North-South Knowledge Networks Towards Equitable Collaboration Between Tor Halvorsen, Jorun

Nossum, 2017-02-23 Since the 1990s internationalisation has become key for institutions wishing to secure funding for higher education and research For the academic community this strategic shift has had many consequences Priorities have changed and been influenced by new ways of thinking about universities and of measuring their impact in relation to each other and to their social goals Debates are ongoing and hotly contested In this collection a mix of renowned academics and newer voices reflect on some of the realities of international research partnerships They both question and highlight the agency of academics donors and research institutions in the geopolitics of knowledge and power The contributors offer fresh insights on institutional transformation the setting of research agendas and access to research funding while highlighting the dilemmas researchers face when their institutions are vulnerable to state and donor influence Offering a range of perspectives on why academics should collaborate and what for this book will be useful to anyone interested in how scholars are adapting to the realities of international networking and how research institutions are finding innovative ways to make North-South partnerships and collaborations increasingly fair sustainable and mutually beneficial *Holding It Together*

Jessica Calarco, 2024-06-04 Other countries have social safety nets The U S has women Holding It Together chronicles the causes and dire consequences America runs on women women who are tasked with holding society together at the seams and fixing it when things fall apart In this tour de force acclaimed Sociologist Jessica Calarco lays bare the devastating consequences of our status quo Holding It Together draws on five years of research in which Calarco surveyed over 4000 parents and conducted more than 400 hours of interviews with women who bear the brunt of our broken system A widowed single mother struggles to patch together meager public benefits while working three jobs an aunt is pushed into caring for her niece and nephew at age fifteen once their family is shattered by the opioid epidemic a daughter becomes the backstop caregiver for her mother her husband and her child because of the perceived flexibility of her job a well to do couple grapples with the moral dilemma of leaning on overworked underpaid childcare providers to achieve their egalitarian ideals Stories of grief and guilt abound Yet they are more than individual tragedies Tracing present day policies back to their roots Calarco reveals a systematic agreement to dismantle our country's social safety net and persuade citizens to accept precarity while women bear the brunt She leads us to see women's labor as the reason we've gone so long without the support systems that our peer nations take for granted and how women's work maintains the illusion that we don't need a net Weaving eye opening original research with revelatory sociological narrative Holding It Together is a bold call to demand the institutional change that each of us deserves and a warning about the perils of living without it Handbook on Social Protection and Social Development in the Global South Leila Patel, Sophie Plagerson, Isaac Chinyoka, 2023-09-06 This cutting edge Handbook argues for social protection to be situated in a wider system of social welfare and development programmes for low and

middle income countries Focusing on the role of citizens and communities in enhancing human development it explores how welfare systems are unfolding in diverse contexts across the global South

The Politics of Domestic Resource Mobilization for Social Development Katja Hujo, 2020-07-07 At a time when the development community is grappling with the challenge of raising the required investment estimated in the trillions of dollars for attainment of the Sustainable Development Goals SDGs countries mobilization of their own fiscal revenues is receiving increasing attention This edited volume discusses the political and institutional contexts that enable poor countries to mobilize domestic resources for global commitments and national development priorities It examines the processes and mechanisms that connect the politics of resource mobilization and demands for social provision changes in state citizen state business and donor recipient relations associated with resource mobilization and allocation and governance reforms that can lead to improved and sustainable public revenues and services The volume is unique in putting a spotlight on the political drivers of domestic resource mobilization in a rapidly changing global environment and in different country contexts in Latin America Asia and sub Saharan Africa It will appeal to a broad academic audience in the fields of economics development studies and social policy as well as practitioners activists and policy makers

Women, Welfare and Productivism in East Asia and Europe Ruby C. M. Chau, Sam W. K. Yu, 2022-07-29 Developing the new framework of life mix which considers the mixed patterns of caring and working in different periods of life this book systematically explores the interplay of productivism women care and work in East Asia and Europe The book ranges across four key aspects of welfare childcare parental leave employment support and pensions to illustrate how policies affect women in various periods of their lives Policy case studies from France Germany Hong Kong Hungary South Korea Sweden and the UK show how welfare could support people s caring and working lives This book forms a prescient examination of how productivist thinking underpins regimes and impacts women s welfare care and work in both the East and West

