Grunch Of Giants:

Grunch* of Giants R. Buckminster Fuller, 1983-04-15 With the appearance of *Grunch of Giants* R Buckminster Fuller consummates his literary canon his panoramic lifetime survey of all aspects of the responsibility of human beings for their own destiny This book is a modern allegory his long gestated myth of the villainy of capitalism and the fecklessness of classic economics For Fuller the academic discipline of economics is irrelevant since it derives from an invalid assumption of scarcity In fact he has long argued that future historians of our era may subsume our business practices as a branch of mythology thus it is not surprising that the word economic appears nowhere in his text Fuller s myth is no idle fairy tale since he faces his question the question of a technological imperative which only he could raise with the deadly seriousness of satire That question is Can our system of national political sovereignties and corporate profits survive the inevitable technology revolution required to obviate wars by effecting a worldwide rise in the standard of living One of the functions of myth is to resolve contradictions in our culture *Grunch of Giants* portrays the rising of multinational corporations in the paradoxical role of function both as the epitome of capitalistic selfishness and as the inadvertent vehicle for the dissolution of national political boundaries the last deterrent to a one world economy The result is more subversive of the property and profit values of the capitalist system than anything dreamed of since Karl Marx E J Applewhite collaborator with RBF on *Synergetics* and *Synergetics 2* author of *Cosmic Fishing A Memoir of Working With R Buckminster Fuller* *Grunch of Giants* Richard Buckminster Fuller, 1983 Here Buckminster Fuller takes on the gigantic corporate megaliths that exert increasing control over every aspect of daily life In the form of a modern allegory he traces the evolution of these multinational giants from the post World War II military industrial complex to the current army of abstract legal entities known as the corporate world *Buckminster Fuller* Thomas T.
