Freedom: How We Lose It and How We Fight Back Nathan

Law,2021-12-07 A timely manifesto on freedom from Hong Kong's leading pro democracy activist Nathan Law a Nobel Prize nominee Activist Nathan Law experienced firsthand the speed with which our freedom can be taken away When sovereignty over Hong Kong was handed to China in 1997 Hong Kong was guaranteed freedom of the press expression and assembly However the Chinese Communist Party CCP has been chipping away at these rights and since 2014 restricting free and fair elections Law writes When governments control access to information and are able to define the narrative and dictate what we know we lose more than our freedoms We lose the ability to see the world for what it is We lose our humanity In 2016 Law became the youngest ever elected legislator in Hong Kong on a pro democracy platform and was subsequently imprisoned for his role as a leader of the Umbrella Movement He now lives in exile An urgent rallying cry Freedom warns of the dangers of authoritarianism and inspires us to protect democracy and freedom or face losing them forever *India's Futuristic Democracy - Threats of Constitutional Gaps and Digital Era* PRAHALAD RAO,2022-12-12 India is moving towards becoming an intelligent and industrious nation in the world but unmoving in its installing pillars political stability and communal conflagration Every citizen's welfare is the only way to make the nation great A nation is built not by one Faith but by all the Faiths together as an integral part of the Nation On 15th August 2022 we celebrated 75th Year of our Independence that looked decorative than democratic Former is showmanship and latter is workmanship Nation's wealth should make all the sectors healthy The Constitution defines Constituents or Organs but not the Pillars or the making up the Gaps The Gaps which our Constitution makers left open was to test the sensibility prudence and wisdom of the generations to come The Gaps have the strength to generate orderliness in the democracy Their ignorance or indifference masked the working of democracy [An American Fight for Justice Part 2](#) Linda D. Coker,2011-08-01 As introduced in the original novel A Daughter's Duty God Country Family Belinda Star is a highly decorated veteran of the United States Army Her military background has created a woman adept in the art of battle but even her specialized training and battlefield experiences could not prepare her to deal with the crimes committed by her own family In this continuation of Belinda's story the reader realizes just how far the criminal activity of Belinda's family will go As Belinda quickly discovers her family will go to great lengths to deceive and manipulate one of their own for personal gain The novel begins with Belinda again in Germany where she lives with her active duty husband but soon we witness Belinda making repeated journeys back to the United States attempting to recover family heirlooms and ancestral artifacts that are now being held hostage by her own family While Belinda's original story poised her against her mother who was a perpetrator of the crimes this continuation now sees the sentencing and release of her mother Jane King now realizes the error of her ways and unites with her strongest daughter in an attempt to seek justice and avenge the crimes of their family While Belinda is no longer alone in her battle this time

around she now has her mother by her side she quickly realizes that the American legal system is fractured When repeated attempts at remedying her legal battles prove fruitless Belinda reaches a dark and empty place where she no longer can believe in the justice she once held sacred As she reaches her lowest point only an act of terrorism can awaken her to the true catastrophes present in the world As the United States wages war in a far away land those battles strike a chord with Belinda as her husband must leave the safety of their new home in Colorado and begin to serve his country far away from the safety that Belinda can provide him
