surprising degree of optimism even among some formerly sober skeptics that we may indeed be on the cusp of something big And that elicits its own new set of concerns How will our society cope with a projected new cohort of a million healthy centenarian Americans How will they liberate themselves from the age segregation that shunts them off to God s Waiting Rooms in the sunbelt Where will they find joy and meaning to match the inevitable loss that comes with longevity Eternity Soup is an illuminating wry and provocative consideration of a long dreamed about world that may now be becoming a reality