The Oxford Handbook of the South African Economy Arkebe Oqubay, Fiona Tregenna, Imraan Valodia, 2021-11-18 While sharing some characteristics with other middle income countries South Africa is a country with a unique economic history and distinctive economic features It is a regional economic powerhouse that plays a significant role not only in southern Africa and in the continent but also as a member of BRICS However there has been a lack of structural transformation and weak economic growth and South Africa faces the profound triple challenges of poverty inequality and unemployment Any meaningful debate about economic policies to address these challenges needs to be informed by a deep understanding of historical developments robust empirical evidence and rigorous analysis of South Africa s complex economic landscape This volume seeks to provide a wide ranging set of original detailed and state of the art analytical perspectives that contribute to scientific knowledge as well as to well informed and productive discourse on the South African economy While concentrating on the more recent economic issues facing South Africa the handbook also provides historical and political context It offers an in depth examination of strategic issues in the country s key economic

sectors and brings together diverse analytical perspectives The Global Rise of Social Cash Transfers Lutz Leisering, 2019
This volume analyses the phenomenon of social cash transfers in the global South providing a definitive and comprehensive overview of current practice **The Palgrave Handbook of Volunteering, Civic Participation, and Nonprofit Associations** David Horton Smith, Robert A. Stebbins, Jürgen Grotz, 2017-01-18
Written by over 200 leading experts from over seventy countries this handbook provides a comprehensive state of the art overview of the latest theory and research on volunteering civic participation and nonprofit membership associations The first handbook on the subject to be truly multinational and interdisciplinary in its authorship it represents a major milestone for the discipline Each chapter follows a rigorous theoretical structure examining definitions historical background key analytical issues usable knowledge and future trends and required research The nine parts of the handbook cover the historical and conceptual background of the discipline special types of volunteering the major activity areas of volunteering and associations influences on volunteering and association participation the internal structures of associations the internal processes of associations the external environments of associations the scope and impacts of volunteering and associations and conclusions and future prospects This handbook provides an essential reference work for third sector research and practice including a valuable glossary of terms defining over eighty key concepts Sponsored by the International Council of Voluntary Civil Society and Social Economy Researcher Associations ICSERA www.icsera.org it will appeal to scholars policymakers and practitioners and helps to define the emergent academic discipline of voluntaristics **Mapping Welfare Attitudes in East Asia** Trude Sundberg, 2024-05-23
Concentrating on Singapore and Beijing this volume is the first to consider citizen s welfare attitudes in East Asia It proposes improved methods for analysing cross national variations in welfare attitudes which are sensitive to cultural differences the impact of colonialism and gender *Law and Social Policy in the Global South* Ulrike Davy, Albert H.Y. Chen, 2022-12-13
The book is an in depth study of the origins and the trajectories of the law governing social policies in Brazil China India and South Africa four middle income countries in the global South with a history in social policy making that starts in the 1920s The policies of these countries affect almost half of the world s population The book takes the legal framework of the policies as a starting point but the main interest lies behind the letter of the law What were the objectives and goals of social policy over the course of the last 100 years What were the ideas ideologies and values pursued by relevant actors The book comprises four country studies and a comparative study The country studies concentrate on the political and social context of social policy making in Brazil China India and South Africa as well as on the ideas ideologies and values underpinning the constitution statutory laws and case law that frame and shape social policy at the national level The country studies are complemented by a comparative study exploring and describing the commonalities and differences in the ideational approaches to social policies across the four countries nationally and in the formative decades internationally The comparative study also identifies the characteristics that make Brazilian Chinese Indian and South African social policies

