown and religious rituals created because of it. Fry bread, matzo, kasha, nan, baguette, all are as resonant of their specific culture as any artifact. In Going with the Grain, Seligson wanders the streets of the Casbah in Fes, Morocco to unlock the secrets of the thousand-year-old communal bakeries there. In Saratoga Springs, New York, she finds a bread maker so committed to making the ultimate loaf he built a unique sixty-ton hearth and uses only certified biodynamically grown wheat. Seligson knelt in the Jordanian desert beside a woman turning flat breads over glowing embers and plumbed the mysteries of Wonder Bread in an aseptic American factory. As satisfying as a slice of good bread with butter, Going with the Grain is for the armchair traveler and armchair baker alike. World Film Locations: San Francisco Scott Jordan

Harris, 2013-01-01 An extraordinarily beautiful city that has been celebrated, criticized and studied in many films, San Francisco is both fragile and robust at once: a site of devastation caused by the 1906 earthquake but also a symbol of indomitability in its effort to rebuild afterwards. Its beauty, both natural and manmade, has provided filmmakers with an iconic backdrop since the 1890s, and this guidebook offers an exciting tour through the film scenes and film locations that have made San Francisco irresistible to audiences and auteurs alike. Gathering more than forty short pieces on specific scenes from San Franciscan films, this book includes essays on topics that dominate the history of filmmaking in the city: from depictions of the Golden Gate Bridge to the movies of Alfred Hitchcock to the car chases that seem to be mandatory features of any thriller shot there. Some of America's most famous movies, from Steven Spielberg's *Raiders of the Lost Ark* to Hitchcock's *Vertigo* to Don Siegel's *Dirty Harry*, are celebrated alongside smaller movies and documentaries such as *The Wild Parrots of Telegraph Hill* to paint a complete picture of San Francisco in film. A range of expert contributors, including several members of the San Francisco Film Critics Circle, discuss a range of films from many genres and decades, from nineteenth-century silents to twentieth-century blockbusters. Audiences across the world, as well as many of the world's greatest film directors including Buster Keaton, Orson Welles, George Lucas, Francis Ford Coppola, David Fincher and Steven Soderbergh, have been seduced by San Francisco. This book is the ideal escape to the city by the bay for armchair travelers and cinephiles alike.
