Off with Their Heads! Maria Tatar, 2020-06-30 When Hansel and Gretel try to eat the witch s gingerbread house in the woods are they indulging their uncontrolled cravings and destructive desires or are they simply responding normally to the hunger pangs they feel after being abandoned by their parents Challenging Bruno Bettelheim and other critics who read fairy tales as enactments of children s untamed urges Maria Tatar argues that it is time to stop casting

the children as villains In this provocative book she explores how adults mistreat children focusing on adults not only as hostile characters in fairy tales themselves but also as real people who use frightening stories to discipline young listeners

Inquiry and Reflection Diane DuBose Brunner, 1994-01-01 Inquiry and Reflection shows how stories of schooling can elucidate difficult and unexamined problems facing teachers While professional texts tend to raise issues of power and its distribution and questions of culture and ideology often the manner of presentation is abstract and pre service teachers have difficulty making connections Yet literary film and video materials illuminate problems and suggest ideas to which teachers can actively respond This book offers teacher educators a variety of resources for articulating a critical pedagogy and suggests an alternative to the technical job training approach to teacher education by providing a unique educational curricula that illuminates issues of power ideology and culture Grimm's Fairy Tales Jacob Grimm, Wilhelm Grimm, 1903
