Youth and Performance: Perceptions of the Contemporary Child Geesche Wartemann, Tülin Sağlam, Mary McAvoy, 2015-04-30 This publication is the outcome of the third International Theatre for Young Audiences Research ITYARN conference in conjunction with an ASSITEJ World Congress and Festival held in Warsaw Poland in 2014 The ITYARN conferences themes always give a very broad frame to invite researchers from different countries and with diverse Theatre for Young Audiences TYA traditions as well as diverse academic cultures to contribute to an international exchange about TYA While exiting this exchange is always a challenge How to talk about aesthetic experiences and concepts of childhood in an intercultural dialogue This is not just a question of translation but also of culturally determined concepts of TYA Last but not least are the academic attitudes and modes of critical discussion themselves which are culturally informed and shaped by individual experiences With this publication ITYARN once again takes up this most interesting task of developing intercultural exchange about TYA It offers space for a diversity of author contributions and it invites readers with academic and or artistic backgrounds to look for new inspirations for his or her reflections on TYA

Latina/o/x Education in Chicago Isaura Pulido, Angelica Rivera, Ann M. Aviles, 2022-08-09 In this collection local experts use personal narratives and empirical data to explore the history of Mexican American and Puerto Rican education in the Chicago Public Schools CPS system The essays focus on three themes the historical context of segregated and inferior schooling for Latina o x students the changing purposes and meanings of education for Latina o x students from the 1950s through today and Latina o x resistance to educational reforms grounded in neoliberalism Contributors look at stories of student strength and resistance the oppressive systems forced on Mexican American women the criminalization of Puerto Ricans fighting for liberatory education and other topics of educational significance As they show many harmful past practices remain the norm or have become worse Yet Latina o x communities and students persistently engage in transformative practices shaping new approaches to education that promise to reverberate not only in the city but nationwide Insightful and enlightening Latina o x Education in Chicago brings to light the

ongoing struggle for educational equity in the Chicago Public Schools **Unshackled: Education for Freedom, Student Achievement, and Personal Emancipation** Greg Wiggan, Lakia Scott, Marcia Watson, Richard Reynolds, 2014-04-03

Harnessing conceptual inspiration through the work of Harriet Tubman and Queen Nanny the Maroon of Jamaica this book explores the historical and contemporary role that education has and can continually play as an instrument of personal and group liberation The book discusses the early formations of the Transatlantic Slave Trade the enslavement of native populations and the subsequent development of the Underground Railroad and Maroon societies in the Caribbean and Americas as systems of liberation It investigates the development and maintenance of racial gendered and class stratification and provides a personal path to freedom as a context for a broader discussion on using education as a mechanism for dismantling the effects of colonization miseducation and social psychological domination in schools and society As a contemporary issue it presents an in depth analysis of the Tucson Unified School District in Arizona and the controversy surrounding its ethnic studies program as an example of one of the contested sites of curriculum development and student liberation Additionally it discusses high performing charter schools as an alternative model of education which may help to provide a systematic way of unshackling institutional barriers and oppression Ultimately this book acknowledges that today the road to freedom is still one we must all travel as miseducation school failure school dropout unemployment underemployment poverty neighborhood violence incarceration and a growing prison industrial complex are all reminders of the work that still must be accomplished Like those who historically sacrificed their lives to gain freedom and an education today with the lingering effects of institutionalized systems of domination education must continue to be an instrument of social mobility and liberation if indeed we are to make schools and society more humane and inclusive towards those who are still waiting to be unshackled The book presents implications regarding the treaties on education for freedom as a school reform and public policy topic **Student Activism in the Academy** Pietro A. Sasso, Joseph L. DeVitis, 2019-05-23

Student Activism in the Academy Its Struggles and Promise is a wide ranging provocative survey of student activism in America's colleges and universities that critically analyzes the contentious problems and progress of a movement that has stirred public reaction in and out of academe Its fundamental purpose is to engage diverse publics in both reasoned and passionate reflection and soul searching on vital issues that surround campus protest including strategies for student activism the role of social media and technology legal questions on campus speech the dilemmas of political correctness generational differences among student activists and various forms of student protest related to race class gender and disabilities Administrators faculty students and student life personnel in higher education indeed all those interested in today's colleges and universities will want to participate in the timely and productive dialogue within these pages **Rethinking the Chicano Movement** Marc Simon Rodriguez, 2014-11-13 In the 1960s and 1970s an energetic new social movement emerged among Mexican Americans Fighting for civil rights and celebrating a distinct ethnic identity the Chicano Movement had a

lasting impact on the United States from desegregation to bilingual education Rethinking the Chicano Movement provides an astute and accessible introduction to this vital grassroots movement Bringing together different fields of research this comprehensive yet concise narrative considers the Chicano Movement as a national not just regional phenomenon and places it alongside the other important social movements of the era Rodriguez details the many different facets of the Chicano movement including college campuses third party politics media and art and traces the development and impact of one of the most important post WWII social movements in the United States

