Religion and Spanish Film Elizabeth Scarlett, 2015-01-13 Treatments of religion found in Spanish cinema range from the pious to the anticlerical and atheistic and every position in between In a nation with a strong Catholic tradition resistance to and rebellion against religious norms go back almost as far as the notion of Sacred Spain Religion and Spanish Film provides a sustained study of the religious film genre in Spain practiced by mainstream Francoist film makers the evolving iconoclasm parody and reinvention of the Catholic by internationally renowned Surrealist Luis Buñuel and the ongoing battle of the secular versus the religious manifested in critically and popularly acclaimed directors Pedro Almodóvar Julio Medem Alejandro Amenábar and many others The conflicted Catholicism that emerges from examining religious themes in Spanish film history shows no sign of ending as unresolved issues from the Civil War and Franco dictatorship as well as the unsettled relationship between Church and State continue into the present

Guide to the Cinema of Spain Marvin D'Lugo, 1997-11-25 This guide to Spanish film documents the film industry's interpretation of the

isolating effects of the cultural traditionalism of the early twentieth century to the expanding international popularity of such films as Trueba's *Belle Époque* Aranda's *Amantes* and Bigas Luna's *Jam n Jam n* and such actors as Victoria Abril Carmen Maura and Antonio Banderas This is the first volume in a new Greenwood series that discusses historically and critically films directors and actors in film industries throughout the world Each volume will include a detailed historical introduction and will provide an in depth treatment of the most important films and individuals involved in the industry End of entry bibliographies provide sources for further reading and appendixes provide additional useful information The Guides will be valuable to scholars students and film buffs Spanish cinema is in many ways a microcosm of the tensions and conflicts that have shaped the evolution of the nation over the course of this century Spanish film as a cultural institution is rarely divorced from the political and social currents that have shaped the larger Spanish culture torn as it was between tendencies of localism and internationalism It languished in industrial and artistic underdevelopment for many years under Franco it is now however experiencing international recognition while remaining rooted in the specificity of its own popular cultural styles

Casting Masculinity in Spanish Film Mary T. Hartson, 2017-09-13 The rise of consumerism in the twentieth and twenty first centuries radically changed the way we perceive ourselves and the world around us And as it has throughout history the social construct of ideal masculinity both reflects and responds to that lived reality helping individuals adapt Through a close study of Spanish film of the twentieth and twenty first centuries this book investigates hegemonic or dominant masculinity in the wake of dramatic consumer changes that occurred in Spain It explores the ways in which masculine identity as represented in Spanish film positions itself in relation to desire and consumption focusing especially on representations of hegemonic masculinity from the almost 40 year dictatorship of General Francisco Franco through the transition to democracy and into the early 1990s Using psychoanalytic theory as employed primarily by Todd McGowan and Slavoj i ek this book analyzes cinematic representations of hegemonic masculine models along with those portrayed as less favorable to understand how political social and economic changes in Spain in the twentieth and early twenty first centuries affect the process of masculine identity formation In the shift from a society of prohibition to a society of commanded enjoyment hegemonic masculinity as represented in Spanish film changes dramatically initially organizing itself around prohibition and self renunciation in the early Franco dictatorship and later with neoliberal reforms and mass media promotion of consumerist values starting in the 1950s reorienting itself around desire and enjoyment embodied for example in the sexually promiscuous fashionable young man of the 1970s Personal pleasure and the satisfaction of one's desires replace submission obedience and self abnegation leading to a reconstruction of masculine identities in a social context that appears increasingly fragmented plural and individualistic The primary innovation of this text involves the repositioning of consumerism as a fundamental force in the formation of Spanish masculinity and showing how widely disseminated masculine models serve to accommodate political social and economic demands
