Jules LaForgue and Poetic Innovation Anne Holmes, 1993 This is the first work in English to devote itself entirely to the poetry of Jules Laforgue 1860-1887 Based on a detailed study of manuscripts as well as printed texts it analyses the evolution of Laforgue's poetic ideas as he understood it himself Anne Holmes presents a detailed investigation of Laforgue's changing poetic techniques in order to illuminate both his extraordinary poetic versatility and the significance of his adoption of free verse Arguing that Laforgue is the great

innovator in the use of free verse in French poetry Holmes sheds light on his method of composition by means of close analysis of variants and explores the precise nature of his experiment with interior monologue She sets Laforgue firmly in the context of contemporary French poetry and highlights the influence on him of Walt Whitman and Impressionist painting Comparison is also made with the work of T S Eliot for whom Laforgue was a major influence Laforgue emerges from this study as a far more important figure in the evolution of French verse than has previously been thought He stands as a great and self consciously modern writer close in spirit to his twentieth century successors [Encyclopedia of World Biography](#),1998 Presents brief biographical sketches which provide vital statistics as well as information on the importance of the person listed *Poetry* Jeffrey Wainwright,2004 Drawing on examples ranging from Chaucer to children s rhymes Cole Porter to Carol Ann Duffy and from around the English speaking world it looks at aspects including how technical aspects such as rhythm and measures work how different tones of voice affect a poem how poetic language relates to everyday language how different types of poetry work from sonnets to free verse and how the form and space of a poem contribute to its meaning *Poetry The Basics* is an invaluable and easy to read guide for anyone wanting to get to grips with reading and writing poetry Jacket **T.S. Eliot** Lyndall Gordon,2000 Consists of the author s earlier two books on Elliot Eliot s early years and Eliot s new life revised and updated throughout with important new material *France and the Americas* Bill Marshall,2005-05-24 A unique multidisciplinary encyclopedia covering the impacts that French and American politics foreign policy and culture have had on shaping each country s identity From 17th century fur traders in Canada to 21st century peacekeepers in Haiti from France s decisive role in the Revolutionary War leading to the creation of the United States to recent disagreements over Iraq France and the Americas charts the history of the inextricable links between France and the nations of the Americas This comprehensive survey features an incisive introduction and a chronology of key events spanning 400 years of France s transatlantic relations Students of many disciplines as well as the lay reader will appreciate this comprehensive survey which traces the common themes of both French policy language and influence throughout the Americas and the wide ranging transatlantic influences on contemporary France [London Magazine](#) John Lehmann,Alan Ross,1980 **Stages of Self** Elisabeth A. Howe,1990 The dramatic monologue has attracted considerable critical attention in English but is rarely considered relevant to French poetry and has generally been ignored in studies of comparative literature In *Stages of Self* various poems by Jules Laforgue Stephane Mallarm and Paul Ambroise Valery are analyzed to show that they conform to the norms of the genre even though they bear little surface resemblance to the dramatic monologues by Browning Pound or Eliot Traditionally a dramatic monologue is a poem spoken by an identified persona placed in a dramatic situation This description fits poems such as *L Apr s midi d un faune* and *La Jeune Parque* though the persona and the drama are quite unlike those of English and American dramatic monologues The latter two tend to characterize the speaker fully and to place him her in a well defined spatial and temporal context while the French poems

ignore characterization and give very little contextual detail The figures of the Parque and the Faun are engaged in purely internal dramas which again distinguishes these poems from the Browning esque dramatic monologue they belong to the dramatic tradition of Racine rather than Shakespeare LaForugue s oetry constitutes an interesting half way point between the representational dramatic monologue typical of Browning which Laforgue ironically undermines and the more impersonal and universal though still dramatic monologues of Mallarm and Valery Howe seeks to redefine the scope of the term dramatic monologue which she feels is often unduly limited She notes that the term is frequently confined to the use of spoken colloquial language so foreign to Mallarm Valery or indeed Tennyson or the presence of a silent interlocutor However Howe contends that such narrow interpretations restrict the genre to Browning s monologues and not all of those Admitting that far more examples of the genre exist in English Howe attributes the scarcity to the differing assumptions on the part of French poets about poetic voice and about the nature of spoken as opposed to written language [Collier's Encyclopedia](#),1986
