Hummel, 2004 In 1798 Valentine Cunningham dammed Wolf Creek in a wild Pennsylvania landscape for the purpose of starting a mill By 1876 when Isaac Ketler came to start the nationally recognized Grove City College it was a thriving village known as Pine Grove Flowing outward from Cunningham s mill the area now known as Grove City doubled in size and it doubled again during the early twentieth century Marketing slogans such as Where Industry and Education Unite and No saloons described the expanding town Prohibitionist sentiments peaked when local tycoon Edwin Fithian ran for U S senator on the Prohibition ticket in the 1920s All the while in the background Wolf Creek provided the city with inspiration energy and recreation and was even once set ablaze Grove City looks back at the rich history of this growing Pennsylvania community The Epworth Herald ,1922 **Mekeel's Weekly Stamp News** I. thriving company and leaving thousands of examples of utilitarian ceramic ware that have survived down to the present. Drawing on Suter's diary rich with meticulous descriptions of his ceramic wares along with glazing recipes and the quotidian details of nineteenth century business as well as myriad other primary and secondary sources Suter's great great grandson Scott Hamilton Suter tells the story of how a farmer with a seasonal sideline developed into a technologically advanced entrepreneur who operated a modern industrial company. As a farmer Emanuel Suter innovated by adopting new time saving equipment this progressive thinking bled over into his religious life as he endeavored to change the traditional way of choosing ministers by lot and advocated for the formation of Sunday schools in the Mennonite Church. But Suter largely made his mark as a potter and *A Potter's Progress* is enhanced by nearly two dozen color images and a close study of the techniques including kilns and jigger wheels products shop organization marketing and labor of Suter's shops revealing the revolutionary role they played in the world of Rockingham County Virginia pottery manufacture. This tightly focused case study of the trials and triumphs of one craftsman as he moved from a cottage industry to a full scale industrial enterprise prefiguring the market economy that would characterize the twentieth century serves as a microcosm for examining the American spirit of progress in late nineteenth century America. **Los Angeles Saturday Night** ,1929 Normal