Troublemakers Kathryn Schumaker, 2023-01-09 A powerful history of student protests and student rights during the desegregation era In the late 1960s protests led by students roiled high schools across the country As school desegregation finally took place on a wide scale students of color were particularly vocal in contesting the racial discrimination they saw in school policies and practices And yet these young people had no legal right to express dissent at school It was not until 1969 that the Supreme Court would recognize the First Amendment rights of students in the landmark Tinker v Des Moines case A series of students rights lawsuits in the desegregation era challenged everything from school curricula to disciplinary policies But in casting students as troublemakers or as culturally deficient school authorities and other experts persuaded the courts to set limits on rights protections that made students of color disproportionately vulnerable to suspension and expulsion Troublemakers traces the history of black and Chicano student protests from small town Mississippi to metropolitan Denver and beyond showcasing the stories of individual protesters and demonstrating how their actions contributed to the eventual recognition of the constitutional rights of all students Offering a fresh interpretation of this pivotal era Troublemakers shows that when black and Chicano teenagers challenged racial discrimination in American public schools they helped remake American constitutional law and establish protections of free speech due process equal protection and privacy for students

[Aztlán Arizona](#) Darius V. Echeverría, 2014-03-27 Aztlán Arizona is a history of the Chicano Movement in Arizona in the 1960s and 1970s Focusing on community and student activism in Phoenix and Tucson Darius V Echeverría ties the Arizona events to the larger Chicano and civil rights movements against the backdrop of broad societal shifts that occurred throughout the country Arizona's unique role in the movement came from its public schools which were the primary source of Chicano activism against the inequities in the judicial social economic medical political and educational arenas The word Aztlán originally meaning the legendary ancestral home of the Nahuatl peoples of Mesoamerica was adopted as a symbol of independence by Chicano activists during the movement of the 1960s and 1970s In an era when poverty prejudice and considerable oppositional forces blighted the lives of roughly one fifth of Arizonans the author argues that understanding those societal realities is essential to defining the rise and power of the Chicano Movement The book illustrates how Mexican American communities fostered a togetherness that ultimately modified larger Arizona society by revamping the educational history of the region The concluding chapter outlines key Mexican American individuals and organizations that became politically

active in order to address Chicano educational concerns This Chicano unity reflected in student parent and community leadership organizations helped break barriers dispel the Mexican American inferiority concept and create educational change that benefited all Arizonans No other scholar has examined the emergence of Chicano Movement politics and its related school reform efforts in Arizona Echeverr a s thorough research rich in scope and interpretation is coupled with detailed and exact endnotes The book helps readers understand the issues surrounding the Chicano Movement educational reform and ethnic identity Equally important the author shows how residual effects of these dynamics are still pertinent today in places such as Tucson

White Washing American Education Denise M. Sandoval,Anthony J. Ratcliff,Tracy Lachica Buenavista,James R. Marín,2016-10-03 Recent attacks on Ethnic Studies revisionist actions in curriculum content and anti immigrant policies are creating a new culture war in America This important work lays out the current debates both in K 12 and higher education to uncover the dangers and to offer solutions In 2010 HB 2281 a law that bans ethnic studies in Arizona was passed in the same year Texas whitewashed curriculum and textbook changes at the K 12 level Since then the nation has seen a rise in the legal and political war on Ethnic Studies revisionist actions in curriculum content and anti immigrant policies creating a new culture war in America White Washing American Education demonstrates the value and necessity of Ethnic Studies in the 21st century by sharing the voices of those in the trenches educators students community activists and cultural workers who are effectively using multidisciplinary approaches to education This two volume set of contributed essays provides readers with a historical context to the current struggles and attacks on Ethnic Studies by examining the various cultural and political wars that are making an impact on American educational systems and how students faculty and communities are impacted as a result It investigates specific cases of educational whitewashing and challenges to that whitewashing such as Tom Horne s attack along with the State Board of Education against the Mexican American studies in the Tucson School District the experiences of professors of color teaching Ethnic Studies in primarily white universities across the United States and the role that student activists play in the movements for Ethnic Studies in their high schools universities and communities Readers will come away with an understanding of the history of Ethnic Studies in the United States the challenges and barriers that Ethnic Studies scholars and practitioners currently face and the ways to advocate for the development of Ethnic Studies within formal and community based spaces

Making Citizenship Work Rodolfo Rosales,2022-08-24 Making Citizenship Work seeks to address questions of how a community reaches a place where it can actually make citizenship work A second question addressed is What does citizenship represent to different communities Across thirteen chapters a collection of experts traverse multiple disciplines in analyzing citizenship

from different points of access Each chapter revolves around the premise that empowerment of communities and individuals within the community comes in different forms and is governed by multiple needs and visions Authors utilize case studies to demonstrate the different roles that communities from a broad sector of our society adopt to accomplish constructing democratic processes that reflect their goals needs and cultures Concurrently authors address the structural obstacles to the empowerment of communities arguing that the democratic process does not and cannot accommodate the diverse communities of society within a single universalistic model of citizenship They conclude that fundamentally citizenship is not simply a legal right an obligation a state of rights but a practice an action on the behalf of community Making Citizenship Work challenges conventional thinking about politics while also encouraging readers to go beyond the box that deters us from visualizing a human society It is an ideal book for undergraduate and graduate courses in political science sociology history social work and Ethnic Studies
