light of ideas of post Lacanian critic Slavoj Žižek. Revolt however is treated on both the levels i.e. feminist and general level. The book continuously attempts to unveil the ideological forces functional under many regular social practices especially in the form of patriarchy, religion and so on. It succeeds in doing so by combining views on the issues, desire and violence from ancient Indian contexts and its evolution through time. The textual references serve the purpose of setting a balanced review and investigation of relevance of certain ideas and sexual politics and it also helps to understand reasons and culminations of violent responses and politics responsible for its origin.

Knit India Through Literature Volume I - The South - Kannada Sivasankari, 2024-05-23

Knit India Through Literature is a mega literary project, first of its kind in Indian literature. It is the result of the penance yagna done for 16 years by Sivasankari. Noted Tamil writer Knit India Through Literature has involved intense sourcing, research and translation of literature from 18 Indian languages. The project, she says, aims to introduce Indians to other Indians through literature and culture and help knit them together. The interviews of stalwart writers from all 18 languages, approved by the eighth schedule of Indian Constitution, accompanied by a creative work of the respective writer, are published with her travelogues of different regions along with an in-depth article by a scholar on the cultural and literary heritage of each of the language in four volumes: South, East, West and North respectively. Her travelogues, her interviews and the overview of each literature she has sought all reveal one important unity: the concern our writers and poets express in their works for the problems that beset our country today. Through her project, Sivasankari feels writers can make an invaluable contribution with their

writings to change the thinking of the people and help eliminate those problems In this volume she deals with Kannada one of the languages spoken in southern region of India *Pandit Jitendra Abhisheki* Dr.Mohankumar Darekar,Mr.Hans & Sophia Rix,2004-08-12 This book is about life of my Guru Pt Jitendra Abhisheki and his outstanding work in the field of Indian Classical Music from his childhood about how he took music lessons from different gurus of different gharana his struggles that he came accross in achieving his goals and also his way of teaching various raagas bandishes all other types of music and guru shishya parampara This book also has opinions of some of his senior disciples and how they met guruji and took lessons from him