distinct from European social policies With its emphasis on law and drawing on legal scholarship the book adds a new dimension to the existing accounts on welfare state building which so far are dominated by European narratives and by scholars with a background in sociology political science and development studies This book is relevant to specialists and peers and will be invaluable to those individuals interested in the fields of comparative and international social security law human rights law comparative constitutional law constitutional history law and development studies comparative social policies global social policies social work and welfare state theory The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Researching Global Education Policy D. Brent Edwards Jr., Antoni Verger, Marcia McKenzie, Keita Takayama, 2024-07-30 The movement of policy is a core feature of contemporary education reform Many different concepts including policy transfer borrowing and lending travelling diffusion and mobility have been deployed to study how and why policy moves across jurisdictions scales of governance policy sectors or organisations However the underlying theoretical perspectives and the foundational assumptions of different approaches to policy movement remain insufficiently discussed To address this gap this book places front and center questions of theory ontology epistemology and method related to policy movement It explores a wide diversity of approaches to help understand the policy movement phenomena providing a useful guide on global studies in education as well as insights into the future of this dynamic area of work *The Routledge International Handbook of Social Development, Social Work, and the Sustainable Development Goals* David Androff, Janianton Damanik, 2023-12-22 The Routledge International Handbook of Social Development Social Work and the Sustainable Development Goals answers the question What is the contribution of social development and social work to the Sustainable Development Goals The success of these goals requires implementation and each of the 17 objectives for sustainable social progress have a social dimension The Sustainable Development Goals SDGs like the Millennium Development Goals MDGs before them were born of a larger social development movement which over the last 25 years has become increasingly mainstream in the fields of international development sustainability and social work These practitioners are essential to the implementation of the SDGs This handbook examines how the SDGs are being implemented in diverse contexts No previous work has surveyed social development and social work's contribution to the SDGs nor represented voices from the Global South on the SDGs This book broadens the current literature by focusing on key sites throughout the Global South and featuring underrepresented voices from Africa Asia and Latin America These regions are vitally important to assessing the SDGs as this is where innovative social development projects are occurring and where social workers are playing a leading role in achieving the SDGs The book is divided into eight parts Context of Social Development Social Work and the SDGs Perspectives on the SDGs Case Studies on Engagement with the SDG Agenda Case Studies on Ending Poverty Case Studies on Health and Well Being Case Studies on Gender Equality Case Studies on Climate and Sustainability Case Studies on

Governance Peace and Justice It comprises 35 newly written chapters by 74 authors It will be of interest to a broad interdisciplinary audience of scholars educators and students in the fields of social development social welfare social work social policy human rights international relations political science international affairs sustainability community development area studies and development studies

From Colonialism to International Aid Carina Schmitt,2020-06-29 This open access volume addresses the role of external actors in social protection in the Global South from the Second World War until today analysing the influence of colonial powers superpowers during the Cold War and contemporary donor agencies Following an introduction to the analysis of external actors in social policy making in the Global South the contributions explore which external actors were dominant in the decades after World War II and how they shaped early and contemporary social protection making in developing countries The latter half of the collection elucidates important players in the contemporary transnational social policy arena such as donor organizations and international organizations and critically evaluates the potential for and limits of the explanatory power of external actors in social protection making in the Global South considering the relative contribution of external and domestic influences By examining how transnational relationships and external actors have influenced the formation development and transformation of social policies in the developing world this collection will be an invaluable resource for scholars interested in social protection in the Global South from a range of disciplines These include political science social policy and sociology as well as historians of the welfare state international relations scholars and scholars working on global and transnational social policy and development policy

International Organizations in Global Social Governance Kerstin Martens,Dennis Niemann,Alexandra Kaasch,2021-04-06 International Organizations IOs are important actors within global social governance They provide forums for exchange contention and cooperation about social policies Our knowledge about the involvement of IOs varies significantly by policy fields and we know comparatively little about the specific roles of IOs in social policies This volume enhances and systematizes our understanding of IOs in global social governance It provides studies on a variety of social policy fields in which different but also the same IOs operate The chapters shed light on IO involvement in a particular social policy field by describing the population of participating IOs exploring how a particular global social policy field is constituted as a whole and which dominant IOs set the trends The contributors also examine the discourse within and between these IOs on the respective social policies As such this first of its kind book contributes to research on social policy and international relations both in terms of theoretical substantiation and empirical scope

