**How to Face My Fear of Dogs** Stefani M. Cohen, 2024-08-26 Many children are afraid of dogs The fear can range from mild to debilitating The fear

of dogs is also known as cynophobia and is often misunderstood. It does not usually get better without some intervention. When a child has a strong fear of dogs, it is important to address this fear as soon as possible. If your child is afraid of dogs, you know firsthand how much this fear can interfere with social and emotional development and everyday activities. They avoid sleepovers and play dates where a dog is in residence. They often refuse to go to a park in case they might encounter a dog. Some children will even endanger themselves by running into the street to avoid a dog. Facing the fear of dogs is ultimately easier than living with the fear. There is much to gain when children are able to overcome their fears. They develop self-confidence, self-esteem, and feel empowered. Children who face their fears learn coping skills and self-control, two of the biggest predictors of success later in life. In addition, they learn to speak up and ask for help. Based on decades of experience as a licensed psychotherapist, parenting coach, and mother of a child who was afraid of dogs, I developed an expertise in helping people of all ages overcome their fear of dogs. *How to Face My Fear of Dogs* provides a kid-friendly vehicle for kids to explore their fear of dogs and to find ways to feel safer with them. This book can be used on its own but is designed to be a companion to my previous book *Overcoming Your Child's Fear of Dogs: A Step by Step Guide for Parents*. The book includes colorful and easy-to-understand informational graphics as well as many interactive opportunities for kids to personalize their bravery journey. Used together, these books replicate what I might do if I was working with you and your child directly. This guide can be used by children of all ages. Parental support is recommended up to Grade 3. The activities and information in the book will help your child recognize and understand more about how they became afraid of dogs. Identify and understand the emotional and physical feelings that accompany their fear of dogs. Use coping mechanisms for their anxiety such as mindfulness and breathing exercises. Learn different ways to face the fear of dogs and feel brave and empowered. Learn about dogs and some important ways to stay safe with them. My ultimate goal is to enable children to feel comfortable around dogs so their lives aren't disrupted by their fear. This activity guide provides an easy and fun way to begin the journey of feeling safe with dogs.

**Golden Retrievers - Dog Books for Kids** K. Bennett, John Davidson, 2015-09-06 Golden Retrievers Dog Books for Kids Table of Contents Introduction Chapter 1 Early History Chapter 2 Fascinating Features Care Chapter 3 Amazing Golden Retriever facts Conclusion A Family's best friend Author Bio Introduction A dog is man's best friend and vice versa. Anonymous Golden Retrievers are considered the perfect family pet. They are charming, warm, tolerant, versatile, intelligent, and very friendly. As a large size dog breed, they were originally bred as gun dogs and used during hunting to help retrieve game like ducks and waterfowl. As the name indicates, retrievers were used to retrieve things, but their athletic skills go beyond hunting. For one thing, Retrievers love the water. It is almost instinctive to them, and they will not hesitate to get wet. They thrive on activities that give them something to do. It can be a nice game of fetch, some fun at the beach, running around the yard, or racing across an open field. Although bred as a part of working dog, Golden retrievers are one of the top ten most popular dog breeds today. They are also well known for their participation in conformation shows. Their versatile

nature extends beyond dog shows and into the home For example Golden Retrievers are used as guide dogs for the blind and hearing dogs for those who are impaired Their skills include search and rescue and detection dogs They love to play but this does not mean they are not trainable Retrievers love to learn new things so training your dog to accept new commands is a breeze When it comes to relationships the Retriever s gentle and patient demeanor makes them an excellent companion for children and their affectionate nature will endear them to the entire family Although exercise is required for this breed it can enjoy calm indoor activities as well And its tranquil nature makes it a delight no matter where you may be For these reasons and many more Golden Retrievers are highly recommended as a loyal and faithful companion Their steadfast obedient and loyal nature is not only deserving of the title man s best friend but also Best family friend
