

NCERT Solutions for Class 11 English Hornbill Chapter 3 Discovering Tut: The Saga Continues

Question 1.

Give reasons for the following :

- (i) King Tut's body has been subjected to repeated scrutiny.
- (ii) Howard Carter's investigation was resented.
- (iii) Carter had to chisel away the solidified resins to raise the king's remain.
- (iv) Tut's body was buried along with gilded treasures.
- (v) The boy king changed his name from Tutankhaten to Tutankhamun.

Answer:

(i) King Tut of Egypt was merely a teenager when he died. He belonged to a very powerful family that had ruled Egypt and its empire for centuries. He was the last heir of his family. King Tut's body has been subjected to repeated scrutiny to know more about his life and the manner in which he died. Howard Carter, a British archaeologist discovered Tut's tomb in 1922.

Since then the modern world has speculated about what happened to him. Even the possibility of his murder is not ruled out. The repeated scrutiny will offer new clues about his life and death. That is why his dead body was brought under CT scanner to probe medical mysteries about him.

(ii) Howard Carter, the British archaeologist had discovered Tut's tomb in 1922. Carter's investigation was resented because the mummy was in very bad condition due to what he did to it while investigating. This is what Zahi Hawass, Secretary-General of Egypt's Supreme Council of Antiquities, felt. To separate Tut from his adornments, Carter's men removed the mummy's head and severed nearly every major joint.

(iii) Howard Carter had discovered Tut's tomb in 1922 after years of futile searching. When he finally reached the mummy, he ran into trouble. The ritual resins had hardened, cementing Tut to the bottom of his solid gold coffin. As Carter wrote later, no amount of legitimate force could move the resins. He set the mummy outside in blazing sunshine that heated it to 149 degrees Fahrenheit. But it had no effect at all. That is why the consolidated material or the solidified resins had to be chiselled away to raise the king's remains.

(iv) Tut's body was buried along with gilded treasures : precious collars, inlaid necklaces and bracelets, rings, amulets, a ceremonial apron, sandals, sheaths for his fingers and toes, inner coffin and mask—all of pure gold. In Tut's time the royals were fabulously wealthy. They thought or hoped that they could take their riches with them. That is why Tut's body was buried along with gilded treasures.

Guide To Hornbill Class 11
