**The Oxford Handbook of Evidence-based Management** Denise M. Rousseau Ph.D., 2012-04-27 From medicine to education evidence

based approaches aim to evaluate and apply scientific evidence to a problem in order to arrive at the best possible solution. Thus using scientific knowledge to inform the judgment of managers and the process of decision making in organizations. Evidence based Management (EBMgt) is the science informed practice of management. Written by leading experts in the study and practice of EBMgt, The Oxford Handbook of Evidence based Management provides an overview of key EBMgt ideas and puts them in context of promoting evidence based practice. Furthermore, it addresses the roles and contributions of practitioners, educators, and scholars, the primary constituents of EBMgt, while providing perspectives and resources for each. Divided into three sections: research, practice, and education, this handbook examines the realities of everyday management practice and the role EBMgt can play in improving managerial decision making and employee well being, and instructs educators in their roles as designers of curricula and resources. As the first major volume to capture the spirit of this emerging movement, The Oxford Handbook of Evidence based Management shows how practitioners can use high quality knowledge gleaned from scientific research in order to make better use of available data and ultimately make more mindful decisions.

Project Management Jack R. Meredith, Samuel J. Mantel, Jr., 2011-08-23 As the use of project management to accomplish organisational goals continues to grow, skills related to understanding human behavior, evaluating organisational issues, and using quantitative methods are all necessary for successful project management. Meredith and Mantel have drawn from experiences in the workplace to develop a text that teaches the student how to build skills necessary for selecting, initiating, operating, and controlling all types of projects.

**A Contemporary Look at Business Ethics** Ronald R. Sims, 2017-07-01 A Contemporary Look at Business Ethics provides a present day look at business ethics to include the challenges, opportunities, and increased need for ethical leadership in today's and tomorrow's organizations. The book discusses current and future business ethics challenges, issues, and opportunities, which provides the context leaders and their organizations must navigate. The book includes an in depth look at lessons learned about the causes of unethical behavior by examining a number of real world examples of ethical scandals from around the world that have taken place over the past few decades. The analysis of the various ethical scandals focuses on concepts like ethical versus unethical leadership, received wisdom, the bottom line mentality, groupthink, and moral muteness, all of which contribute to the kind of organizational culture and ethical behavior one finds in an organization. The book discusses ethical decision making in general and the increased role of religion and spirituality in confronting unethical behavior in contemporary organizations. The book also takes an in depth look at the impact ethical scandals have on employees and more specifically the psychological contract and person organization ethical fit, with the goal of identifying, along with other things, what leaders can do to restore relationships with employees and rebuild the organization's reputation in the eyes of various stakeholders.

Corporate Social Responsibility for Sustainable Tourism Xavier Font, Jennifer Lynes, 2020-05-21 This comprehensive volume considers the corporate social responsibility (CSR) of tourism and hospitality firms towards stakeholders, exploring CSR in terms of broad stakeholder

accountability by considering both the scope of reporting and the quality of stakeholder engagement The authors analyse how CSR contributes to shareholder accountability i e as financial performance by developing a multiple attribute decision making model to deploy CSR resources analysing how CSR contributes to the management of systematic risk as part of an internationalisation strategy and showing how philanthropy is used as a legitimisation tool The authors then review how managers negotiate CSR priorities within their organisational strategy by accounting for the utility gained by family firms from ecological and social outcomes in comparison with profit outcomes analysing the trade offs of co constructing a sustainability innovation and weighting factors in water planning They also review how employees are central to the delivery of CSR actions by exploring how green organisational culture affects organisational citizenship behaviour how organisational green practices impact an organisation s image and its customers environmental consciousness and behavioural intentions and how organisational CSR affects employee pro environmental citizenship and tourists pro environmental citizenship The book concludes by reviewing the role of consumers in CSR with ten strategies to close the consumers attitude behaviour gap and an account of how customers trust is a mediator between CSR image and loyalty This book was originally published as a special issue of the Journal of Sustainable Tourism
