Women and the War Story Miriam Cooke, 2023-09-01 In a book that radically and fundamentally revises the way we think about war Miriam Cooke charts the emerging tradition of women's contributions to what she calls the War Story a genre formerly reserved for men Concentrating on the contemporary literature of the Arab world Cooke looks at how alternatives to the master narrative challenge the authority of experience and the permission to write She shows how women who write themselves and their experiences into the War Story undo the masculine contract with violence sexuality and glory There is no single War Story Cooke concludes the standard narrative and with it the way we think about and conduct war can be changed As the traditional time space organization and representation of war have shifted so have ways of describing it As drug wars civil wars gang wars and ideological wars have moved into neighborhoods and homes the line between combat zones and safe zones has blurred Cooke shows how women's stories contest the acceptance of a dyadically structured world and break down the easy oppositions home vs front civilian vs combatant war vs peace victory vs defeat that have framed and ultimately promoted war In a book that radically and fundamentally revises the way we think about war Miriam Cooke charts the emerging tradition of women's contributions to what she calls the War Story a genre formerly reserved for men Concentrating on the contemporary literature

Epidemic Politics in Contemporary Vietnam Martha Lincoln, 2021-11-04 Through a tumultuous 20th century period of revolution and foreign wars Vietnam's public health system was praised by international observers as a bright light in an epidemiologically dark world standing out for its accomplishments in infectious disease control Since the country's transition to a market economy with socialist orientation in the mid 1980s however some of these achievements have been reversed as the renovation of national systems for welfare and health leaves gaps in the social safety net A series of cholera outbreaks that spread through Northern Vietnam in 2007-2010 revealed the paradoxes contradictions and challenges that Vietnam faces in its post transition period This book presents an anthropological analysis of the political economic and infrastructural inputs to these epidemics and suggests how the most commonly repeated accounts of disease spread misdirected public attention and suppressed awareness of risk factors in Vietnam's capital Drawing a parallel to the experience of novel coronavirus in Asia and beyond this book reflects on how political priorities economic forces and cultural struggles influence the experience and the epidemiology of infectious disease

15, place Vendôme : Au Ritz pendant l'Occupation Tilar Mazzeo, 2015-03-31

Tilar Mazzeo nous invite un singulier soir dans le plus parisien des palaces, une fresque comme on en a rarement lue sur le Paris de l'Occupation. Sous l'Occupation, la vie au Ritz ne fut pas que luxe calme et volupté. Entre 1940 et 1944, nul autre lieu ne concentra autant d'intrigues et de destins hors du commun. L'hôtel de la place Vendôme fut la fois L'epicentre des mondaines parisiennes, on pouvait y croiser Arletty, Coco Chanel, Sacha Guitry ou le duc et la duchesse de Windsor. Le lieu de villégiature des hauts dignitaires nazis, Hermann Goering y avait ses habitudes et appréciait de se faire livrer le fruit du pillage des musées parisiens dans sa suite. Une plaque tournante de la résistance, l'occupant et Hitler, des Juifs furent cachés dans les chambres de bonne, tandis que le bar de l'hôtel servait de lieu de rendez-vous aux conspirateurs de l'opération Walkyrie. Un nid d'espions, la course à la bombe atomique entre les savants américains du projet Manhattan et leurs adversaires nazis se joua en partie dans ses salons. Depuis l'ouverture du palace sous les auspices de Proust jusqu'aux fêtes mémorables organisées par Hemingway après la Libération, Tilar Mazzeo raconte par le menu l'histoire d'un lieu mythique et nous plonge au cœur de l'Occupation.
