Gridiron Domination:

The Michigan Alumnus, 1942 In v 1 8 the final number consists of the Commencement annual **The Norwich Free Academy v. New London Football Rivalry** Brian Girasoli, 2012-07-17 Since 1875 southeastern Connecticut has played host to the oldest high school football rivalry in the nation the Norwich Free Academy Wildcats versus the New London Whalers This complex and competitive rivalry has inspired mayhem and merriment from biased officials cheating faculty and vandalism among students to disco dancing coaches and marching band rallies Learn how a fight during the 1951 meeting stopped the game for two years how the Bulkeley Tigers who became New London High School in 1951 finished their regular season in 1941 without a loss or tie and how the 1997 game ended a fourteen game losing streak for the Norwich Free Academy Join sportswriter Brian Girasoli as he recounts a spirit that transcends the ages and chronicles the evolution of this 135 year old rivalry *Gridiron Gourmet* Maria J. Veri, Rita Liberti, 2019-09-02 On football weekends in the United States thousands of fans gather in the parking lots outside of stadiums where they park their trucks let down the gates and begin a pregame ritual of drinking and grilling Tailgating which began in the early 1900s as a quaint picnic lunch outside of the stadium has evolved into a massive public social event with complex menus extravagant creative fare and state of art grilling equipment Unlike traditional notions of the home kitchen the blacktop is a highly masculine culinary environment in which men and the food they cook are often the star attractions *Gridiron Gourmet* examines tailgating as shown in television film advertising and cookbooks and takes a close look at the experiences of those tailgaters who are as serious about their brisket as they are about cheering on their favorite team demonstrating how and why the gendered performances on the football field are often matched by the intensity of the masculine displays in front of grills smokers and deep fryers **Gridiron Underground** James R. Wallen, 2019-01-26 *Gridiron Underground* traces the Canadian lifeline that brought talented African American football players who were overlooked ignored or prevented from playing football in their home country from the 1940s right through to the present day The Imperial Gridiron Matthew Bentley, John D. Bloom, 2022-12 2023 NASSH Anthologies Book Award Finalist *The Imperial Gridiron* examines the competing versions of manhood at the Carlisle Indian Industrial School between 1879 and 1918 Students often arrived at Carlisle already engrained with Indigenous ideals of masculinity On many occasions these ideals would come into conflict with the models of manhood created by the school s original superintendent Richard Henry Pratt Pratt believed that Native Americans required the embrace of civilization and he emphasized the qualities of self control Christian ethics and retaliatory masculinity He encouraged sportsmanship and fair play over victory Pratt s successors however adopted a different approach and victory was enshrined as the main objective of Carlisle sports As major stars like Jim Thorpe and Lewis Tewanima came to the fore this change in approach created a conflict over manhood within the school should the competitive athletic model be promoted or should Carlisle focus on the more self controlled Christian ideal as promoted by the school s Young Men s Christian Association The answer came from

the 1914 congressional investigation of Carlisle After this grueling investigation Carlisle's model of manhood starkly reverted to the form of the Pratt years and by the time the school closed in 1918 the school's standards of masculinity had come full circle

Growing Up on the Gridiron Vicki Mayk, 2020-09-01 Explores the experience of one young man and the concerns about CTE he helped to illuminate and the cultural allure of football in America that keeps boys trying to make the team despite the dangers Award winning journalist Vicki Mayk raises a critical question for football players and their communities does loving a sport justify risking your life This is the insightful and deeply human story of Owen Thomas a star football player at Penn who took his own life when he was 21 the result of the pain and anguish caused by chronic traumatic encephalopathy CTE It was Owen's landmark case which demonstrated that a player didn't need years of head bashing in the NFL or even multiple sustained brain concussions to cause the mind altering life threatening degenerative disease known as CTE And Owen's case could not have come to light without Dr Ann McKee the neuropathologist who bucked conventional wisdom and the football establishment as she examined Owen's brain and its larger significance building an ever stronger case that said at the very least football should not be played by children under the age of 14 With its focus on a single life and the community touched by it Owen's family his teammates and friends his teachers and coaches and later Dr McKee **Growing Up on the Gridiron** explores the place of football in our lives It doesn't make a heavy handed argument to abandon the sport Rather it explores why football matters so deeply to many young men and why they continue to take risks despite the evidence of serious long term harm

The Ball is Round David Goldblatt, 2008-01-02 The definitive book about soccer from the author of *The Games A Global History of the Olympics* There may be no cultural practice more global than soccer Rites of birth and marriage are infinitely diverse but the rules of soccer are universal No world religion can match its geographical scope The single greatest simultaneous human collective experience is the World Cup final In this extraordinary tour de force David Goldblatt tells the full story of soccer's rise from chaotic folk ritual to the world's most popular sport now poised to fully establish itself in the USA Already celebrated internationally *The Ball Is Round* illuminates soccer's role in the political and social histories of modern societies but never loses sight of the beauty joy and excitement of the game itself

Gridiron Capital Lisa Uperesa, 2022-07-18 Since the 1970s a Polynesian Pipeline has brought football players from American Samoa to Hawaii and the mainland United States to play at the collegiate and professional levels In *Gridiron Capital* Lisa Uperesa charts the cultural and social dynamics that have made football so central to Samoan communities For Samoan athletes football is not just an opportunity for upward mobility it is a way to contribute to support and represent their family village and nation Drawing on ethnographic fieldwork archival research and media analysis Uperesa shows how the Samoan ascendancy in football is underpinned by the legacies of US empire and a set of imperial formations that mark Indigenous Pacific peoples as racialized subjects of US economic aid and development Samoan players succeed by becoming entrepreneurs building and commodifying their bodies and brands to enhance their football stock and market value Uperesa