The Rule of Law in Brazil Juliano Zaiden Benvindo,2022-07-28 This book provides a broad perspective of the functioning evolution and dynamics of the rule of law in Brazil It stresses not only how the rule of law has developed in the legal system but also how the political institutions and extra legal organisations have transformed its foundations The rule of law is not a simple concept when it comes to defining the political economic and legal developments of a country like Brazil Similar to many other Latin American countries Brazil is a young democracy

struggling with its longstanding extractive institutions and entrenched interests It features however one of Latin America's richest constitutional moments when civil society actively participated in drafting the most democratic constitution in the country's history Brazil has since strengthened its institutions and the rule of law but the road toward consolidating them has been challenged by inequality and the legacies of that authoritarian past The book explores how Brazilian democracy has dealt with the high levels of social inequality and the authoritarian mindset that still play a big role in its fate and asks whether the country's democratic achievements and institutional framework are sufficiently strong to enforce the rule of law as an imperative for Brazil's development especially in times when the country is most in need of them

Social Contracts and Informal Workers in the Global South Alferys, Laura, Chen, Martha, Plagerson, Sophie, 2022-06-10 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on Elgaronline Illustrating how current social contracts may be considered inadequate irrelevant or unjust **Social Contracts and Informal Workers in the Global South** draws on the accounts of informal workers to advocate for radically new conceptualizations of state society capital labour and state capital labour relations characterised by recognition responsiveness and reciprocity

Social Protection in Southern Africa Leila Patel, 2017-07-05 A new generation of innovative social protection strategies is emerging in southern Africa Although cash transfers are most prevalent some country strategies include combinations of interventions such as food livelihood inputs and support asset building public works and social services The strategies vary in their commitment to social rights their institutional and funding arrangements the reach scope and design of the programmes and the behavioural conditions attached to grant access The proliferation of national social protection in the Global South has been widely supported by governments international agencies and non governmental organisations NGOs This book offers researchers and policymakers much to think about when considering the rapid growth of social protection in southern Africa the challenges this presents and the opportunities it offers for social development and economic growth Hence the book is a contribution to scholarship and policy debate on how to solve intractable social development problems in Africa and elsewhere This book was originally published as a special issue of *Development Southern Africa*

Poverty, Solidarity, and Poor-Led Social Movements Monique Deveaux, 2021-08-17 This book rejects familiar ethical framings of problems of poverty and inequality arguing that they have produced apolitical solutions that ignore the demands of poor organizations and movements Deveaux argues that normative thinking about poverty should engage with the insights and goals of pro poor activists in order to develop action guiding norms that better align with their justice claims Defending the idea of a political responsibility for solidarity she shows how nonpoor outsiders individuals institutions and states can help to advance a radical anti poverty agenda by supporting the efforts of these movements

Varieties of Precarity Sophia Seung-yoon Lee, 2023-10-27 ePDFs of chapters 1 2 and 7 are available Open Access under CC BY NC ND license Despite recent achievements in the South Korean economy and development within welfare institutions new forms of precarious work

continue to prevail This book introduces the concept of melting labour which refers to the blurring of boundaries between traditional forms of work and workplace and the dissolution of standard employment relationships Presenting a theoretical framework at the intersection of melting labour and institutional protection of workers it addresses how and why the Korean welfare state has failed to protect precarious workers Based on rich in depth interviews with over 80 precarious workers in Korea from subcontracted manufacturing workers to platform workers it provides a real depiction of how workers lose control over their lives and experience precariousness in labour markets

Social Protection in Latin America Armando Barrientos, 2024-04-18 This book offers a comprehensive analysis of social protection in Latin America its origins institutions and outcomes The chapters are organised in three groups The earlier chapters discuss in turn appropriate methods an analytical framework and core institutions The book advocates a causal inference approach to the study of the institutions that have dominated social protection in the region occupational insurance individual retirement savings and social assistance The middle chapters study social protection s main stratification effects focussing on stratification effects on employment protection and worker incorporation The later chapters then assess social protection outcomes and identify country groupings including their evolution over time The book and its approach and findings contributes to the advancement of a theory of social protection amongst late industrialisers This is an open access book
